Employees of the Manchester Biscuit company plant at Sioux Falls, S. D., were remembered in a way that will make the 1916 Christmas holidays a very pleasant recollection when they were assembled by President L. M. Manchester, who distributed a total of \$4,222 among 70 people employed in the big plant. No employee received less than \$5. Among those 150 people, Chester was represented by one good old friend, J. S. Darby and his part of this donation was \$25.00.

YARBOROUGH-HARDIN

The home of Rev. J. H. Yarbrough of Armenia community on Wednesday, Jan. 3, was the scene of a festive occasion, when the family connections and close friends of the contracting parties assembled at four o'clock to witness the ceremony which made Miss Hattie Yarbrough the bride of Mr. S. H. Hardin, Jr.

At the appointed hour the parlor doors were opened, revealing a scene of beauty and artistic taste. Beautiful and luxuriant lace ferns formed a solid green background, before which was fashioned a dainty arch of white tulle from which hung showers of tiny eel wedding bells. From the ceiling to the center of the arch was suspended a large white butterfly-bow of tulle, over a circling shower of the tinkling wedding bells.

The bridal party entered as follows: The groom, Mr. S. H. Hardin, Jr., and his best man, Mr. J. Weldon Anderson, and the bride handsomely attired in a gown of blue carrying a large bouquet of white carnations and lace ferns entered on the arm of her sister, Miss Katie Yarbrough, who wore a dress of dark chamoisee and carried pink carnations. Then came the little ring bearer, Master William Glenn Yarbrough, who bore his precious treasure in the heart of a white carnation which nestled in a butterfly-bow of white tulle.

Rev. Waddy T. Duncan in a very impressive manner pronounced the words which made them man and wife.

Mrs. Hardin is a grand-daughter of the late Mr. Jesse H. Hardin, is a graduate of Limestone College, and for the past two years has taught school in the community, while Mr. Hardin is a grandson of the late W. Holmes Hardin and is a prominent planter of Lowryville. Both have many friends, not only in the community and county but throughout the state.

Immediately after the ceremony Mr. and Mrs. Hardin left for Chester, where they departed for a short honeymoon to parts unknown. The bride wore a handsome suit of wedding accessories to match.

Before the ceremony the immediate family connections were entertained at dinner at the home of the bride. The visiting guests were, Mr. and Mrs. J. A. Barrett, Mr. and Mrs. Bass, and Mr. A. N. Adams, all of Rock Hill, Mr. S. H. Yarbrough and Miss Bessie Yarbrough of Jenkinsville.

Mr. L. B. Slatery, the engineer who was engaged to make a survey of the roads of Chester county with a view of getting the details to place before the people as to a proposed betterment, arrived in the city yesterday and will within the next few days complete the survey and submit his report to the committee which was appointed, at a mass meeting held in the City Hall some time ago.

At a meeting of business men held in the court house Tuesday night acting in concert with the automobile association, steps were taken to protect Lancaster's interests in preventing the national highway extending from Charlotte to Columbia via Lancaster, Heath Springs, Kershaw and Camden, from being changed to a main highway through Hill and Chester. Mr. J. T. Thompson was nominated chairman of the meeting. Hon. Harry Hines, attended the meeting in the capacity of representative to the legislature and offered a motion, which was adopted, to appoint a committee of three to communicate with the proper authorities in regard to the proposed highway.

ELEVEN CHILDREN KILLED IN STORM

Teers Up Half-Done Buildings and Hurts Little One's Down Hillside.

Muskogee, Okla., Jan. 4.—Eleven school children were killed, four probably fatally hurt and eight seriously injured when a tornado wrecked the Union rural school house, known as the Lee-Baldwin school, near Blocker, Okla., today.

The school building, a Baptist Indian mission a quarter of a mile away and four farm houses are in ruins and a half dozen other farm houses were lifted from their foundations by the storm, which swept a narrow path for a distance of six miles.

Vera Carter, the school teacher, was seriously injured. The storm struck first at Richville, seven miles southwest of Viraton, wrecking a boiler room and tipple at one of the mines, then lifted and did no more damage until within a quarter of a mile of the school building.

Tearing the home of E. L. Warren from its foundation and wrecking the Choctaw Indian mission across the road, the storm that swept up the valley for nearly a mile then suddenly changed its course, ripping the school building from its foundation and hurling the children down the hillside and across the ravine, some of them being picked up as far as a hundred yards from the site of the building. Teachers were scattered for a distance of 200 yards.

Only two children of the 28 in the building escaped entirely unharmed. Stories of many miraculous escapes were being told in the district tonight. Will Jewel, his wife and five children were in their home when the storm struck. Mrs. Jewel threw the children out the back door. As the wind twisted the building from its foundation one wall was thrown across the bed, pinning the family down, but all escaped injury.

Will Patterson died in the hospital in Chester yesterday morning as a result of a pistol wound received the night before at the hands of Clyde Massey, another negro. The affray came as a wind-up of the big emancipation day celebration staged by the negroes at about nine o'clock in the street between E. J. L. Rodman's and Dr. L. E. Gunn's residence. Four shots were fired, only one taking effect. The bullet entered the left side, penetrated the abdomen and liver, and bulged out the skin on the right side. Patterson was taken to Dr. Pryor at about 11 o'clock, but died shortly after arriving there. Massey joined the bird society and no trace of him could be found in a few minutes after the shooting. The bullet entered the boys' foot for about 100 yards, who were with them—Waxhaw Enterprise.

The 21st annual banquet of the Hathone lodge, No. 79, Knights of Pythias, was held Tuesday night in the rooms of the Commercial and Presbyterian churches, Malcolm L. Marion acted as toastmaster. Grand Chancellor A. M. Lumpkin of Columbia responded to the toast "Pythians." "Our City" was responded to by Robert L. Douglas of the Chester bar. Grand Prelate Louis J. Bristow of Columbia made the happy response to the toast "Charity and Benevolence." The Rev. C. C. Herbert of Bethel Methodist Episcopal church responded to the toast "Home." "Woman" was paid in tribute in the response of the Rev. Waddy T. Duncan of the Capers Methodist Episcopal church. The rooms were decorated in the Pythian colors.

FACE SERIOUSLY CHARGED.

Negroes Believed to Have Fired on Orangeburg House.

Orangeburg, Jan. 3.—Municipal Haynes, William Harvey, Arthur Haynes and Bub Pondaris, negroes, are in Orangeburg jail, charged with firing into the dwelling of Philip T. McCants at about 11 o'clock last night. It is reported that there was knocking at the front steps of Mr. McCants home, which did not cause him to get up. The knocking was renewed at the back steps and a bottle was thrown into the window of the room in which he sleeps. With that Mr. McCants went to the window with his pistol and fired. His fire was returned by a gun shot, luckily none of the shots striking Mr. McCants.

Bloodhounds were brought from Columbia at once and in a short time the assailants were traced to a house and the four negroes above named were located. Mr. McCants has other reasons to believe that they are the guilty parties.

HOW TO CHECK THAT COLD.

When it is painful to breathe and fever sends chills up and down your back, you are in for a cold. A timely dose of Dr. Bell's Pine Tar Honey will stop the sneezes and sniffles. The pine balsam loosens the phlegm and clears the bronchial tubes, the honey soothes and relieves the sore throat. The antiseptic qualities kill the germ and the congested condition is relieved. Croup, whooping cough and chronic bronchial affections quickly relieved. At All Drugists, 25c.

The many friends of Mr. F. M. Hickin, who is at the Chester Sanatorium, will regret to learn that his condition is very serious.

The friends and acquaintances of Mr. W. S. Nely of Richburg, who is a patient at the Pryor Hospital, will be pleased to know that he is getting along nicely.

By mutual agreement, Mr. D. G. Anderson will go into the office of Sheriff tomorrow. Mr. J. G. Howze will continue as deputy.

DARLINGTON PLANS FOR PAVING BONDS.

Expected Soon to Vote on Issue of \$50,000 for Improvements to Streets.

Darlington, Jan. 2.—Work has been completed on all the steps preliminary to calling an election on the question of issuing bonds for the amount of \$50,000 for paving Darlington streets. It is proposed to pave the business portion of the town as a beginning and it is expected that the work will be carried forward step by step until all of the leading streets of the town have been paved. The work of securing a petition from 50 per cent of the freeholders of the town calling for an election on the question of issuing these bonds and of securing from the abutting property owners a petition that the streets in front of their property be paved and consenting to their property being assessed under the abutting property act of the legislature, has been in the hands of the local Chamber of Commerce for the past several months. The petitions from both the freeholders and the abutting property owners have been filed with the town council and it is expected that an election will be held on the subject within the very near future.

CHAIRMAN WILCOX UNDER FIRE

Whether William R. Wilcox is ousted or retained as Chairman of the Republican National Committee may make far less difference than the Harding-Hill party pleased to think. It is asking too much of him to assume personally the burden of all the sins of the Republican Party. He was placed in charge of the organization only last June. If he were a miracle-worker he could not in less than six months provide the party with a new conscience and a new set of brains.

A defeated general cannot look with good gratitude or praise from his own side. A campaign manager whose party loses the presidency and Congress need not hope or in discriminate rejoicing over his political methods. The Republican Party failed to convince the country that it was fit to govern. It is in for another long period of penance and fasting. That is the real grievance of the politicians who seek Mr. Wilcox's head. If he were ousted, it is leading them up to the feed-trough all would have been well. But later their party would have faced the necessity of deciding what principles stood for and what policies it must pursue at home and abroad. That never has been the exclusive business of a campaign manager.

If Mr. Wilcox could induce the Western Republicans to eat out of Wall Street's hand, the rest would be easy. If he could persuade the Old Guard to surrender unconditionally to Hiram Johnson and Senator La Follette and Senator Pinchot and their Progressive following, things would be an improvement. The Republican Party could then swim in harmony. The fear of mutiny would be past. But to produce that happy result requires more than patience and tact and the willingness to compromise upon the part of any one man. It calls for a revolution within the party, and while waiting for it Mr. Wilcox or any other Republican Chairman reserves to be treated as an object of pity rather than abuse.—New York World.

IS JUST WONDERFUL

MRS. ROLLINS DECLARES

For Long Time Unable To Visit Her Aged Mother.

WAS SICK THREE MONTHS.

Spartanburg Woman Has At Last Overcome Her Malitude Of Trouble, She Declares.

"It is just wonderful the way Tanlac built up my strength," said Mrs. M. J. Rollins, of 110 Jennings St., Spartanburg, in a statement she gave September 6th in endorsement of the medicine.

"For four years I was so sickly and weak that I could not go to see my mother, who will be a hundred years of age on her next birthday. She lives only a few miles from here," continued Mrs. Rollins.

"My health was very bad and I suffered a great deal from weakness, indigestion and constipation," said Mrs. Rollins. "I had no appetite at all, and many a day I would eat only a few bites during the day, and I was so weak I could not do anything without having to go to bed for a while. I lost weight until I became thin and bones only."

"All the time I suffered with headaches and spells of 'swimming in the head,' which almost drove me crazy. If I rode in a buggy, I would have no vomiting spells, and I had several of these attacks before I found out what caused them, and with them I had awful sick headaches."

"For three months before I began taking Tanlac I was so weak every day, but I have not had them since I began taking Tanlac and when the first bottle of Tanlac was taken the headaches were gone."

"We had heard so much about Tanlac, we were influenced to buy it because of what it had done for others, and Tanlac has given me wonderful relief in every way. It is just the best medicine anyone ever took. It quickly gave me a better appetite and now I eat a lot. My nerves are strong and I am free of those terrible headaches. My system is in good order and I feel wonderfully improved in every way. I am strong now and I am not troubled with weakness. It is just wonderful the way Tanlac built up my strength. The Tanlac relieved that constipation, too, and I had a good deal of weight, too, though I was so weak I could hardly go when I began taking Tanlac."

American Engineers Tell of Escape From Oil Fields.

London, Jan. 2.—Twenty-five American engineers who escaped from the Rumanian oil fields during the German invasion have arrived at Gothenburg on their way home, according to a dispatch to The Morning Post from Stockholm. The engineers quit the oil fields at the last minute, they say, and several persons were killed when the rear car of their train was shattered by the German artillery fire.

COLD STORAGE COMPANY FOR SWEET POTATOES.

A new enterprise for this part of the country has been started on a large scale in Hodges. This is the storing of sweet potatoes. Three young men of that section have been buying sweet potatoes for some time and now have 30,000 bushels stored in houses made for the purpose.

"They have two long rooms, with racks going almost to the ceiling, where the potatoes are placed, so arranged that the air can circulate through them well. Large coal stoves are used to keep the potatoes from freezing, and electric fans are used for keeping them cool."

"Some of these potatoes are for seed, but most of them are intended for the market. Recently this firm has had a large order for the Van-Nats Co., of Greenville. This enterprise will stimulate the raising of potatoes in this section, and promises to be one that will help the small farmer as well as the large one."

LANCASTER APPARENTLY UN-EASY.

We hope there will be a big attendance at the meeting, Tuesday night, called to consider means of keeping the highway from being dirtier from Lancaster. This is a most important matter and no good citizen can afford to neglect it. We hope our readers will appreciate the fact that a great effort is being made by Rock Hill to get the highway, if it is up to Lancaster to keep it. We hope the Lancaster Chamber of Commerce will get busy and exert itself, unless something is done there is grave danger of our losing the highway.—Lancaster News.
