"The Will of the People."

The ordinary political convention is a collection of wild animals, whose actions are extremely amusing, but absolutely without form and void.

Each delegate is duly ticketed and loaded with his proper credentials, fondly imagining that he really is of some importance in the gathering.

"The will of the people" stood about "deuce high" in the political deck. The will of the bosses was as important as the law.

The bosses represent the people; they represent the people and the chairman and secretary of the convention represent the delegates, and the bosses represent the chairman and secretary.

Mr. Moore returned to his home in Brasby Creek township, D. C. Duworts plantation in 1905.

### THE DEFEAT OF THE FANS.

The local baseball club is getting into the field now under the able management of Mr. Smith. They are practicing every day, two hours every morning and afternoon.

Mr. John I. Smith, of Greenville, N. C., is in charge of the local and will continue to act as manager until Manager Caldwell arrives. Mr. Smith is a player with plenty of experience.

The following men are all ready on the ground and doing practice work: Bell, Charleston, S. C.; Vickory, Valdosta, Ga.; Temple, Wake Forest, N. C.; Young, North Carolina; Shepherd, Evansville, Ind.; Miller, North Carolina; Snooks, Olney, O.; Koch, Ohio; Drake, Charlotte, N. C.; Smith, Greenville, N. C.; Newman, Concord, N. C.; Forbes, Greenville, N. C.; Davis, Wilmington, O.; Wideman, Duw West, S. C.

Several more first-class ball players will be here in a day or two and the team will be in excellent shape to meet the Rock Hill aggregation in Rock Hill next Monday.

The Mechanics from Columbia will be here Friday to play a "double header" with the locals.

The Leaguers and the High School team met on the local diamond Friday when the latter were defeated by the former by a score of 18 to 0. There was of course no necessity for a great amount of exertion on the part of the Leaguers, although several of them went down before Bigman's bench. Bigman was in the best for the High School and proved himself to be quite a twirler.

Power Co's. Representatives Here.  
Messrs. W. S. Lee, Jr., and A. S. Milrow, two of the Southern Power Co's officials, were here Friday evening and addressed a number of citizens. The tone of Messrs. Lee's and Milrow's remarks, in reference to the building of a power line into Chester, was distinctly encouraging. They also intimated that there would be no trouble in selling the local light plant to the Southern Power Co. should the citizens of Chester desire to do so, at a fair price.

Mayor Caldwell, acting under instructions of council at the last meeting, has made arrangements with a competent man to come here and appraise the plant, and this party is expected immediately. Council, it will be remembered, was unwilling to assume the responsibility for selling the light plant, and at the last meeting decided to refer the matter of selling to the citizens, should a proposition be received.

### LETTER TO W. O. GUY

Chester, S. C.

Dear Sir: Here's honesty for you! North Dakota has a pure paint law! And find it no load at all a redoubtful and certain paint labeled "contains only lead and zinc and is strictly pure and safe to use." It is, however, full measure and contains no water. That's like the man on trial for killing his grandmother; proved that he didn't but fire to the home.

No lead, but zinc and barites, resin, and iron, but strictly pure lead and zinc paint.

North Dakota is doing a handsome trade in holding up confidence—put it up to work. The give their names as well as their works.
