Tsunami at Dacus Library

The Government Documents department at Dacus Library has put together a display of our printed materials concerning tsunamis throughout history, including the 1992 tsunamis in Nicaragua and Indonesia and the 1993 Hokkaido Nansei-Oki Earthquake in the Sea of Japan. This information can be checked out and is located on the display table beside the Microform Reader / Printer room.

Other tsunami information can be found at the following government websites:
