HistoLogy & Anatomy Groups Visit Chest-

er Army Unit

Last Friday afternoon twenty-five members of the class the histo-

logy and anatomy groups visited the

Chest er Army Unit. The visitors

were Dr. John W. Mills, captain of

the group, and Mrs. E. R. Bodell, the

supervisor for the students.

The group was divided into two

sections and each section was

transported to separate areas of

the army unit. The students

observed the different ways of

treating patients, and then were

shown around the various parts

of the unit. The students were

impressed with the cleanliness

and orderliness of the unit.

The medical staff was kind and

helpful in answering the students’

questions. The students felt

privileged to have the opportunity

to see the inner workings of

the army unit.

Faculty To Hold Music Check-Up

The faculty is planning to hold

music check-ups as a weekly

activity to improve the music

education of students. The

check-ups will be held on

Wednesday mornings at 8:00

am and will last for 30 minutes.

The purpose of the check-ups

is to provide feedback to

students on their progress in

music and to identify areas

for improvement.

The check-ups will be

led by Dr. John W. Mills, the

director of the music department.

The students will be evaluated

on their singing, playing,

and理论 knowledge.

The feedback will be

given in a constructive

manner to encourage

students to continue

their musical development.

The check-ups are

open to all students,

and the faculty encourages

students to participate.

The idea of presenting opera without scenery was not a novelty in Mr. Otto's experience. The idea of dance without scenery was a novelty. "Our students have been trained in the basic techniques of acting, singing, and musical performance. The concept of the new production is to bring together these two mediums in a way that has not been seen before." he said.

Mr. Otto has had much experience in the production of opera and dance, and he believes that the combination of the two will create a new form of art that will be both exciting and innovative. "The audience will be transported to a world that is both familiar and new," he said. "We are going to take the audience on a journey that is both thrilling and thought-provoking."
WELCOME

To the Johnsonians we say welcome. You have become a part of our campus in the years you have been coming here. And each year you come, we are all glad to have you.

If you have never been here before, we welcome you home. If you have been here before, we welcome you back. And if you are looking forward to your coming over this fall, we welcome you to us.

That's all there is to it, so ex-

THE TOWN MEET

There's just something about this time of the year. Maybe it's because of the excitement of the upcoming season, or maybe it's because of all those leaves that are falling down outside. Maybe it's because the weather is getting cooler and we can finally start to enjoy our favorite outdoor activities again.

One thing that's for sure is that the students are already looking forward to the upcoming season. They are planning their schedules and figuring out how they will fit in the games and other activities.

But for now, it's just the excitement of the season that's on everyone's minds. So let's enjoy it while it lasts!

Sincerely,
[Your Name]
In order to start the day right, all be hostess-laid table. But with artful cameras, watch and "Christmas shopping" that must be done, all this along with some pets and tests, the case should duly fly.
