LAYS BRIDGE PLOT TO EMBASSY AID

Messages Involving the Sinking of the Lusitania Had Before Authorities.

The Government has in its possession an affidavit sworn by Captain Horn, who attempted to blow up the international bridge at Vaneboro. This affidavit not only tells the entire story of Horn's attempt, but discloses that he was told to do what he did by his superior officer in this country in the employ of the German Government. The 38 secret participants in this possession have professed that the individual referred to is Franz von Papen, military attaché of the German Embassy.

It is stated that the German Government is so sure of its success that it has been given to the Navy Department these were in the period of the Lusitania, said the chief of staff, the day on which she was sunk. The German Foreign Office was sent to and from Saville on August 15, and which was alleged to have been given to the Navy Department these were in the period of the Lusitania, said the chief of staff, the day on which she was sunk.

On April 20, the day before the sinking of the Lusitania, a number of messages were received at the German Embassy in Washington. These messages were in the nature of a warning to the German Embassy in Washington to be prepared for the possibility of a strike against the Lusitania.

On May 4, a wireless message was received at the German Embassy in Washington. This message was in the nature of a warning to the German Embassy in Washington to be prepared for the possibility of a strike against the Lusitania.

On May 5, a wireless message was received at the German Embassy in Washington. This message was in the nature of a warning to the German Embassy in Washington to be prepared for the possibility of a strike against the Lusitania.

HICKS TO URGE TORRENS SYSTEM

Newly Elected Legislator Will Introduce Bill at the Coming Session of General Assembly

Mr. Burton Hicks, the Woodfin legislator who was elected to the General Assembly at the coming session, has announced that he will introduce a bill at the coming session to provide for the Torrens system of land registration.

The Torrens system has been in vogue in many of the States for many years past and various bills have been introduced in the past for its adoption in this State.

The Torrens system provides a means whereby the title to any parcel of land can be registered in a public office and the title is then guaranteed by the State.

The Torrens system provides a means whereby the title to any parcel of land can be registered in a public office and the title is then guaranteed by the State.

BIG LOAN EXPECTED TO BE FLOATED

Money of All the Warring Nations Going Down—Plan for a Five and Ten Year Bond

New York, Aug. 17.—Out of the disorder of the foreign exchange markets today plans began to assume form for floating a new issue of five and ten year bonds.

After a group of Wall Street bankers with international connections had conferred late today it was decided that the Government should place in the market a five and ten year bond.

The outstanding fact at the close of today's exchange markets was the imperative need for a loan of not less than \$500,000,000 to be raised in the form of a five and ten year bond.

The exchange market was quiet and the market was not very active during the afternoon.

LOSS OF TRANSPORT SHOCKS ALL BRITAIN

Will Hardly Be Able to Hold Back-Living Life, Germans Having Made Further Impressions on Coast of Nova Scotia

London, Aug. 17.—The sinking in the Argentin sea by a German submarine of the British transport Royal Edward has thrown into the sea a heavy loss of life has shocked the British navy's proud boast that it had transported hundreds of thousands of men across the sea without the destruction of one troop laden ship.

Two other transports have been attacked. The Weyford was torpedoed in the Irish sea, but the vessel was not sunk and only five lives were lost. The Mantua was attacked by a German submarine in the Argentin sea. The ship was not damaged, although 54 lives were lost when a boat splashed its load into the sea.

The loss of the Royal Edward is a serious blow to the British public, who have been accustomed to see the Argentin sea in the East a day's continuance of Balkan sea out on the necessity for making arrangements for an assault on the Dardanelles is growing greater.

The Russians, it is believed, probably will have to fall back further in the Argentin sea. British reports today that Gen. Litvinenko's troops have taken forts in the south-west of Kovno, and that a British force of 10,000 men is being sent to the front.

The loss of the Royal Edward is a serious blow to the British public, who have been accustomed to see the Argentin sea in the East a day's continuance of Balkan sea out on the necessity for making arrangements for an assault on the Dardanelles is growing greater.

FRIDAY, AUGUST, 20.

GEORGIA'S SHAME AND DISGRACE.

Civilized people everywhere will deeply sympathize with the good people of Georgia in the shame and disgrace which has overtaken their state through the ruthless murder of Leo M. Frank, a life term prisoner, by a mob of as distasteful and unscrupulous set of criminals as ever befouled the citizenship of any state.

Frank's guilt was never proven, the satisfaction of any normally minded person in his absolute innocence, because his whole life had been clean, upright and honorable, and gave the lie to the testimony of a disreputable, self-confessed perjurer negro, who in all reason was the real criminal.

It was the mob spirit that tried and convicted Frank; that was responsible for the murders of a race upon him by a fellow convict, that deliberately and premeditatedly a hundred miles away, and finally and cruelly murdered a helpless creature; and it is the mob spirit that has assassinated the good name of the state of Georgia.

That the civilized people of the state of Georgia are conscious of their shame and degradation cannot be doubted, as the following from the Atlanta Journal shows:

"In the sober aftermath of Georgia's tragedy and shame, one conviction towers in the mind of all thinking citizens, in the conscience of all upright citizens, and in the purpose of all authorities who respect their office and honor their State, and this conviction is that at any cost and any hazard mob rule in Georgia must be put down once and forever.

We stand at a fatal parting of the ways. We must choose between government and anarchy; between civilization and savagery; between the blackness of Italy and the hope of our Anglo-Saxon heritage. We must choose now the safe and righteous course, or henceforth no path of depending peril and disgrace. The unspcakably cruel and horrible crime that has been perpetrated by a band of law defying men immeasurably further than the issues of the Frank case, it seeps to the very base of our governmental institutions and challenges the very intelligence of our race.

The mob that ravaged this State from the State penitentiary, he was serving a life term sentence and boldly drove him from the State, and murdered him in a lawless revenge, and then evaded in its deed—this mob has done more than vent its fury on a victim, it has outraged and endangered a commonwealth, it has associated the character of a law-binding State.

If this mad spirit is unopposed and unchecked, what becomes of the power of law and the security of property and life? If this lynching, which by the way is the mark that has occurred in Georgia within last eight months, is condoned by responsible authorities, who can say how frequent and swift will be the lynchings to follow? Let us face the stark and terrible issue now, or resign our State to be subverted in the hands of the jungle."

The mob that committed this crime does not represent the decency and intelligence of Georgia any more than any mob represents the decency and intelligence of any State. But this mob does represent a savage, anarchistic impulse that will be hydrobraked and uncontrollable unless it is crushed. Lawless people are no more numerous in Georgia than elsewhere, but they have been tolerated to such an extent that they have become all def-

ant. The individuals guilty of this outrage must be brought to justice and made an everlasting example. They must be dealt with according to the soberest and sternest and speediest processes of law. Otherwise, we had as well confess that there is no virtue in our institutions.

As the chief custodian of the State's honor and law, it is the Governor's solemn duty to "probe this crime to its blackest bottom and to exhaust every resource at his command to see that the guilty are punished and the State's integrity vindicated. If Governor Harris does nothing else during his term of administration but does this in just complexion, he will have rendered his State immortal service and will go into history among the bravest and greatest men of his time.

Furthermore, in the truly sacred task the Governor should be sustained by every official and by all the thoughtful, upright people of Georgia. There are enough consciences, enough intelligence and moral determination in our State to stamp out mob rule, if they are excited that they must be exerted now and without ceasing. The Journal appeals to every patriotic Georgian, whether in public or private life, to set his face like flint against the mob spirit that menaces our beloved State, and, to stand at all times and in all places for the rich ones' sovereignty of law.

THEN AND NOW.

The present conflict in Europe has shown many wonderful advances made in the means employed in warfare.

The necessity of keeping in close touch with each part of the war machine has made the telephone an almost indispensable instrument to those who are directing the movements of the various forces.

Instead of a messenger traveling on horseback he mounts a motorcycle to speed fifty miles an hour. To locate the trenches of the enemy one goes up in an aeroplane instead of climbing a tree.

We imagine the various ways of doing things in the present conflict would be extremely interesting to the Civil War veteran and we wish it were so they could all view them.

WINTER COVER CROPS.

It has been estimated that rail roads leading from Charleston have recently transported five thousand cars of acid from that city to Hopewell, Va., where the DuPont Powder Company is engaged in making gunpowder for the warring nations. It has also been authoritatively stated that the DuPont people have placed a contract with the International Agricultural Company for seven million dollars worth of acid.

Acid is used in the manufacture of commercial fertilizer to a great extent and with these enormous war orders being placed there is no question but that the price of commercial fertilizers will be affected.

With this condition of affairs confronting the farmers of the South they, as we see it, should by all means resort to the winter cover crops as extensively as can possibly be done.

judging by the number of cases appearing before the Mayor recently acid is inclined to form the opinion that our policemen have their eyes open or else there is a decided increase in the violation of ordinances.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theodor's Black-Draught, and gosh!

SEE CHARLIE CHAPLIN at Dream Land tomorrow in 'Mable Married'—It's great.

Miss Sallie Stone entertained a number of her friends at forty-two yesterday morning in honor of her guest, Miss Maggie Anderson, of Easley.

CHARLIE CHAPLIN Dreamland tomorrow.

While it has not been officially announced, we understand that public schools will open on September 13th.

C.

FOR RENT—Store-room known as the L. N. Whitledge store near Richburg. One of the finest trade points in the county. Several fortunes have been made at this store since it has been in the same place. Price reasonable. For information write J. Arthur Henderson, Charlotte, N. C.

WITNESS AFTER WITNESS IN CHESTER

Such Evidence Our Judge's Cannot Dispute.

As we take up the News we are struck by the hearty, unmistakable way in which witness after witness speaks out as Miss McClintock does. Here if these people were strangers living miles away, we might take a little notice of them, but they are not. They are our neighbors living among us. Their word is too easily proven to admit of any doubt. They speak with it as though their own experience may be a guide to others.

Miss S. A. McClintock, 172 Columbia St., Chester, says: "My husband and I have lived here for some years. The trouble was caused by a lumbago in my back. The action of my kidneys was irregular at times and I had severe pains across the small of my back. Often I was dizzy and nervous. Don's Kidney Pills, procured from the Chester Drug Co., soon brought great relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Don's Kidney Pills—the same that Miss McClintock had. Foster Milburn Co. Prop., Buffalo, N. Y.

ADMINISTRATORS NOTICE

State of South Carolina,
County of Chester.

By A. M. Wise Esquire, Probate Judge. Whereas, W. L. Walker made suit to me to grant him letters of administration of the estate of and effects of Mrs. Henrietta Farris, deceased.

These are there fore to cite and admonish and require the kindred and creditors of the said Henrietta Farris deceased, that they be and appear before me, in the Court of Probate, to be held at Chester, S. C. on the 2nd Day of Sept., next after publication hereof at 11 o'clock in the forenoon, to show cause, if any they have, why the said Administration should not be granted.

Given under my hand, this 18 day of August A. D. 1915.

A. W. WISE,
Judge of Probate,
Chester, S. C. Aug. 5, 1915.

Chandler at \$1295 is the Preferred Light Six

FIGURES CAN'T LIE

Percentage Comparisons of Chandler Sales in the Principal Selling Seasons of 1914 and 1915:

APRIL	1914	1915	233% INCREASE
MAY	1914	1915	493% INCREASE
JUNE	1914	1915	646% INCREASE

THE Chandler is most popularly preferred of all the light sixes. And why? There must be some good reason. There must be several good reasons. There are. Very decidedly good reasons.

The Chandler isn't preferred simply because it was the first high-grade six that sold for less than \$2000. It isn't preferred simply because it brought the six-cylinder car within reach of the average purse and pointed out the way for many other manufacturers to produce more or less similar cars.

The Chandler has met with its big popular demand because it gives more for every dollar of its price than any other car in the field.

At \$1295 the Chandler gives you the finest, smoothest-running six-cylinder motor you could wish for. It is the exclusive Chandler motor—not a common ready-made stock motor. This motor—the secret of Chandler supremacy—has been left unchanged since the beginning of Chandler history—since the days when this car sold for \$1795. No tinkering with it, no making of new models to cheapen its cost!

Search the whole market if you choose, and try to find the Chandler motor's equal.

The Chandler is preferred because, all the way through, it is built so well. Because it is so graceful in design, so sturdy in its construction, so roomy, so splendidly finished.

The Chandler is preferred because it is equipped with the most up-to-date and the most dependable equipment.

The Chandler is preferred because *thousands* of Chandlers have given and are giving perfect service on the road; because the public knows the element of chance is *eliminated* in purchasing a Chandler.

You will prefer Chandler above other light sixes when you *know* the car. Come in and find out about it. Find out for yourself. Make the car *prove* its superiority. It can do it.

No Other Car for Less Than \$2000 Gives You All These High-Grade Features:

Bosch magnetos and spark plugs
Gray & Davis electric generator and electric starting motor
Field double-jet carburetor
Genies Mayco Mercedes type radiator
Tending from motor base
Three-point frame for stability
For driving motor shafts
Imported and superior ball bearings

Malaria a Blood Trouble
S. S. S. Conquer It!

S. S. S. Has Been the Standard Malaria Remedy for 50
Years. Improves Malaria by Cleansing the Blood

Malaria does impoverish the blood, thereby weakening the entire sys-
tem. Once the Malaria gets into the blood it multiplies, saturates the
blood with Malaria poison and impurities. You immediately lose en-
ergy. You are a constant prey to headaches, worry, indigestion, tired feeling,
28-completion because of the Malaria. In order to get relief
you must administer an antiseptic directly to the poison, and a tonic—blood
purifying food, to build up the wasted system. S. S. S. does one thing
—it purifies the blood, so that it will destroy the Malaria germ, and enrich
the blood. This building up and blood cleansing process goes on hand in hand.
It destroys the germ and poison, revitalizes and restores the red
blood corpuscles. In a short time you feel the delightful sensation of
from acute headache, chills and fever. You soon feel the full sense of vigor
that goes with perfect health. There is nothing else. Get S. S. S. from
your druggist.

BOOSTING CHESTER

"MOVIES" IN THE CHURCHES
Called Silent Sermons and Have Be-
come Increasingly Popular in
Numerous Churches.

Hundreds of churches throughout
the country are now equipped with
all the machinery used for giving mor-
ning picture shows. The churches which
which has aptly been called the silent
sermon, is proving a great suc-
cess in attracting large congregations.

A great variety of special effects
have been prepared suitable for such
use, and a clergyman in selecting a
subject to his taste finds a surprising
variety to choose from. There are
films suitable for sermons on all the
commandments, as well as many of
the most familiar texts in the Bible.
Several of the firms making a special-
ty of such films issue regular cata-
logues to assist clergyman in select-
ing silent sermons.

In scores of churches the projecting
machines are part of the church furni-
ture. The field laws laid down by
the fire departments apply as well to
churches as to theaters and the ma-
chines must be set up in fireproof
metal rooms. The electric wiring is
arranged so that the normal may be
turned on conveniently in the main
church auditorium or the lecture or
classroom rooms.

The screen and the rest of the
equipment are of the usual standard
type. Many of the film houses which
supply churches have small theaters
or exhibition rooms where a clergy-
man may have a free exhibition on a
silent sermon before definitely order-
ing it.

The film sermons are rented out at
a regular rate according to their
length and the nature of the produc-
tion. In producing these silent ser-
mons a regular church service is fol-
lowed, consisting of the singing of
hymns, prayers and reading of the
lessons. The films are carefully timed
to fit into the place assigned them.
Some of the catalogues of silent ser-
mons suggest church services for an
company them, giving the numbers of
appropriate hymns and Scriptural les-
sons.

The **Polymerized Garment.**
Some things in New York are at
work just now hunting for philoso-
pher's stone. They claim to believe
in a polymorphous garment in form
of fine dress can be designed that
will suitably clothe every type of figure,
every age, for every occasion, every-
day, from getting up to going to bed,
from the period when the girl first
comes out of the nursery till she goes
to her grave.

The philosopher never found the
mythical stone that could turn every-
thing into gold. Cloths, however, like
the poor, will be with us always. There
are ways and means of eliminating
the problems and it is possible to
reduce all fractions except the
lowest to terms.

But it is a foolish waste of time
and energy to hunt for the impossible.
And it is impossible to find one style
of dress suitable for everybody.

Nobody who is fastidious wishes to
wear one costume from early morning
till late evening. There is a positive
psychological benefit in the bath and
change of toilet that separate the
hours of the day from the hours of
relaxation. Not even two (or a
collection of "polymerized" that
could be worn alternately, could solve
our clothes needs. Suitable clothes
for street and travel and business are
not suitable for indoor wear—Helle
Armstrong Whitney, in Good Health.

SUNDAY SCHOOL.
Lesson VIII.—Third Quarter, For
Aug. 22, 1915.
THE INTERNATIONAL SERIES.
Text of the Lesson, II Chron. xv, 1-15.
Memory Verse.—1—2—Golden Text,
Jas. iv, 8.—Commentary Prepared by
Rev. D. M. Stearns.

In the story of Jeroboam we had a
king who was a man who was a man
trifles, for there was not a good king
among them. They all walked in the
ways of his fathers, and he was a
man to be feared. He was a man
to be feared. He was a man to be
feared. He was a man to be feared.

The story of Asa is told in part
of a chapter in the book of Kings,
II Kings xv, 1-24. He was a man
who was a man who was a man
trifles, for there was not a good king
among them. They all walked in the
ways of his fathers, and he was a
man to be feared. He was a man
to be feared. He was a man to be
feared. He was a man to be feared.

Calomel Salivates
AND MAKES YOU SICK

Acts like dynamite on a sluggish
liver and you lose a day's
Work.

There's no reason why a person
should take sickening, a living cat-
astrophe, after he has bought a bottle
of Dodson's Liver Tonic—a perfect
substitute for calomel.

It is a pleasant, vegetable liquid
which will start your liver, just as
surely as calomel, but it doesn't
make you sick and ruin not salivate.
Children and grown folks can take
Dodson's Liver Tonic, because it is
pure and safe.

Calomel is a dangerous drug. It
is mercury and attacks your bones.
Take a dose of nasty "calomel" today
and you will feel weak, sick and un-
washed tomorrow. When you feel
weak, your druggist says if you don't
find Dodson's Liver Tonic acts bet-
ter than calomel, why not buy your
money is waiting for you.

IS SICKNESS A SIN?

If not, it's wicked to neglect illness
and means of relief. It is wicked to
endure Liver Ills, Headache, Indi-
gestion, Constipation, when one has
Po-Do-Lax gives relief. Po-Do-Lax
is Po-Dophyllin (Maple), without
the gripes it arouses the Liver, in-
stantly in the Bowels. Your Con-
stitution and other ill's disappear as
bright because Po-Do-Lax has help-
ed Nature to remove the cause. Get
a bottle from your Druggist today.
Get rid of your Constipation over-
night.

THE TEST.
The test of the man is the fight he
makes.
The grit that he daily shows,
The way that he stands on his feet
and takes
Fate's numerous bumps and blows,
A coward can smile when there's
naught to fear;
When nothing his progress buds,
But it takes a man to stand up and
cheer.

While some other fellow stars
It isn't victory after all;
But fight that a brother makes,
The man who in drives against the
wall,
Who still stands erect and takes
The blows of fate with a head held
high.
Bleeding and bruised and pale
Is the man who'll win in the by and
by
For he isn't afraid to fall.

It's the bumps you get ad the oaks
you get,
And the shocks that your courage
stands,
The hours of sorrow and vain rears,
The prize that escapes your hands,
The test your mettle and prove your
man.

It isn't the blows you deal,
But the blows you take on the hood
of death.
Show if our stuff is real

**Children Cry for Fletcher's
CASTORIA**

The Kind You Have Always Bought, and which has been
in use for over 30 years, has borne the certificate of
personal supervision since its infancy.
Allow no one to deceive you in this.
All Castoritas, Trifles and "Just-as-good" are
Experiments that injure and endanger the health of
Infants and Children—Experience against Experiment.

What is CASTORIA
Castoria is a harmless substitute for Castor Oil, Pare-
goric, Drops and Soothing Syrup. It is pleasant. It
contains neither Opium, Morphine nor other Narcotic
substance. Its age is its guarantee. It destroys Worms
and allays Feverishness. For more than thirty years it
has been in constant use for the relief of Constipation,
Flatulency, Wind Colic, all Teething Troubles and
Diarrhea. It regulates the Stomach and Bowels,
soften the Stools, gives healthy and natural sleep,
The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Charles H. Fletcher
In Use For Over 30 Years
