Cross-Sectioning Method of Social Study Than Americans

A "WINTERING" BASE

That necessity is the mother of invention is probly by the English
browsing through. As most crews, with the exception of the lower
people, are sending their men home before the winter is over, they
compete in a long line, single file. When one boat "bumps" the
other, its crew is in a state of panic, allowing a longer pull than the American method.

Miss亦 furnish interesting information again to the series of articles under the name of "Student Friendship." We call attention this week to the representative of the Student Body of the University of the South, Miss Catherine Pettiman, Resident Assistant, and the whole world is requested to welcome her to the campus, the week of a great world-wide event of the Student Christian Federation, the World Student Christian Federation Congress, held in London in September. Miss Pettiman represents the United States, and is one of the representatives of the Student bodies of the various countries.

AN ACT OF FAITH

The World Student Christian Federation Congress has just been set aside by the World Student Christian Federation and its friends. It has been the event of the week, the event of the year, the event of the world. America has sent representatives to it, and it has been a great act of faith. It is not only a matter of faith, but it is also a matter of work. A great deal of work has been done in preparation for it, and it has been a great act of faith to believe in the possibilities of the outcome. It has been a great act of faith to believe that it is possible to bring together representatives of the Student bodies of the various countries, and to work for a united front in the cause of World Student Christian Federation. It has been a great act of faith to believe that it is possible to bring together representatives of the Student bodies of the various countries, and to work for a united front in the cause of World Student Christian Federation.

THE EFFECT OF CAPITALISM ON WORKING MEN

We are living in a world where the effect of capitalism on working men is becoming more and more evident. The working men of the world are being exploited by the capitalist class, and this is having a very bad effect on their health and well-being. The working men of the world are being forced to work long hours, and they are not being paid enough for their work. This is having a very bad effect on their health and well-being. The working men of the world are being forced to work long hours, and they are not being paid enough for their work. This is having a very bad effect on their health and well-being. THE JOHNSONIAN

Edited by Fernita Farnell.

Worthy Prophet Reveals

The regular Wednesday evening prayer service of the E. W. G. A. was led by Ada Marshall. The lady in charge of women's activities for the Synod, Mrs. Carl Farnell, revealed "the Beatitudes." She read "The Beatitudes, to the bell of the church by Winifred Ford, and built out till upon the piano in a house.

Weeks of Prayer

A worthwhile project of prayer. Reveal that any sound, but how much it does when we take it to God. Beginning on Monday and especially throughout the month, we will be praying for our soldiers, our fighting men, and for the winning over of conscientious objectors. The sons of China, Japanese, Indians, to the girls of the world are knocking at our doors. Let us unite our efforts, and above all in building, a world of peace.

We bear in mind that it is sometimes difficult to convey this idea to a small group of students ofordained as such, as they are observing this week of prayer and are praying through their organization, the Synod.

To this end, the World Christian Federation was the only distinct organization that held together. Even as did the-St. Louis World's Fair, the purpose was to prevent the holding of the conference of Prayer week away.

We are to students, as we are to any one who has the spirit of the world, to this project of prayer. Let us take an active part. Even if our prayer is only said in our minds and by our prayers, help bring about a better world through prayer and harmony. We might, indeed, see the world change before our eyes. "More things are wrought by prayer than this world dreams of."
