THE LANTERN.

TWO DOLLARS A YEAR, CASH.

FRIDAY, APRIL 12, 1907.

The Red men are gone but have not all traced their faces forward to the setting sun.

Editor John Temple Graves, of Atlanta, was invited to respond to a toast at a Bryan banquet in Chattanooga Wednesday evening. Mr. Bryan was present, but the toastmaster asked him to cut out of his speech that part in which he was going to advise that the nation's convention...

A movement has been started to form a state organization for the protection of birds, a most laudable project. It is a movement which leads men surrounded by the influences of civilization to kill innocent birds...

Any person of thoroughly civilized tastes would rejoice to have a few deer remaining about the city. We know that a deer had strayed into the neighborhood, instead of protecting it, a hundred men would be out with their guns and rifles.

Men demand laws for the protection of harmless and useful birds, and this seems to be a noble thing to do, but for the sake of their own pleasure they may go and kill them themselves.

New Churches for Newberry. Newberry April 10. The Presbyterian congregation, having lost their handsome modern church in the recent fire, held a meeting a few days since and decided to build a new one.

The congregation already has something over \$10,000 for building purposes and this will be increased. The plans and cost of the building have not yet been decided upon.

President Mell will not resign. Anderson, April 9. "There is absolutely no truth in the report," said President Mell, of Clemson college, said to your correspondent over the telephone this morning when asked if there was any foundation in the report that he and Commander Jay were thinking of tendering their resignations...

Simon-Craig Marriage.

The Miss Simpson, of Rock Hill and Mr. W. D. Craig, of Lancaster, were married Wednesday afternoon at 4 o'clock, at the home of the bride's parents, Dr. and Mrs. Isaac Simpson.

The home was beautifully decorated with flowers and white climbing rose branches were stretched across the bridge of the ceremony room and were in full bloom and white and pink roses, (this color scheme representing the Red Rose of Lancaster and the White of York.)

When all had been served with more than enough, Mr. A. L. Gaston, master of ceremonies, called upon Z. V. Davidson to respond to the toast. Our South Carolina was assigned to S. E. McPadden, who was unable to attend. Mr. Davidson made some amusing hits at the expense of those near him at the table and others.

After the ceremony the bride party, which was beautifully decorated in white and green, in the center of the room was the bride's table, draped with white and green, with streamers running to each corner of the room.

After being served with delightful refreshments, the bride and groom returned to the ceremony room to accept congratulations. A reception began, those receiving at the door were Mrs. W. D. Back, W. A. Presley, J. B. Johnson and E. P. Poag.

At 8:15 the bride and groom proceeded to the depot, where they were met by the train for their future home in Lancaster, going by way of Chester.

On Sunday the congregation of the Associate Reformed Presbyterian church also decided to build a new one. The plans of the proposed church were drawn by Architect Frank P. Milburn and are handsome.

Red Men at a Feast.

The Red men, after attending to the other matter, for which they were assembled in Chester, set down to a banquet Tuesday night. This was provided by the local ladies, and the daughters of the Confederacy had the contract to prepare and serve.

The ladies themselves, two of whom were the daughters of the Confederacy, were seated at each table and kept all plates filled abundantly. The visitors were enthusiastic in praise of their treatment. It may not seem to be in good taste for us to praise our own people, but they did Chester honor and deserve our thanks.

Newberry Property Exchanged by Fire. Newberry, April 10. - Since Newberry's greatest fire, on March 20, many business changes have taken place and much of the land in the town has been changed hands.

The lot on the corner of Main and Thompson streets, upon which stood the Associate Reformed Presbyterian church, has been changed hands.

Dispensary Funds May be Retained.

The Richmond county board has decided to retain the dispensary funds, \$28,289.77, representing the balance of the liquor sold by the county dispensary during the month of March.

It is very probable that no additional funds will be deposited with the Columbia bank. It is known that a proposition will be made to the commission by one of the members to divide the money among the banks of the county, placing deposits in Anderson, Greenville, Pickens, Spartanburg, Charleston and other cities.

Thousands have pronounced Hollister's Rocky Mountain Tea the greatest thing since coffee. It is a beautiful preparation for the face and body.

Advantages of Dairying. Dairying is the best kind of farming because it best maintains the fertility of the soil, gives constant and steady employment and produces the best type of manhood.

The Crop of Pigs. In February the census of farming estimated that there were 54,000,000 hogs in the United States. The high prices of last year have had a tendency to stimulate the production and nearly all the breeding sows are now in stock.

Delivering Meat.

A Philadelphia man who has just returned from a two-year tour of duty abroad says that one small but not unimportant particular this country is far ahead of the countries of Europe, with its keep house.
