“I’ve got $500 in my savings account and $200 in bonds. I need $200 cash. Which shall I do—draw out the money or sell the bonds?” a savings customer asked one of our officers.

“Neither,” was the reply. “Borrow on your bonds, pay lien the loan gradually, and before you know the bonds you will have the money and still have the savings account. You’ll be $500 better off, because you will have the bonds to show.”

According to our customers in any problem that a loan can help solve is reported here, both a privilege and a duty. An extra measure of service.

SPECLAL NSPICE SERVICE DURING SPRING HOLIDAYS

As the war was coming to a close, the students, who contracted for college during the holiday, quietly assembled in the gymnasium of John Hall for the peepers' service. Worship was begun with an opening season of prayers, recitations, and selections from Scriptures, which showed the progress of one who would find in the New Testament the path to salvation. The group was led in prayer by the Rev. Mr. X.

Williamsona Bristow made a full-length address on the subject of "The Importance of a Christian Education," and with such questions as, "To what extent can we afford to let the people become" and "If we do not follow them," it was very effectively brought to a close by a beautiful singing of "Onward Christian Soldiers." It is due to the influence of the peepers' service that the first and last meetings of the month were always held.
