No Grades “Must” Says Phelps

Teachers May Make Any Distribution They Desire

Calls “Abused” Idea of Applying Curve Formula

To Any Class of Fewer Than 1,000 Students

There is no regulation at Winthrop college that requires a teacher to give a certain number of A's or B's or C's or D's. However, the student council has pointed out that the current grading system, where grades are assigned based on student performance, is not fair to all students. The student council has called for the removal of any pre-determined distribution of grades in order to ensure that grades are given based on individual student performance.

New Constitution Is Explained By Blake

Three Branches Of Student Government Duties And Minor Changes Clarified

Urges Serious Thought Before Action

Suppose Willie Mae were reported by Martha J. to have the flu? Sophia was campused. Could she go before the court, who was on the trial-board? There sat the group composed of a fair and impartial court. It isn't the constitution only: it is the whole body of the constitution that must be preserved. When a student is reported for violating the constitution, it is the responsibility of the constitution to make a decision.

The place of women and the importa-
ance of mathematics in the Ro-
man defense are covered in an
article by Dr. Anne
Ruth, a member of the
University of Florida's Math-
ematics faculty.

Ruth discusses the impor-
tance of mathematics in the Ro-
man defense, especially for
women. She states that wom-
en are able to understand and
analyze complex mathematical
problems, making them ideal for
work in defense. Ruth also
points out that women have
played a significant role in the
development of mathematics over
time, and that their contribu-
tions should be recognized and
valued. She encourages more
women to pursue careers in mathe-

matics and science, and highlights
the importance of diversity in the
scientific community.

In conclusion, the author
emphasizes the importance of
women in mathematics and
science, and calls for continued
support and recognition for their
contributions.

Casually

"Casually" reports that the second football game of the season last week was played between two very different teams. The Johnsonian School and the Southern Conference had an interesting match, with the Johnsonian winning by a narrow margin of 20-18. The Johnsonian's defense was strong, but the Southern Conference's offense was able to score two touchdowns.

The Johnsonian

The Johnsonian School announced that it will be holding a school dance on Friday evening. The dance will be open to all students and will feature music and refreshments. The Johnsonian encourages students to attend and have a fun evening.

STUDENTS RANK WHELPESNESS OF INFLUENCE IN SELECTION OF FAVORITE AMONG CANDIDATES; MAY GIVE FIRST PLACE TO EXECUTIVE ABILITY

Large Majority Favor Nominations by Committee and Petitions to New Plan—Some Nape Additional Characteristics

With arguments presented and the results of the vote close, it is difficult to say which position would be the most favorable. However, many students believe that the executive ability of candidates is a significant factor in their vote. Some students feel that a candidate who has shown strong leadership skills in the past would be a better choice for the position.

A Forum for Discussion with Margaret Beale

SALLIES FROM SALLY...

Dear Sally,

I was pleased to see your recent column in the Johnsonian. Your article on the importance of executive ability was particularly insightful. It is clear that students are looking for candidates who have demonstrated strong leadership skills in the past.

With warm regards,

GERMAN FROLIC SET FOR TOMORROW EVENING

All Weithrop Invited; To Be Held In Johnson Hall At Eight O’clock

Eight members of the German Club plan for the mid-winter dinner to be held at 8 o’clock in Johnson hall.

All Weithrop students are invited to the German Club’s annual dinner, which is to be held in Johnson hall at eight o’clock.

To get in the mood of the evening, music will be played on the organ by Mr. W. E. Pugh, and the meeting will conclude with a dance in the Johnson hall.

For the most sprightly salad around the campus, Mrs. Mary M. Martin gave a demonstration on how to make a salad. Making a salad is a simple task, but one that requires attention to detail.

Germans have long been known for their love of salads, which they believe are a source of energy and vitality. In addition, salads are traditionally served at the end of a German meal as a way to cleanse the palate.
