There is a great deal of truth in this. But there is still more to come before the results of the effort are fully visible. Of course, those who continue to do their best and to work at the task of improving the educational situation in our schools and colleges will find that there are kinds of other effort that are all one could wish for. That is why we must keep our eyes open and always be ready to make the most of every opportunity to do something useful and efficient.

We have already begun this year's edition of the Johnsonian. As we have already been told, the results achieved so far have been very encouraging. We are certain to perform only if we have the right kind of glue and keep our eyes open and always be ready to make the most of every opportunity to do something useful and efficient.

Thank you for your attention.

W. O. WRIGHT
SAVE

We extend a warm welcome to the members of the Winthrop faculty and the student body and we desire to make this method of extending each of them an invitation to make use of the unexcelled facilities of this strong national bank.

It is our pleasure to enjoy the banking business of a large number of those associated with Winthrop, including a number of students.

To the Winthrop graduates who are located throughout the Carolinas and elsewhere, teaching and in other vocations, we extend an invitation to them to open accounts with this bank, as business coming to us through the mails has our same personal attention as business transacted in person.

Young ladies, send your salary checks to us each month for deposit and upon receipt of your first check we will mail you an attractive check book with your name imprinted on each check.

Thousands bank with the Old Reliable.

There's a reason; ask those who bank with us.
