A Trip Through Plant

This week I was privileged to visit the different departments of Winthrop College. It was a wonderful experience, and I hope to share some of the highlights with you.

The libraries were impressive, with an extensive collection of books and periodicals. The oldest library is probably the most prestigious, with a beautiful reading room that is a perfect place to study.

The science labs were state-of-the-art, with the latest equipment and technology. I was particularly impressed by the biology lab, which had a series of tanks filled with a variety of fish and other aquatic life.

The art department was also noteworthy, with a number of impressive works of art on display. The sculpture garden was a highlight, with a number of sculptures by local artists.

The physical plant was also well-maintained, with a beautiful campus that was a pleasure to walk through. The dorms were comfortable, with a number of options to suit different needs.

Overall, it was a wonderful experience, and I would highly recommend a visit to Winthrop College. It is a truly wonderful institution that offers a great education in a beautiful setting.
WHAT MAKES A CHAMPION?

The fact that the hockey season has already ended is the result of its being a non-profit organization. It is to be hoped that the board of directors will take some action so as to try to make the season profitable. Each club is one of the strongest in the country, but the opening game played previously after more than a year and a half, but the opening

Furniture Quality is Furniture Economy

There is no greater mistake in selecting furniture than the imaginary economy of buying furniture at the lowest possible price.

Furniture quality is furniture economy, because the right kind of furniture will give you a lifetime of satisfaction and service.

You find that you are furnishing your home with assurance when you know that the furniture you buy represents quality in style, construction and sound values in workmanship.

We have built our reputation on real furniture quality, and the fairness of our prices is your guarantee of good furniture economy.

A bank's usefulness cannot be measured by only its balance sheet as a guide. True, a bank must be strong in order to be useful. But here at the Citizens Bank we try to remember that there are other things quite as important as staggering figures. Such things, for instance, as a sincere willingness to serve, an understanding of folks' needs and an appreciation of the other fellow's viewpoint.

We invite you to start an account here and join the many who are already taking advantage of our service.
