## WASHINGTON LETTER.

**Congress Adjournment.—Danzell and Cockran Quarrel.—Capt. Wm. S. Cowles Returns.—Senators Approve Cowles' Law Festival Reed Smoot Felicitated—Other Matters.**

WASHINGTON, D. C., April 28, 1904.—Congress will justify anticipation by adjourning today, probably at noon, amid the usual scene of noisy chaffari of catch-up and political maneuvering. A good deal of important legislation goes over without enactment.

Last week I told you readers that the two parties in Congress were growing more tolerant of each other as the session drew to a close and that less invective and vituperation was heard upon the floor. Alas! my words had scarcely gone forth when a tumultuous quarrel broke out between John Danzell, the Pittsburg Republican veteran, and Bourke Cockran, the Democratic successor to the seat surrendered by Mayor McCallan. It was a terrible outbreak of rage and scorn in which Danzell charged Cockran with having been hired to check his principles for money, and the eloquent Irishman repelled the accusation in a whirlwind of angry recrimination and exhibited remarkable ingenuity in calling the Pittsburg a liar several times over without using the word and without violating parliamentary rules. It was an oratorical combat of the first class—a royal battle. Each champion was cheered on like the fighters in a prize ring.

Every auditor felt that the contestants were not fairly matched. Bourke Cockran had not his equal. Danzell is his equal only in parliamentary experience, having been in Congress thirty-six years. He is a graduate of Yale, and is gifted with full mental and rhetorical resources, but he is a little man, with a falsetto voice, and hysterical gestures, and is far from eloquent. He does not possess the masterful qualities of the Irishman from New York. He made the most of Cockran's apostrophe to free trade as the solution of the trust problem and other prevalent evils, and directed his fire before the American people with free trade as a platform. He spoke of himself as "a gentleman", and of Cockran as a harlequin, characteristics out of which the witty Irishman created much amusement. Cockran declared vehemently that either he or Danzell ought to be expelled from Congress and demanded that a committee be appointed to ascertain which of them the speaker refused to appoint the committee.

The great republican majority in the House is not often beaten in the tricks of legislation, but the Democrats executed a coup d'état on Tuesday which gave them an advantage. Some weeks since Mr. Williams, the minority leader, introduced two resolutions which would show you why the Attorney-General had not prosecuted the coal trust, and the conspirators of the Northern Securities Merger. The Republicans smiled, and referred the resolutions to the pigeon-holes of the Judiciary Committee—a cemetery where such resolutions have no hope of restriction, but the Democrats for the counterblast sent the resolutions to the capitol by various devices, called a meeting of the committee and instantaneously adopted the resolutions and recommended the House to pass them. Here's a pretty lie. Here's a pretty how d'you!

The Republicans brooded on the dilemma for a week and then passed the resolutions, having decided that to defer them would be all more desirable. Mr. Williams says "this is to laugh".

The battleship "Missouri", Captain Wm. S. Cowles commanding, is still at Pensacola. The newspapers have given very full reports of the terrible tragedy in her turret and it is not likely that the Court of Inquiry will reveal much more of its details. Have known a few of the crew, many of whom are on their way to a friendly letter from a "nearly all the dead men" who were in the turret.

## TWO HOMICIDES

**Three Men Shot Down Wednesday over Trivial Matters—Two Dead.**

BATESBURG, April 27.—Ben Burton, a merchant, was shot and instantly killed this morning by Morgan Thrailkill, a prominent farmer of the same section, and Lecky Burton, a brother of the dead man, was shot and seriously wounded by Clarence Thrailkill, a son of the other.

The shooting grew out of a dispute concerning the ownership of a revolver. Early this morning the two Thrailkills drove up to the Burton store in a buggy and demanded a pistol that young Burton had in his possession. The latter refused to give it up, saying that it had been left with him by his brother and that he had no right to give it up without his, Ben Burton's, consent.

Old man Thrailkill raised a gun to fire but young Burton caught it before he could fire. While this struggle was going on young Thrailkill, a boy of 19 years, fired upon Burton with a revolver, inflicting a serious wound in the groin. The mule that the Thrailkills were driving became frightened and ran away; this, it is conjectured, preventing them from killing Lecky Burton outright.

Soon afterwards Ben Burton came up and was immediately shot down by Morgan Thrailkill. The only remark that Ben Burton uttered was "What have I done to you?" being made after he was shot.

It is said that the Thrailkills were enraged and for a time after the shooting were perfectly wild. Ben Burton married the elder Thrailkill's niece. He leaves a wife and two children. All the parties are respectable and well to do people. The elder Thrailkill is one of the finest farmers in this section of the country. He is a man of about 45 years of age, while his son is only 19.

Young Burton, the wounded man, is 24 and the dead man was about 35. The two Thrailkills have gone to Saluda and surrendered. Solicitor Thurmond is on the scene to look after the interest of the State.

The county line between Aiken and Saluda counties runs through Monetta, between the stores of the Burtons and of Stevens & Cato, where Lecky Burton was after he was shot, and it is said that Lecky Burton was shot in Saluda county, while Ben was killed in Aiken.

CONWAY, April 27.—Town Marshal J. F. Borum shot and instantly killed Mr. W. E. Porter, a prominent liverlyman here about 3 o'clock this afternoon. Borum went to Porter's liverly stable and exclaimed to a negro boy, saying "Come on, Jim." Porter asked Borum what he wanted with the negro. Borum said he wanted him as a witness in connection with a "rucus" that had occurred several days ago. Porter asked what rucus and Borum told him it was none of his business.

Several witnesses testified at the inquest that at this point Porter rose and advanced a few steps toward Borum. Then Borum struck Porter two or three licks in the head with his club. Porter broke away and ran into his office. Borum backed off into the street. Next Porter appeared at the door with a pistol. Borum fired immediately and Porter returned the fire with one shot. Then Borum shot once or twice more. Porter walked back into the office and back into the adjoining carriage house, where he fell. He was dead when the first man got to him.

Town Marshal Borum went immediately to jail to give himself up. He is now in jail.—Special to The State.

## Gambling at College Base Ball Team

The Greenville News of a week or two ago under the caption "Furman was another game" had subtitled the statement "Being was 2 to 1 in Furman." No doubt this must have been a shock to many friends of Furman University but we reproduce what the News said.

Furman University took the Wofford College base ball team to camp yesterday and trimmed it to camp and strong. At no time were the visitors in line of victory. They were whipped from the jump and the scores of 5 to 1 told the story of a splendid game, which was witnessed by one of the largest crowds ever seen in the circus-like park on the campus.

Lecky Burton, who went in the box for the home club, sent a lot of puzzling curves over the plate that mystified and staggered the youngsters from Spartanburg, and they bit the dust. On the side, there was a lot of betting with Furman favorable at the odds of 2 to 1. It would have been a safe bet at even more liberal odds, for the Wofford team was clearly outclassed. It was outplayed, and the clever work of the locals showed in the manner of the aggregation of diamond stars that will win other laurels before the season ends.

Now is this not a deplorable state of affairs on the campus of a denominational college? A game of base ball is played between two colleges Wofford and Furman and the gamblers are on hand and openly ply their work! It is not high time that two of the largest denominations in the state were taking some cognizance of the management of their institutions? If the faculty and the trustees are unable to suppress this thing than the South Carolina Methodist Conference and the Baptist State Convention should take a hand. Dr. Furman is dead, one of the purest and most godly men who ever lived. How could he have borne such a thing? But there are other godly men still in the land and they ought to know what to do. We wonder if the base ball crowd are controlling the whole business. It looks that way. As things are now going we see no need of denominational colleges.

The news of last Saturday gives an account of a game played between Davidson college is which occur the following:

There was a lot of money on the result and it stayed in town. Odds of 2 to 1 were offered on the North Carolinians and stacks of money were placed at those prices, while many were willing to take the Furman end at even money. It was a gamble, all the way through, and while Davidson figured to win long on the finish showed that it was no 2 to 1 shot.

This is not enough to wake up the Christian people of the country we should like to know what will. We wonder if all the editors of denominational papers are dead or living? They must be dead.—Greenwood Journal.

Rheumatism.

—Rub the swollen, painful joint or muscle with Elliott's Emulfified Oil ointment. Relief will come in five to ten minutes and a permanent cure result if its use is persisted in. Elliott's Emulfified Oil ointment is very penetrating and soothing. It quickly relieves inflammation and disperses congestion. It cures lameness, stiffness, soreness of joint, muscle bruises, swellings, contusions and sprains. Full 32 oz. bottles, 25 cents. T. S. Lelmer.

Chester's Cooking Club.

—There are clubs and clubs but Chester comes to the front with the most useful yet. Judge from the following: The Cooking Club had a meeting with Miss Hamilton Henry, on Friday afternoon. Each member brought a dainty dish of her own selection and cooking, namely: Devilled eggs, toasted cheese crackers, pickles, salmon croquettes, devilled ham, mangoes, plain cake and coffee. Lelmer's preserves were given by the hostess. These young ladies will come to be housekeepers and a joy to their husbands.—Greenville Gazette.

Made Young Again.

—One of Dr. King's New Life Pills each night for two weeks and you will be a young man again. Write Dr. H. Turner, of Dumfries, Pa. They're the best in the world for Liver, Stomach and Bowel complaints. Beware of cheap imitations. Only get at Lelmer's Drug Store and Johnston Drug Store. 17.

## Weather Forecast for May.

The general character of the weather during the first half of the month will be sudden changes in temperature and a tendency towards tornadoes, hail storms and electrical storms.

The precipitation during the month will be unequally distributed.

The 1st partly cloudy and warm in districts north of the 27th and 28th will constitute the most precarious storm period of the month. A wave of great warmth will develop at this time. A large number of low barometers will cross the continent causing almost continued cloudy weather. Thunder storms will be numerous in all parts of the country, giving rain to all sections. Destructive storms will be reported by telegraph and newspaper during this period. Cold for the season will follow behind the storms. 8th and 9th clear and pleasant. About the 10th and 11th another low barometer will cross the country giving rain and storms in many sections. 12th to 14th clear, 14th partly cloudy. New moon on the 15th and at extreme northern declination on the 17th. From about the 15th to 18th note carefully all indications of a depression of time, and the barometric conditions as reported by the weather bureau. Fearful storms may come about this time. The usual cool wave may be expected after the storm, that is, when the storm conditions pass finally away. 19th to 21st clear. About the 22nd short showers, followed by cooler weather. 23rd to 25th clear. About the 27th to 30th a very warm wave and low barometer will cross the country giving rain in many sections, in places heavy rains, much thunder and lightning, 31st clear.

## Are Your Lungs Sounded???

Rydale's Elixir cures weak lungs. If you have a bronchitic affection, or if you fear you have consumption, rely on Rydale's Elixir. This modern scientific discovery kills the germs that cause chronic throat and lung diseases and assists nature to restore these organs to health. Rydale's Elixir is also a certain cure for acute throat and lung troubles, such as coughs, colds, hoarseness, etc. Rydale's Elixir is a splendid family remedy for young or old. T. S. Lelmer.

## Look out for Agents.

The Cotton Plant says the aluminum makers ought to insert this warning the first of April: "Look out for the long tailed agents about this time." Never sign any sort of paper presented by them, and do not even write your name on the blank page of a memorandum. Out west one of these fellows went around amongst the farmers ostensibly introducing some machine that the farmers were interested in. He was not taking orders, but finding out probable purchasers so as to have circulated by the house. For some reason or other he could not write and he asked the farmer to write his name and address. He managed so the name would be on the lower right hand corner of a blank page in his memorandum, which page was about the size and shape of a nap. After getting a few of these signatures he filled out bankable notes above the signature, and then cashed them. Look out for the agent who is selling you a cotton plant, it's a good thing you have not had an attack of the cotton plant yet. Buy your cotton plant from the Cotton Plant Co. 17.

## A Startling Test.

To save a life, Dr. T. G. Merritt, of the Mahanopony, Pa., made a startling test, resulting in a wonderful cure. He writes: "The patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Dr. Bitters excellent for acute stomach and liver troubles, so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Bitters is a positive guarantee for Dyspepsia, Indigestion, Constipation and other troubles. Try them. Only get at Lelmer's Drug Store and Johnston Drug Store. 17.

## Resolutions of Thanks.

At a special meeting of the Chester Epworth League, held at the parsonage Tuesday, 26th inst., at 8:30 p. m., the following resolutions were unanimously adopted by a rising vote.

Resolved, That we heartily thank the eleventh session of the Epworth League Conference, recently held in Chester, for having pronounced a marked success under God, which is largely attributable to the earnest work of our special committees and the hearty cooperation of our congregation and to friends among other congregations, therefore, be it resolved:

1st. That we heartily thank each committee for its faithful work.

2nd. That we most heartily appreciate the cooperation of our congregation.

3rd. That we render grateful thanks to our friends of other congregations who so kindly proffered to entertain guests.

4th. That we reverently and fervently thank our Heavenly Father for the great blessing bestowed upon us through the instrumentality of the Epworth League Conference.

5th. That a copy of these resolutions be furnished to the city press.

G. P. WATSON,  
MARGARET LORIE,  
MAY STEWART,  
Committee.

## Heart Stomach-Heart Burn.

Heart Burn results from an acid or sour condition of the stomach. This acidity is caused by indigestion. The food is only partly digested and undigested portion ferments, producing acid and gas, these produce heartburn and sour stomach. Rydale's Stomach Tablets speedily relieve these conditions. They neutralize the acid and food, restoring normal conditions. Rydale's Stomach Tablets cure all forms of stomach trouble. T. S. Lelmer.

## Not a Good Democrat.

William Jennings Bryan, of Nebraska, may have been a good Democrat some years ago, but we believe then that he was, but now we are of the opinion that his democracy is, to say the least, somewhat questionable. He sets himself up as the autocrat of the great Democratic party and presumes to lay down the rule that all other members of the party must adhere to in approval before presenting themselves as candidates. The man who essays to be a dictator within the Democratic party and tries to set up and pull down candidates is not a good Democrat and the party would be better off without him in it.—Sumter Watchman and South-land.

## An Open Letter.

From the Chapin, S. C., News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give us any relief. A friend who had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and at once felt the effects. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, Editor. This remedy is for sale by J. J. Stringfellow.

## Winter Began in April.

A special to The Post from Hopkins, S. C., says: The State to the recent and continued cold weather, a statement taken from an old scrapbook of Mrs. Addie Hopkins, an elderly lady of this place, might furnish interesting reading matter for the weather man and the farmer. It reads as follows:

"January and February 1867 were warm and springlike. March was cold and stormy. Vegetation had gotten well along in April and May. In June and July it snowed every night but three. July was cold and frosty. August was worse; ice formed nearly an inch in thickness and killed nearly every green thing in the United States. In the spring of 1871 corn which had been kept over from 1865 sold for from \$5 to \$10 a bushel, the buyers purchasing for seed.

## Quick Arrest.

J. A. Guldage, of Vashona, Ala., was twice in the hospital from a severe case of piles causing 24 days of suffering. After doctors and remedies failed, Backen's Anlica Salva quickly arrested further inflammation and cured him. It cost him only a few cents. Price, 25c; at Lelmer's Drug Store and Johnston Drug Store. 17.

## Blacklock Club.

At a meeting of the Blacklock Democratic club, held on the 23rd inst., the following officers were elected: President, T. J. Cunningham; vice-president, S. T. McKewen; secretary and treasurer, Jim S. McKewen; executive committee, T. C. Strong, T. W. Shannon, S. T. McKewen; county executive committee, S. T. McKewen.

Delegates to the county convention, T. J. Cunningham, T. C. Strong, S. T. McKewen, J. Smith Hardin, R. B. McCall, T. W. Shannon, H. T. Boyd and Alex. Maclean.

Resolutions were passed condemning the practice of allowing others than qualified electors to vote in the primary election, and the delegates were instructed to take this matter up in the county convention.

All kinds of medicines, stationery and office.

March will begin at opera house promptly at 5:30. All persons are requested to furnish all the flowers they possibly can, and leave them at the opera house in case parties cannot go out. Flowers will be strewn upon graves at cemetery under direction of the Daughters of the Confederacy. J. W. REED. A Sport of the Wind. Mr. D. Roe Coleman told us yesterday of a remarkable caper of the wind a day or two ago. He was visiting his sister, Mrs. Henry M. Owens, near Hopp postoffice, in Fairfield county, and they were in the piazza and had a number of newspapers around. A little while wind sprang up, swept through the group, took up the papers and carried them toward the sky. They seemed to remain partially folded. Three of them went in a north-eastern direction, while one went eastward. Up, up they went until, in the sunlight, each looked like a star, then appeared as but a speck, and finally vanished out of sight. There is no telling their destination. Mr. Coleman thinks they had Mr. H. M. Owens' address on them. One of the papers was The State and another was the Fairfield News and Herald. It seems that there was no Lantern in the party. The matter with which it is freighted is so great specific gravity that subscribers can lay it down on the floor without any fear of its rising and floating off in the air. We advise our brethren of the press to gild their papers with weightier stuff. Letter to W S Taylor Dear Sir: "It costs as much to put on poor paint as good"—a common saying and true—it costs much more to put-on poor paint, more gallons. Poor paint is paint and barytes or paint and chalk or paint and benzine or paint and water; and these are the usual cheats; there are others. It takes more gallons of paint and more of the labor of painting is so much a gallon—one gallon costs as much as another, for labor. This is the way to reckon your costs for this year; but how about next year? Paint Devos, and next year costs nothing if after next at the same, the same for several years. Paint anything else, and your costs recur according to what you paint-with. Some of the mixtures wear one year, some two, some three. It costs twice, three times, four times, five times, as much to paint with a cheap as to paint with Devos. Yours truly, F W DEVOS & CO. Jos A Walker sells our paint. FOR RENT—rooms over post office, perfect repair, water in building. Miss Lella DeVega.

Jack Notice. Now is the time to raise good mules. Mules from my Jack are as good as I ever saw and catch the admiration of all judges of horse flesh. **Horse Health!**

For putting in prime condition any horse or mule the best of all remedies is Ashcraft's Condition Powders. These Powders are wonderfully effective because they create appetite, the digestion is made perfect, worms and parasites destroyed, and the system cleansed of all gross humors. The Powders fatten but never bloat. Ashcraft's Condition Powders are wrapped in doses. In fact, in their preparation the same care is used that a druggist would exercise in the filling of a physician's prescription. High grade and real merit is the first consideration.

Ashcraft's Powders consist of small doses, prepared from the purest and highly concentrated ingredients, that have been found beneficial to horses and mules. Ashcraft's Condition Powders—always high grade—are not to be classed with the many bulky, good-for-everything powders now on the market. Ask for Ashcraft's, the kind put up in doses, and good for horses and mules only.

"Having tried many kinds of Condition Powders, I am pleased to recommend yours to my friends and customers."—J. C. HELL, Hickory, S. C.

**Most People Left Legged.**

"Are you left legged?" said one man to another. "No, I guess not," was the answer. "I suppose I'm right legged, if by anything—or, rather, ambidextrous as to my legs—equally expert with both of them." "Well," said the first speaker, "yours is a pretty widespread mistake. You are, as a matter of fact, left legged. All of us are left legged except the left handed, who are, as a rule, right legged."

"Explain this to me," said the other. "Men working with the right hand mainly are obliged to support themselves mainly on the left leg. This, leg, thus doing more than its brother, grows bigger and longer and stronger. It is emphatically 'the' leg of the two, and on it, therefore, the main business of the body falls."

"How do you mean?" "Well, take running, for instance—racing. On all running tracks don't the racers bear to the right, thus giving to the left leg the brunt of the work? Isn't the start of a race made with the left foot? Don't men mount their horses with the left leg?"

"I declare," exclaimed the other man, "you have proved your point."

"To be sure I have," was the rejoinder. "Another proof, too, would lie in the measurement of legs and feet. The left legs and feet of the right handed are as a rule a little longer and a little stouter than the right ones. With the left handed this is not so frequently the case, for the reason that left handed persons when at work throw their weight not on the left but on the right leg."—Ex.

**Whooping Cough.**

"In the spring of 1901 my child had whooping cough," says Mrs. D. W. Capps, of Capps, Ala. "I used Chamberlain's Cough Remedy with the most satisfactory results. I think this is the best remedy I have ever seen for whooping cough. The remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency to ward off pneumonia. For sale by J. J. Stringfellow."

**Time to Pray.**

A preacher at the conclusion of one of his sermons said, "Let all in the house who are paying their debts stand up." Instantly every man, woman and child, with one exception, rose to their feet. The preacher seated them and said, "Now every man not paying his debts stand up." The exception noted, a careworn, hungry looking individual, slowly assumed a perpendicular position. "How is it, my friend," asked the minister, "that you are the only man not to meet his obligation?" "I run a newspaper, he meekly answered, and these brethren here who just stood up are my subscribers, and now—" "Let us pray," exclaimed the minister.

**Cured His Mother of Rheumatism.**

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by J. J. Stringfellow.

**Cotton and Cloth at World's Fair.**

Cotton growing, cotton harvesting, cotton manufacture of cloth and apparel will be demonstrated in all possible phases at the Louisiana Purchase Exposition in St. Louis. The machinery to be seen in the special cotton exhibit of the Agricultural Palace is only to illustrate the process of handling the staple from the field to the mill. The visitor can go to the Palace of Manufacturers and see the process again taken up and continued to the completed cloth, and on to the finished garment ready to wear. Here will be in operation spinning machinery and looms and other apparatus that will take the cotton as it is delivered at the mill door and turn out the cloth, and then this is passed to other machinery in operation that will turn out cotton aprons, shirts, handkerchiefs, and a great variety of articles. Knitting machinery will be running and making hosiery, and other machines will make collars and cuffs.—Selected.

**Cures Eczema, Itching Humors, Pimples, and Carbuncles.—Costs Nothing to Try.**

B. B. B. (Botanic Blood Balm) is now recognized as a certain and sure cure for eczema, itching skin, bones or joints, boils, carbuncles, pricking pain in the skin, old, eating sores, ulcers, etc. Botanic Blood Balm taken internally, cures the worst and most deep-seated cases by soothing, purifying and vitalizing the blood, thereby giving a healthy blood supply to the skin. Botanic Blood Balm is the only cure, to stay cured, for these awful annoying skin troubles. It is every sore and gives the rich glow of health to the skin. Builds up the broken down body and makes the blood red and nourishing. Especially advised for chronic, old cases that doctors, patent medicines and hot springs fail to cure. Druggists, \$1. To prove B. B. B. cures, sample sent free and prepaid by writing: Blood Balm Co., Atlanta, Ga. Describe trouble, and free medical advice sent in sealed letter.
