Description of series and its contents:

This series contains a great deal of correspondence that not only relates to communication between Sims and particular students, but also to communication between Sims and other individuals who may have an interest in a particular student. The records relate to both academic and personal concerns. Most of the correspondence is missing for the 1956-1957 session, and all the correspondence is missing for the 1957-1958 session.

The records are arranged first by academic session and, thereunder, they are in alphabetical order by name of student. This is followed by general correspondence and related records which deal with students collectively, and pertain to such matters as scholarships, the Student Government Association and congratulatory letters to distinguished students.
