ing that C. H. J. Taylor, a negro, had dined with him at the White House while he was president, as charged by R-presentative Scott of Kansas a few days ago. Mr. Webb said he had written the former records sending him an extract from The Congressional Record and asking if the statements made by

Mr. Scott were true.
"This morning," he said, "I received the following reply," which he read amid applause:

Princeton, N J., March 2 E. Y. Webb, House of Representa tives.

Dear Sir: It is a matter of small concern to me that a Mr. Scott has seen fit to use my name in a dis-play of his evil propensities on the floor of the house of representatives. In answer to your inquiry, however, I have to say of his statement that the colored man, C. H. J. Taylor, took lunch with me at the White House that it is a delib-

erate fabrication out of whole cloth.

As far as Mr. Taylor is concerned, I understand, prior to his ap-pointment as register of deeds at Washington that he had served as an assistant in the office of the city attorney at Kansas City. His nom-tnation as register was confirmed by the senate and he served in that place with intelligence and effi-ciency. Be has since died. Some people restrain themselves from abusing the dead.

My inquiries concerning Mr. Tay-lor before his appointment, my ob-servation of him during his incum-bency, and the little I have known of him since satisfy me that his character is very unjustly attacked in the diatribe of Mr. Scott.

One charge is made against Mr. Taylor by Mr. Scott which he doubly clinches with truth when he declares: "He was a black negro."

I am led, however, to doubt his familiarity with his suggestion when he adds: "As black as you ever saw."

Yours very truly, Grover Cleveland.

Mr. Webb said he wanted this

Mr. Swanson, of Virginia, asked Mr. Scott where he had heard the report, to which Mr. Scott replied that he had seen the statement in

newspapers.
Mr. Swanson asked further for copy of a newspaper containing the statement. Mr. Scott explained that these statements were made several years ago and the papers might not be easily procured. He said that he had made full apology o Mr. Cleveland.

of Maplesville, Ala. "He was so
hoarse that he could hardly talk

This plan of insurance, originated and copyrighted by the AETRA LIFE, was first introduced in the year 1868. It was adopted for the purpose of supplying the increased demad for insurance at low rates. It affords reliable insurance at a minimum rate; it gives what is equivalent to large dividends in advance—what ordinarily requires years to obtain under other plans.
