BASEBALL.

Chester Loses Two Games to Sumter—Real Rock Hill in Good Game Yesterday—Trouble With Umpires.

FRIDAY'S GAME

Friday's game showed a complete reversal of fortune. Up to the fifth inning it was a pretty game, without a score on either side. Tagg a base on balls and an error or two with a hit thrown in allowed Sumter to make a run, followed by two more in the fifth. Chester in the meantime was being blanketed. The sixth inning saw several more runs for Sumter, but darkness was fast descending on the scene, and the umpire called the game, which went back to the fifth inning. First baseman Yount sprained his ankle severely, and had to be relieved by Temple.

Score: Chester..... R H E
Sumter..... 000 012-3 5 0
Batteries: Chester, Biel and Hamrick; Sumter, Waters and Stephens. Umpire, Miller.

SATURDAY'S GAME.

Sumter made it two out of three by taking the last game by a score of 6 to 2. The locals were not at themselves, and their numerous errors were mostly responsible for Sumter's scores. Drake made two double plays unassisted.

Score: Chester..... R H E
Sumter..... 000 010 001-2 4 8
Batteries: Temple and Hamrick; Waters and Stephens. Umpire, Miller.

Rock Hill, June 1.—Rock Hill lost the game to Chester today. Chester played fine clean ball but that alone did not win. A wild throw gave the visitors three runs in the fourth inning, and the work of the umpire did the rest. He was honest and almost mobbed on his return to the hotel. It is rumored that the Catwabs will not enter the game Tuesday with Miller as umpire. Farnsworth, who is Sumter's home run and Chester's left fielder's catch.

White Blackberries.

Last Friday Dr. J. G. Johnston showed us a number of white black berries, which he gathered from plants which he found growing in his yard. They have the taste and the appearance of the ordinary blackberries at all that they are white in color, with only a pinkish tint.

Court En Banc.

W. H. Newbold, Esq., was in Columbia yesterday in the interest of Gas Lee, who is under sentence of death for the murder of Lucius Jones and whose case is before the supreme court. The court was evenly divided and an order has been issued for the circuit judges to sit with the supreme court on the case.

Mr. W. E. Castles Dead.

Mr. W. H. Castles died Saturday, May 30, 1908, at his home in Blackstock, after an illness of several weeks which was heart affection. The funeral was at Concord church, after funeral services at 12 o'clock, conducted by Rev. G. M. Hayes.

Mr. Castles was reared in the Haswellville neighborhood but after his childhood all scattered off, he and Mrs. Castles moved to Blackstock and have been making their home there for about six or seven years. He was about 70 years old and is survived by his wife and six children: Mr. Jack Castles, of Haswellville; W. T. Castles, of Cornwell; Mrs. W. L. McKewen, Mrs. Spratt Castles and Miss Annie Castles, of Atlanta, and Mrs. Louise Seliger, who has made her home with her parents since the death of her husband a year or so ago. He went to the Confederate army with the Sixty-third, and was later transferred to the Twenty-third regiment.

Advice to the young man graduate: Get a job for the summer and hustle at it. You will find the effect quite marvelous. (Also will your dad.)

Reducing the Acreage.

If all the southern farmers are in the same frame of mind as the Farmers' Union, there will be no doubt about the good price for this year's cotton crop. The union has adopted a strategy that will do the work. Some days ago the president of the national union advised all members to plow up a certain per cent of their cotton and plant food or forage crop instead. Local unions all over the country are acting on this advice. Cotton has been plowed up in Union, and more will be. This plan was adopted instead of the usual plan of reduction in acreage, so that there could be no doubt about the result. It was argued that if the union was known to be largely reducing their planting time what increase, many outside farmers would increase. On the other hand if the union men went on with their planting as usual, there would be no increase by outsiders, but a tendency toward reduction. Monroe, N. C. Journal.
