T. RIGHAM - Editor and Proprietor.
Entered at the Postoffice at Chester, S. C., as second-class matter.

FRIDAY, APRIL 13, 1906.

Mr. J. Fraser Lyon is back at Seneca.
Tillman with a string communication, and the hot time promised by Senator Tillman seems an assured fact.

Keep in mind the tenets and organization of the Southern Cotton Association, and don't forget that it is able to persuade you into planting too much cotton.

The request of a united body of business men will effect more in five minutes than all the suggestions of separate and distinct individuals can ever hope to accomplish.

The presence of two insane persons in the jail a few days ago shows how badly the jail was managed. It was recommended by the grand jury last report.

The public will doubtless be pleased to hear that the Milliken-Lucas feud is at an end and that in the future this space killer will have to give way to something more interesting.

Will take rank in high places alongside the great speeches of Webster and Haynes. The most impressive address regarding Senator Bailey's great speech in the senate Tuesday.

The next few weeks will largely determine the south's prosperity for the coming year. An overplus in the matter of cotton is being very seriously interrupted this section's onward march than any other imaginable occurrence.

It is encouraging to note that the constables seem to have the blind tiger under control. For some time this has been a very serious problem in Chester, and it is encouraging to note that it is now at the minimum.

Italy, particularly the section around Mount Vesuvius, is now the scene of harrowing devastation. An eruption of the volcano, the most terrible since the celebrated eruption of 79 A. D., is now in progress, and the destruction bids fair to be as far reaching as it was on that occasion.

Even in the town of Edgemoor where the banks in the telephone office and in the post office, the Clerk's office, in the printing office, in the schools—Johnston News-Messenger.

Small Industries, diversified in character, is what this city needs. The cotton mills are giving their attention to cotton mills and the like, Chester could very fittingly turn her attention to establishing small industries.

Faint and spasmodic efforts but rarely, if ever, accomplish anything. It is persistent and unremitting endeavor that succeeds. Chester has all the material and resources of a city much larger than she is. It is these that give a community a complex aspect and further its interests most.

Tillman's manifest has fallen rather flat. This is partly the result of his having already exhausted his stock of dispensary prejudice and used the same old appeals to prejudice until they had become stale. He has in effect, many times before. What he said in support of the dispensary was just what everybody knew he would say, and his words were no more than what he had said before.

Another source of weakness was his assertions about conditions which it was manifest he could know very little about. Such were his assertions about conditions in the cotton fields, made in the face of declarations to the contrary by just as honorable men who were on the ground and could see what was going on, while he was away off in Washington absorbed with other matters.

His remarks about newspapers in prohibition counties, 'exploiting prohibition' and 'whiskey advertisements' showed that he didn't know what he was talking about or didn't care what he said. It is known that very few papers in prohibition counties publish whiskey advertisements. He plainly intimated that every paper printed in those counties published whiskey advertisements. When called upon to specify, he admitted that he had seen none of the papers except some of the dailies. He named four of these, in an attempt to sustain his charge. One of these, strange to say, is not in a prohibition county. He said he did not publish whiskey advertisements, which leaves only two, and neither of them is a prohibition paper, and one of them is not according to the definition of a dispensary paper. So, not a single paper is left to sustain his statement.

Operations at the Falls.

One of our most prominent citizens has just returned from a short trip to Catawba Falls. He reports that rapid progress is being made in the work. Superintendent Leland is confident that the work will be completed by February next if everything goes smoothly. On Monday, or May following at the farthest, it is the fact that the main 80 foot dam is being built on dry land the company will not have to contend with any high water and the success of the enterprise is generally known, is being built across the old dam. The location is an ideal one in every respect. A few weeks ago, Dr. Wylie's party, who visited the Falls one of the Dukes on hearing the news of operations threw up his hands and gazing at the landscape exclaimed, "Nature intended this place for something great."

Superintendent Leland says all this gentleman and expressed the hope that the young people will not neglect this annual picnic at the Falls next month. It would be positively dangerous to have any gathering at the time specified as the water is going on continuously. When the work is completed it is the purpose of the management to have a great picnic, the greatest in the history of the section; but for the present Mr. Leland thinks it is very wise to note that it would be dangerous to attempt to have the picnic on the first Saturday in May.

Union Meeting Chester Association.

The next meeting of the Chester Association will convene with the Blackstock Baptist church on Saturday afternoon, April 15, at 11 a. m. Devotional exercises to be held at 11 a. m., conducted by the pastor of the Blackstock church.
Introductory sermon at 11 a. m. by Rev. J. H. Bell, pastor of the church, which will be held at the churches and the organization of body.
What is embodied in the command "Go ye into all the world and preach the Gospel to every creature" opened by Rev. C. V. Sailer.
Adjourn for dinner at 1 p. m.
Re-assembly at 2.30 p. m.
From 2.30 to 4 p. m. in equally divided order between our obligation to our duty and our obligation to our citizens to take care of our interests and to secure for ourselves whatever is to be secured. Until there is an awakening to this fact, Chester will proceed to grow more slowly than is her right.

Tillman's manifest has fallen rather flat. This is partly the result of his having already exhausted his stock of dispensary prejudice and used the same old appeals to prejudice until they had become stale. He has in effect, many times before. What he said in support of the dispensary was just what everybody knew he would say, and his words were no more than what he had said before.

So, not a single paper is left to sustain his statement.

The Dispensary and the Tigers.

The Progress has contended all the while that the dispensaries, and when we say dispensaries we mean the state dispensary as well as its county branches, are doing a great deal of business for the illicit traffic in liquor. The Anderson Mail of the 21st, has an article from some correspondent who has made a very careful investigation of the question of the dispensary, and he has made some astonishing discoveries. Among others, that there are 30 "blind tigers" in the state. He has also found that the state dispensary has received as retail licensees 200 "blind tigers" only 20 of them are in prohibition districts; the balance, or 180, are located in dispensary towns and villages. There are blind tigers in Charleston; 22 in Columbia and on Johns Island. The article goes on to show that these illicit resorts are situated all around the state dispensary in Columbia and also in as far as branches in Charleston. Even going so far as to purchase a portion of their supplies from the dispensaries. The police wink at them, the cities collect the tax, and the state dispensary sends men to be afraid of them and all patronize them.—Easley Progress.

Tired of the Army.

Atlanta, Ga., April 9.—Lewis Persell, a military surgeon at Fort McPherson, was shot and killed today while making his third attempt with a rifle in the woods to escape. He was driving an army team and lashed his mules into a run in the endeavor to escape. Guard Lawrence Ludlum, who had Persell in charge, called him out and the third command was not obeyed. Persell, whose home was at Washington, Tenn., was with the 13th cavalry at Knoxville last September as a private. He was discharged from the army in December. He surrendered at Birmingham, Ala., and while being brought to Fort McPherson to await trial he made a second successful attempt to escape, jumping from a train near the city. He was recaptured at Newman, Ga., and was brought to McPherson.

Preacher Boys a Paper.

We are anxious to learn that Rev. L. M. Rice has bought a controlling interest in the Union Times, and that he will assume editorial control of the paper. Mr. Rice was editor of the Times several years ago, and the paper was greatly improved during his connection with it. We are glad to welcome Mr. Rice to the fold of journalism, for it is a noble profession, and the men who are needed in this work. With his high sense of right, fearless and not spoken and a fine writer, he will make The Times a power for good, not only in this county, but in the whole State. The Times is one among the older papers of the state, having been owned and edited for many years by the late Mr. Stokes. We predict for it a bright and victorious future.

First County Court Election.

Aiken, February 7.—The first election in this state under the new County Act will be held on Tuesday, on Tuesday, to decide whether or not such a court will be established in Aiken county. Upon the recommendation of the grand jury, which was afterwards sustained by the State Order League, the movement was started and the bar seemed to favor the bill unanimously. Since then the bar has been somewhat divided as to the advisability of establishing such a court, and while there is no active opposition to the court from any member of the bar, there has been active support of the county court, and the result of Tuesday's election is very uncertain. Only qualified voters are allowed to vote in this election, and as there does not appear to be any serious contest in the matter, it is probable that the vote will be very small.—News and Courier.

King's Mountain Monument.

Washington, April 7.—The house committee on libraries today reported favorably the joint bill of Mr. Finley and Mr. Webb of North Carolina, providing for the erection of a monument on King's Mountain in York county. The bill appropriates \$30,000. Mr. Webb was interested in it because many of the soldiers killed there were from North Carolina.

This committee had one hundred bills for monuments referred to it, but they decided to report only four. He resolved that a few years ago Speaker Cannon, then on the floor, said in a speech that he was opposed to looting the treasury for any such purposes as the erection of monuments solely to decorate the most inspiring places where the people were too stingy to spend their own money for them. "But," he added, "there is one place, though, where I want to see a monument erected. That is at King's Mountain, to commemorate the valiant deeds of the heroes who died there."

In view of this and the committee's unanimity of report, there seems little doubt that the bill will be passed and the monument erected.—Zach McGee in The State.

Ladies in Augusta Horse Show.

The very heart of the Augusta Horse Show was its women contestants. Miss Anita Philby, an Augusta young lady, drove Mr. Thornton's horse, and her appearance gave rise to the greatest interest. She demonstrated her knowledge of horses and how to drive them. Mrs. Julia Hault, from the blue ribbon, calling forth thousands of applause, and Miss M. H. H. trap, she skillfully untraced the horse, saddled him and was mounted before any of her competitors.

Mrs. Samuel Mays, nee Harriet Philby, Miss Annie Hault, and Miss Miss Baxot, who drove ponies, and the other feminine participants.—Fairfax Enterprise.

Tight Money in New York.

New York, April 5.—Though money was tight to erect the Exchange on Friday, it was the general belief on the street today that the government, who meet on Wednesday, will keep the Exchange open. The tightness of the money market is the chief reason. Closing on Friday and Saturday would force banks and other money lenders to arrange for three or four days of tight money. The Exchange would be closed on Friday and Saturday, but the government would be forced to keep it open. The Exchange would be closed on Friday and Saturday, but the government would be forced to keep it open.

Clemson College Trustees.

Greenville, April 9.—At the annual meeting of the trustees of Clemson Agricultural College, held today, it was decided to expend \$100,000 in way of improvements at the institution during the next few months. Besides extensive repairs to the building and grounds, a printing department will be added to the school's facilities. The meeting today was attended by Senator B. R. Tillman, who will probably return direct to Washington.

"What books have benighted you most?" asked the literary woman. "I forget the author's names," answered Mr. Tillman, "but they were mostly cook books."—Washington Star.

THE SPRING FASHION

Demands many little differences of line and shape. The coats will notice are longer, the shoulders better shaped, a more graceful effect in the whole suit. These little style points are better shown in Schloess Garmes than in any other clothes made. And while these clothes lead in style, their quality is as sure as the government stamp on a dollar bill, just as certain a guarantee. These are the clothes you ought to wear, the "Best Correct Clothes For Gentlemen," simply because they make the most value for the money, look at it however you will. We're all anxious to show you the new styles and have you slip on a coat or two just to see how they "feel". Spring Suits \$12.50 to \$25.

Spring Shoes and Oxfords. You will want a pair of shoes or Oxfords for Easter. You will find just what you want in a Boyden or Crossett Shoe. They are made better, look neater and give more solid comfort than any other shoe made. Price \$3.50 to \$6.

Easter Hats for Men. See our line of Panama Hats, the very latest shapes. Prices \$4 to \$5.50. We have a complete line of Straw Hats. Prices from 25c to \$2.50.

AT THE BIG STORE S. M. JONES & COMPANY.

No Wonder That Fool W. R. NAIL, THE RED RACKET STORE MAN.

Can sell good cheap when he has men stationed North, East, South and West stealing for him. It does not require very much business capacity to sell dead loads of stolen goods. These and kindred criticisms made by some of our crippled competitors float to our ears, occasionally. It is enough to make a horse laugh. We do not claim to know it all; not by all the oceans, lakes and rivers full. We do not claim to know how to preach a sermon; we do not claim to know how to argue a case before a bar of justices; we do not claim to know how to farm. But when Bargains, stripped of the chaff, are offered, we pounce upon them quick as a flash of lightning. Then in turn we have got any better sense than to sell cheap after we have bought cheap. The Best Values For the Least Money, sweeps, scatters and annihilates opposition and competition in whatever shape like an April daisy, the ant-diluvians of this town who have successfully or otherwise outlived the mercantile storms of the last 20 years whisper of our concern that it is a mystery that any concern, smashed as we had been, could possibly march forth beneath the ruins of annihilation back to Main street and simply beat the other selling goods. Bargains reach your eyes in every turn in our store. Furniture, Notions, Shoes, Hats, Caps, Umbrellas, Crockery Ware, Glass, Agate and Tin Ware, and Candy; the 40c kind we sell at 20c, and the 20c kind at 10c. Fresh lot just received.

W. R. NAIL'S Red Racket Store.

Refrigerators. A Good Refrigerator is a Guard to Your Health. Much disease is caused by putrid meat and food soon becomes unwholesome without a refrigerator. Our modern built refrigerator is a BRIGHT GEM among food preservers. Keeps ice longer and food better than any refrigerator made. NO DAMPNESS, NO MOISTURE. Has dry air circulation and carries off all odors immediately. Why buy the cheaper kind when you can get the best to be had for the same price? Come let us talk to you about it. The Hahn-Lowrance Co. No. 155 Gadsden St. In the Valley. Phone 292. Freight prepaid on all goods amounting to \$10 and over.

Washington, April 8.—Much interest is being manifested here in the coming game of baseball between the South Carolina state officers' nine and the South Carolina congressional team. The report that the state officers' nine is practicing every day has caused some alarm in the ranks of congressmen and they have determined to meet their opponents on the field.

"The Gift That Is In Thee."

Paul urges Timothy in his third place not to neglect the gift that had been bestowed upon him at his ordination according to the prophecies of inspired men. By this gift some suppose is meant a certain natural gift, others the ministerial office. While either interpretation may be placed upon the word the passage teaches us that God has bestowed upon his ministers a certain natural gift.

The A. F. P. Presbyter.

Abbeville, April 7. As usual at spring meetings the proceedings in the Second-Session of the Associate Reformed church today was held beyond reports of committees and routine work. Some stir was created by the Rev. R. F. Bradley in stating his dissent to some statements of doctrine in the standards of the church, which met prompt rebuke of the Presbytery. Permission was subsequently given to him to address the Presbytery on such points at its fall meeting.

Advantages would not have made them better preachers.

By Rev. A. B. Atkins. These words were written to one who had been ordained to the Gospel ministry. Ministers should exercise their gifts, especially the gifts they have for preaching the Gospel. Dr. Grant once said that the pulpit is the preacher's throne. It is when he preaches that he accomplishes the greatest amount of good.

Devil's Island Torture

is no worse than the terrible case of Piles that afflicted me 10 years. They were relieved by Dr. Williams' Pink Pills for Pale People. I am now well and strong. My name is J. S. Napier, of the City of New York.

Another Way.

I see in the News seven farming families the seventh. How to make 70 bushels corn on ordinary eastern land. I will answer it for the benefit of corn planters. I saw last fall the corn raised on one-fourth acre of land, situated on Ray River, owned by Mr. R. R. Cotten, and known as the Cottondale Farm. Instead of fifty bushels he made one hundred bushels; and this is how he did it.

Put-on top of this four hundred pounds good guano of high grade, run out on top through this mixture and throw dirt back with turn plow and obtain a row on each side of nature two feet apart to plant corn. Then you have your rows two and five feet apart.

Plant corn two feet in drill one grain in hill.

And so you have the plan to make fifty bushels of corn per acre. Plant corn known as the seven-year kind.

Advantages would not have made them better preachers.

By Rev. A. B. Atkins. These words were written to one who had been ordained to the Gospel ministry. Ministers should exercise their gifts, especially the gifts they have for preaching the Gospel. Dr. Grant once said that the pulpit is the preacher's throne. It is when he preaches that he accomplishes the greatest amount of good.

Is The Moon Inhabited.

Science has proven that the moon has an atmosphere, which makes it in some form possible for that satellite, but not for human beings, who have not the same sort of atmosphere. It is especially those who don't know anything about the moon, who think that it is inhabited, who are misled. The moon is a dead, lifeless globe, and is not inhabited. It is a dead, lifeless globe, and is not inhabited. It is a dead, lifeless globe, and is not inhabited.

The Old Maids Tonight.

The Old Maids and the Giddy Girls will hold the boards at the opera house tonight. Since the arrival of Miss Dunkel a week ago, the cast has practiced most assiduously, and it is safe to say that when the curtain rises this evening the audience will never see upon an as well trained group as is ever seen upon the boards. The proceedings will be interesting from start to finish, and the indications are that a large crowd will be present. The dramatist persona include some of the best histrionic talent in the city, and under the direction of the artist that Miss Dunkel has shown herself to be, the affair will no doubt prove one of the greatest successes of the season. The following young ladies and gentlemen will play the roles assigned them on the program:

CHESTER'S LARGEST STORE

Ladies' Ready-to-Wear Hats

Nearly three-fourths of the Millinery Supply of Chester is composed of Ready-to-Wear Hats. These ready-to-wear hats are not trimmed in Chester, but in either Paris, New York City, Baltimore, or Philadelphia. These ready-to-wear hats are designed and trimmed by the most skillful milliners in the world. They are paid princely salaries. For example, the salary paid one of the milliners that trim a ladies' ready-to-wear hat, one single salary, remember, will exceed the combined salaries of all Chester's milliners. A ready-to-wear hat must please the peculiar and the fastidious tastes of the foremost milliners of the world. There are some stores, the writer is informed, who, of course, not realizing what they are doing, boldly lead us to believe all these hats are trimmed in Chester. We hate to point out errors, but in this case we believe it justifiable, as it will be to the interest of thousands of pocket books in Chester, Lancaster, York and Fairfield counties to know that three-fourths of the millinery stores' stock of Chester is constituted of ready-to-wear hats—bought from the identically same manufacturers—from which ours are bought. They employ milliners from Northern cities and pay them a fair salary—this is to put on a swell and big show—get the ladies excited at the openings, and secure any old price they wish for really cheap millinery. Klutz frankly admits all his millinery is composed of the most beautiful creations of ready-to-wear hats to be found. They are positively all designed and trimmed in Paris and New York City, by the rarest intellects in the millinery world. Klutz employs no milliner. Tries by all means to offer you hats sold by the little millinery stores around the city at high and unreasonable prices—at a Klutz saving price.

Our Millinery Supply Has Arrived

It would take a poet to convey to you the exquisite beauty and splendor of the Klutz Ready-to-wear Hats. Like a grand Italian Sunset, it must be witnessed to be appreciated. Words are too empty to describe it. Come and select one of the beauties; they are very, very cheap. You can buy five Spring Hats at Klutz' for what one of the same kind will cost you in any other store.

We wish to call the Boys' and Men's attention to our lovely display of Neckwear. Prices 5, 10, 15, 20, 25 and 50c.

Our Book Department
Is full of brand new copyright books. \$1.50 books at \$1.08.

Rodman Items.

Rodman, April 9.—Farmers are busy preparing their land to plant. Wheat and oats are beginning to make a show. Gardens are looking well. Calabash plants that were set out last month are growing nicely.
Communion service was held at Union A. B. church last Sunday. The pastor was assisted by Rev. O. Johnson of Neely's Creek. He preached a very interesting sermon. Sunday to a large, attentive congregation. His text was in the sixth chapter of Jeremiah and the sixteenth verse. Six united with the church during the preaching.
Messrs. Harvey Bell, of Blacksburg, and Thos. Bell, of Tennessee, spent Saturday night and Sunday with relatives here.
Misses Kate Blank and Cora Melton spent last Friday night and Saturday with the Misses Locke. Miss Mattie Locke accompanied them home and spent the night.
Mr. and Mrs. Bart Kee have moved into their new home.
Mrs. Hoggan spent a few days with Miss Nece here being sick. Miss Florence Burd spent Saturday until Sunday evening with Mrs. Esther Cochrane and attended the preaching at A. B. church.
Mrs. John Lyle Kee spent a while last week with her sister, Mrs. J. C. Simpson, who was sick.
Mr. Emmet Rodman has returned from Atlanta.
Persons who attended the marriage of the late Mrs. J. C. Simpson on Friday night at Blacksburg.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Wilks, Whiteside Avenue, Monday night. He writes: "Twenty years ago I had severe hemorrhages of the lungs, wood and milk, and I began taking Dr. King's New Discovery. It completely cured me. I have remained well ever since." Dr. King's New Discovery cures Hemorrhages, Chronic Coughs, Catarrh of the Lungs, Whooping Cough and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by the Chesapeake and Johnston & Goy Drug Store. 50c and \$1.00. Trial bottle free.

Fire at Carlisle.

The stock and the building occupied by the Carlisle Mercantile and Investment Co., until recently a stock company conducted by colored men at Carlisle, were destroyed here yesterday morning at 4:30 o'clock.
For a while, it seemed that the flames would spread to J. D. Smith's, but by hard work the extent of the loss was limited. A stock of Mr. Smith were injured to the amount of about \$800. The origin of the fire is yet unknown.
The concern destroyed was capitalized at \$25,000 and was organized about 1903, the shares being valued at \$15 each. A few weeks ago the corporation was dissolved by mutual consent.—Union Progress.

A Lucky Postmistress

Ms. Alexander, of City, Va., who has found Dr. King's New Life Pills to be the best remedy she ever tried for constipation, says: "I had piles and hemorrhoids, and I was suffering with her if you try these painless medicines and find no new relief, guaranteed by the Chesapeake and Johnston & Goy's Drug Store. Price 25c per box."

FAIR EXCHANGE.
A New Back for an Old One.
The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys and again the loins sag—no lame to speak of. No use to rub or apply a plaster to the back in this case. You cannot reach the cause. Exchange the bad back for a new and stronger one.
J. R. Porter, printer, employed on Progress, living on South Chester St., Union, S. C., says: "I have never felt better in my life than I have since used Don's Kidney Pills. It was a great sufferer from backache for a number of years. I had a severe attack across the small of my back. The pain was sometimes so severe that I thought my back would have broken. I have plastered it, and rubbed it until it was all raw and in mass of sores, but in spite of all this, nothing seemed to help me. I read about Don's Kidney Pills and got the use of two boxes entirely cured me."
Plenty more proof like this from Chester people. Call at the Chester Drug Store and ask what their customers report.
For sale by all dealers. Price 50c per box. Beware of cheap imitations. Remember the name—Don's—and take no other.
