high connections, was able to trade
in places and biackmail right and
toff, and even hoasted that he could
make and unmake a Minister. He
massed a considerable fortune by
his sordid methods, and the trial has
compromised a good many other persons besides himself.

MOST EXPENSIVE RAIL-

ROAD IN THE WORLD.

The most expensive railroad in the world, we are told in the March American Magazine, is the Garfield and Bingham Railroad that carries ore to the gigantic copper mine of D. C. Jackling at Bingham, Utah, It cost three hundred thousand dollars a mile and is all tunnels and trestles. It was built for the sole purpose of ensuring an adequate supply of ore for the mill.

the weevil are as follows:

Laitude, Laitude appears to be an important factor in plac annual movement of the weevil Not aince the weevil Choose of the Rich Grande the weevil crosself the Rich Grande the weevil choose and the weevil crosself the Rich Grande the weevil above laitudes of the cotton states. Particularly has this been true every where south of parallel 31. In the more northerly laitudes the movement of the weevil has been slow and very often uncertain. For instance, in a season following a very every winter, followed by a hat, dry every winter for a hat we have a hat with a hat we have a hat we have a hat we had a hat we have a hat

The lawmakers also, have fallen below their inten-tions and the expectation of the callway haters. Largely that, too, was because of the difficulties of the war. The explanation of the people's share of the blame for misdirected legislation and administration is the same. Now even the people must see ante. Now even the people must see
that they are punishing themselves
over the railways' shoulders. Only
expecience could have produced this
frame of mind. If the educational
process is now complete, a great first
step toward a new departure has
been taken, and the outlook may be
regarded, hopefully.
Assuming that all. concerned are

Assuming that all concerned are in a represented frame of mind, probably there will be no dissent from the proposition that the root of the trouble is the lack of funding the representation of the results of the resu
