THE LANTERN,
 PUBLISHED TUESDAYS AND FRIDAYS.
 J. T. BIGHAM, Editor and Prop.
 Entered as the Postoffice at Chester, R. C., as second-class mail matter.

TUESDAY, JUNE 18, 1901.

The insurgent Filipino leader, Calles has determined to surrender, which will probably end all organized resistance to the American forces.

It is distressing to see so many oats standing in the field exposed to the weather. Capping the shocks, which was common formerly, seems to be a lost art. Shocks can be protected in this way so that the grain will be uninjured, or but very slightly damaged, almost indefinitely, unless blown down, and if the shocker understands his business, they will withstand any ordinary wind, especially after they have settled a few days. If farmers are going to raise grain they should study and practice shocking and capping.

The Rev. J. G. Hall, of Cuba, is with his daughter, Mrs. M. S. Lewis. He says the revolutionists are dominant in Cuba. They have little or no property and nothing at stake. They are opposed to American influence, and people of the other faction or party, made up of the property owners and by far the better element, are afraid to actively oppose the revolutionists. He thinks annexation will come, and it is best for all concerned that it should come, but the influence of the revolutionists must be overcome first. The dominant element are afraid to govern, and the better class, who have interests at stake, crave American protection from home rule.

Cornwell's Mill Items.
CORNWELL'S MILL, June 17.—After two or three cotton days and nights, it has begun raining again and the grass that has just been plowed up will get a nice start before it can gain be uprooted. Crops in this vicinity are looking very well considering, though small for this time of year. This rain is bad on the grain farms where there must have been a great deal cut down. Mr. J. F. Rowd's new reaper and binder are doing beautiful work on his Moffatt place, in the hands of Mr. Fred Mickle. This machine is something new for this part of the country and has created a great deal of interest among the farmers. We believe Mr. Mickle has the finest wheat and oats for several miles around here.

Mr. G. B. Cornwell had a fine field of bottom land wheat, but the creek damaged it considerably. The rush of water on the farms has put a stop to visiting in a great measure, and only the young ladies who have escorts do the farms are fortunate to get about. Some of our young people attended the Jordan school closing exercises last Tuesday night. Among the number were Misses Bessie and Georgia Cornwell, accompanied by Messrs. Marshall Steele, of Rock Hill, and Dave Simpson, of Charlotte. All report a nice time and an exceptionally good entertainment. We would have enjoyed it, had it been possible to go, for most of those taking part were small boys and girls when we left that neighborhood ten years ago, or were babies in their mother's arms.

Misses Addie and Bessie Starnes visited the home of Mr. G. B. Cornwell last week.
 Master Elma McFadden visited his brother's family last week.
 Dr. T. L. Cornwell visited his brother and family recently. This is one June the doctor found spring chickens scarce. That seems to be the cry in all parts of the country—scarcity of young chickens, and those who have plenty are late.
 Mrs. Shannon, mother of Mrs. G. B. Cornwell, is in very poor health at present, and her condition gives her three children a good deal of concern. Mrs. Shannon makes her home with Mr. Hiram Shannon, her youngest son, near Leeds.
 Miss Gilly Neely, daughter of Mr. W. R. Neely, is at home after ten month's absence. In Yorkville attending school. Gilly is looking well and has grown some this past year. We will soon have another young lady in the neighborhood.
 Mrs. John Clark is in Rock Hill at the home of her mother, Mrs. Gladys, to undergo an operation for cancer. She is under Dr. F. Randall's care.

There are six proud parents on three adjoining plantations in the Row department. The tiny girls are making their homes with Mr. and Mrs. T. B. Reid and Mr. and Mrs. Edward Ott, respectively, and Mr. and Mrs. Chas. D. Reid have a strange (very) young gentleman stopping with them.

Little Miss Mamie McFadden has a very sore foot caused by stepping on a rusty nail which pierced the fleshy part of the foot.

But says Mr. Waters, is again with his brother-in-law, Mr. Jno. Lyle Key, after a time spent at home recovering from a spell of sickness.
 Mrs. E. J. Oates has returned from a visit to her parents in Gaffney city. While there her little daughter 'Lillian' was taken sick with pneumonia which terminated in an untimely fever. Lillian is all right now.
 Miss Mamie has returned to her home after a ten days' stay with relatives and friends in Rock Hill and country. Mamie has a position in Gaffney as stenographer in a lawyer's office. She only had ten days' vacation and as it would have taken her more than that to visit her nearest relatives, she did not visit any of her other friends. Mamie is a dear, lovely girl and has a host of friends here.

Communication services were held at Oakland Presbyterian church last Sunday, the 2nd, ending the three days services which were conducted by Rev. Arrowood, of Bethel, assisted by Mr. Kimball, a young man not yet thru' the seminary but who has been appointed by the Presbytery to fill the pulpit at Oakland thro' the summer months. Rev. Arrowood is a fluent, easy, graceful speaker and preached a fine sermon Sunday morning, the only one we heard.

Mrs. ——— married daughter of Mr. and Mrs. Nolan Polk, has returned to her home near Lancaster, after a visit to her parents here, and Rev. R. A. Youngie filled Mr. Harris's appointment at Mt. Holly Sunday last and was received very cordially by Mt. Hollyites, as he is a favorite among them. He christened three babies that day, one for Mr. and Mrs. Jno. L. Poag, one for Mr. and Mrs. Marion Poag and one for Mr. and Mrs. Dayton Blankens.

Who have received female copies of Rock Hill's new paper, the Journal. It is a nice, clean, newsy sheet and there is no reason why it should not succeed. It has every advantage and we hope it may.
 Mrs. Rita H. Kerr, since her late sad bereavement, has been with the family of Mr. H. R. McFadden in the country. This has been some little improvement in her condition, but she is still very weak. Her friends hope she may soon fully recover.

Our part of the country seems doomed not to keep a doctor. It is a settled fact that Dr. Arthur Lynn is going to leave us. Of course it is to every one's interest to do the best he can for himself, but we hate to see him go. He is a very kind physician in every way a splendid physician and a thorough gentleman.
 STRAGGLER.

Thanks.
 We desire to extend our most heartfelt thanks to all our kind friends of Chester who were so good to us during the illness and death of our dear little one, Joseph Marion, and also for the beautiful flowers.
 MR. AND MRS. J. G. SHEPARD.

Biscuit Baking Contest.
 In one of the windows of the Nicholson Furniture store there is being shown a beautiful little nickel plated Buck Range which is to be given away to the little girl under fourteen years of age who can bake the best biscuit at the Baking contest to be held at their stores on the 2nd of July. Every little white girl under fourteen years old can enter for the prize. Mr. Nicholson will furnish everything necessary and a committee of three ladies will decide who is the winner.

Wreck on the Seaboard.
HAMLET, N. C., June 17.—Last night about 10 o'clock the South Atlantic Seaboard Air Line Atlantic special tugged broadside at a trestle into a pond, about a mile north of Rockingham.

There were on board about twenty-five or 30 passengers, all of whom were more or less injured, several very seriously, and two, a white man and a negro, probably fatally. There were three ladies and some children aboard, none of whom were seriously hurt.

The engine and two mail cars passed over in safety but the combination baggage and second, first, and two Pullman's turned over. On account of the rattle the pieris of the trestles gave way on the left side. At the first crash all lights went out and water rushed in waist deep through the windows. Baggage-master Smith, though seriously hurt himself, at once thought of the freight following close behind. He crawled out, and seizing a lantern, hobbled down the track and flagged the freight, thereby preventing a second catastrophe. When the freight stopped he was lying on the ground unable to rise, but still waving his lantern. He fell ill and again before he succeeded in getting far enough back to flag the train. He had to be carried back on a stretcher.

The newsboy also did heroic work crawling through the cars helping the almost drowned passengers to escape through the transoms over a door.

A relief train came from Hamlet with doctors, and another from Rockingham. The hotel here is being used as a temporary hospital.

In the Mountains.
 Mr. Editor: Some time has elapsed since we left Chester. As it is raining and has been for two days, I concluded to give you a few dots. We have been in Hendersonville, N. C., about four weeks. This is a fine summer resort. There are two hotels here that have 150 rooms each, Imperial and Wheeler. We visited the Wheeler and were taken up by the water elevators to the observatory and viewed the town, and surrounding. My two grandsons went home and reported that they had gone up to the top of the hotel in the "alligator," and saw the most beautiful sights. Hendersonville has about two thousand inhabitants, has very good buildings with water, work and other conveniences. Its altitude is 2,300 feet above sea level, is surrounded by mountains and located 21 miles from Asheville on the Spartanburg and Asheville railroad. There is a short line, running through a beautiful valley up the French Broad river into the mountains to a town within 15 miles of Sapphire, summer resort, where they have a beautiful 80 room hotel and a fish pond of four miles circumference. Near by they have a lookout on a peak of the Blue Ridge 5000 feet above sea level.

Farmers' prospects here are poor, too much wet weather and cold. They make Irish potatoes, cabbage, corn, peas and some wheat. They make very little on the farm here, are not very energetic. They generally take three Sundays in a week, and many of them belong to the Sons of Rest. The most I have seen coming into town since I have been here was tan bark. Many days they exceed one hundred loads. They get \$4 and \$4.50 per cord. They certainly destroy a lot of timber to get so much tan bark. The water courses have been higher here recently than ever known in the history of the country. The weather has been very cool, with the exception of about 6 days, which were pleasant, but the nights are rather cool yet.

Yours truly,
 H. WHITE.

Deaths.

Mrs. Harriet Brawley died at the old family residence on York street Saturday morning, at the age of 86 years. Funeral service was conducted on Sabbath by the pastor, Rev. D. N. McLaughlin at the Presbyterian church, of which no one who survives had been a member longer. The remains were buried in Evergreen cemetery. During the heaviest rain of that afternoon.

Mrs. Brawley gradually gave way to the infirmities of age. Her name was Foote before her marriage to Mr. Hiram C. Brawley, who died in 1862. In her young days, she is said to have been unusually attractive in person and very full of life. Her surviving children are Mrs. Geo. A. Trenholm, Judge W. H. Brawley, and Mrs. Wm. Stringfellow.

Marion, son of Mr. and Mrs. J. G. Shepard, died early Sabbath morning. The child had never been strong, and gave up the struggle for life after four months, notwithstanding the tender care of loving and anxious parents. Funeral service was conducted at the residence, on Centre street, in the afternoon, by Rev. J. S. Moffatt, and the little body was laid to rest in Evergreen cemetery. Sincere sympathy is felt for this family in their bereavement, comparative strangers as they are. Mr. and Mrs. Shepard moved here a short time ago with their six interesting children, including the deceased. They are from Ohio, but have been in the South two or three years.

Mr. Adolphus E. Carroll died at his home in the Armenia neighborhood, last Tuesday, the 11th. The remains were buried at Armenia on Wednesday, the Rev. Mr. Atkins conducting the funeral service. He was 77 years old and his health had been failing for some time, but he was somewhat paralyzed and death came rather suddenly at last. He seemed to have a presentiment that he would die this week, and was always careful, when leaving home, to tell the family where he was going. On Tuesday morning, when starting to the pasture, he told them that if he was gone longer than usual they would better look after him. Mrs. Carroll, thinking he was rather tardy in returning, started to see if anything was wrong. She found him lying on the ground, and remarked that it was his last trip. After he got to the house and rested some time he went out into the yard, but was unable to get back alone. He leaves two sons living, Mr. J. L. Carroll, of this place, and Mr. Miles Carroll, of Yorkville. Mr. Carroll was a quiet peaceable citizen and a consistent member of the Presbyterian church.

Mr. J. W. Means has been gathering cucumbers, as well as other vegetables, from his garden for several days. He thinks they are valuable chiefly not to eat, but to smell as an appetizer. Of course he has never tasted them or he would know better.

Stokes' Fall.
Capt. Marcus B. Stokes and Miss Anita Hall are to be married Thursday night at 9 o'clock at the Presbyterian church, Rev. J. C. Hall, father of the bride, officiating.

Park Association.

The Ladies' Park association will meet at the opera house, Friday afternoon at 6 o'clock. All members are urged to attend, as business of importance will be before the meeting.

Illegal Marriage.

Johnson Clark, perhaps 18 years old has been under arrest two or three days for violating the law which makes it a punishable offense for a man over fourteen to marry a girl under sixteen without the consent of her parents. He formerly worked at Mr. E. C. Starnes', in the Wilsburg neighborhood, we believe, but has been more recently about the cotton mills. On the night of May 25th he was taken to Starnes', got his daughter, aged 15, and brought her to town where they were married by the Rev. J. H. L. Gedeon. Mr. Starnes followed and took his daughter back home. We understand that the matter has been settled and the prosecution dropped, but it is necessary to have the consent of the prolocutor, now at Gaffney, to make the arrangement legal.

A Case of Lightning.

Sydney afternoon, lightning struck the house of Mr. T. M. Keown, of Cornwell, demolished the telephone, tore off a window facing, stunned Mrs. McKeown, who was by the window, and killed a dog.

Mr. C. L. Duntap had stopped at Mr. S. T. McKeown's gate, near the same place. Mr. Duntap and one of his children had got out, when the horses, started by the clap of thunder, made a dash. One of the singletrees broke, the breast strap came off the tongue, which dropped down and ran into the ground. Though the singletree, which was suddenly stopped, and Mrs. Duntap, her sister, Miss Chappela Howe, her son Willie and another child or two perhaps tumbled to the ground. None were seriously hurt, though Mrs. Duntap was somewhat injured and Willie quite severely. The horses stopped after being knocked loose from the carriage.

Deaths.

Mrs. R. L. Douglas and children visited at Chester last week. Miss Florence Bradford, of Lowryville, visited at Mr. Darby's last long since. Mr. Edgar Darby and sister, Miss Arabah, of Lowryville, also visited at Mr. Darby's.

Mrs. Simpson and daughter, Miss Mary, have moved to Mr. Hugh Miller's.

Mrs. and Mrs. Joe Lewis, of Lewis, spent last Sunday at Mr. S. J. Lewis's.

Misses Lizzie Milen and Besie Rodman are home from Due West. We are glad to have them with us again.

Mrs. Minnie Secest and little Biehanam have returned from a visit to relatives at Monroe.

We were sorry to learn last week of the death of Miss Mammie Kelley, of Blackstock. Little Miss Corwell, of Harzomy, is visiting her sister, Mrs. Chas. Nelson, of Smiths.

Mr. Gill Hollis is also home for vacation.

Miss Elder, of Virginia, spent a few days at Mr. S. J. Lewis's last week. She went from here to Chester to visit relatives.

Misses Elder and McCray, of McConnellsville, also visited at Mr. Lewis's last long since. One of our neighbors went on a visit not long since and got two young ladies to keep house for them. One of them came to the sad sad conclusion that she wouldn't do for a house-keeper at all. CHRYSANTHEMUM.

Lockhart Letter.
LOCKHART, June 13.—Mr. James Woods, son of Mr. Monroe Woods, who has been attending the South Carolina Institute, of Edgefield, has returned home. His teachers have sent in a very favorable report in regard to his advancement in the branches studied and also to his general deportment.

Mr. Jimmy Biggers, accompanied by his daughter Ruth and son Elder, has returned from a pleasure trip to King's Mountain.

Mr. George Wilks, who has been sick, has recovered and is now rusticating in the country and has considerably improved as to his general health, and his eyes, which have been considerably inflamed, are much better.

Skeered Kluttz

All these thousands upon thousands of too many, too many summer goods in the New York Racket has so badly skeered Kluttz that he has taken a rough hand hold of his already cheaper than cheap prices and marked them down, down yonder to such a deep out down price as will quickly move all these goods into the homes of the quickest bargain hunters.

Not a single one of these cut down prices will here be named, because if you should be the least bit slow the goods here named would all be gone, so you must be in a hurry about coming to see for yourself, that is, if you want to get first choice of these marked down bargains.

Kluttz means strictly business in this marked down sale, he is in earnest about seeing all these great stacks of all sorts of goods look smaller mighty quick.

The bargain home of the people is now

KLUTTZ' New York Racket

If you want to secure a big bargain in a house and lot (or a desirable vacant lot) on Pinckney St., call quick at this office.

Careful with Your Watch.

No wonder a possessor of a good watch is careful into whose hands he leaves it for repair when it fails to do its work. Many a good watch is left in bad hands, and more watches are spoiled by incompetent or careless repairing than by wearing.

DOES YOUR WATCH NEED ATTENTION?
Don't run the risk of having it spoiled. We do thorough, guaranteed watch repairing.

No Third Term.
WASHINGTON, June 11. The following statement has been given out at the White House:
"I regret that the suggestion of a third term has been made. I doubt whether I am called upon to give it notice. But there are now questions of the gravest importance before the administration and the country and their just consideration should not be prejudiced in the public mind by even the suspicion of the thought of a third term. In view, therefore, of the reiteration of the suggestion of it, I will say now, once for all, expressing a long-settled conviction, that I not only am not and will not be a candidate for a third term but would not accept a nomination for it if it were tendered me."

"My only ambition is to serve through my second term to the acceptance of my countrymen, whose generous confidence I so deeply appreciate, and then with them to do my duty in the ranks of private citizenship."
WILLIAM MCKINLEY.
Executive Mansion, Washington, June 10, 1901.

In Re. Legal Ethics.
Without reference to any specific case, but as a result of frequent instances coming up in our criminal courts, it occurs to us that there is a question of ethics which the approaching convention of the Georgia bar association may profitably discuss.

Given a criminal case, in which the guilt of the accused is clearly established on the original trial, is a lawyer justified in moving for a new trial, and when the motion is refused by the trying judge, taking the case up to the supreme court, simply for purposes of delay, hoping for advantage from some legal technicality, or from the death or removal of some material witness before the next trial? Is the criminal lawyer, as a sworn officer of the court, to set aside his obligations to society and in vindication of the majesty of the violated law, and carry to the aid of his client—though proven guilty by competent testimony and convicted by an impartial jury—all his professional ingenuity, secure every possible delay under the law, take advantage of every technicality, and defer the punishment of his client to the last possible day, and possibly finally acquit him by the absence of witnesses or other changes growing out of extended delay? Is it the lawyer's duty to put himself in his client's place, and do everything he legally can to thwart justice, in spite of the fairly established guilt of his client? The public would be interested in a deliberation on this subject from the approaching bar association convention.—Augusta Chronicle.

Mr. James Brown of Portsmouth, Va., over 90 years of age suffered for years with a bad sore on his leg. Physicians couldn't cure it. DeWitt's Witch Hazel Salve cured him permanently.

A Celebrated Dog.
Miss Laura Conger, daughter of E. H. Conger, United States minister to China, has the most celebrated dog in the world. The little fellow bears the name of Tauer, which is the Chinese word for peach.

When the empress dowager fled from her castle in Peking before the recent uprising, members of the Russian minister's staff went into her apartments and in her bed chamber an aide caught Tauer. He presented the dog to Miss Conger.

The little fellow was only a few months old at that time and was so small that in her haste to get to a place of safety the empress dowager overlooked him. He has grown into a fine black and white spaniel, with a square body and a nose so flat that he holds a dollar on it without any effort.

Tauer was brought along when Mr. Conger and his family came to the United States five weeks ago. Miss Conger prizes him highly. He has been taught many tricks, but the words of command his mistress has to give in Chinese.
Catarrh Cannot Be Cured
with Local Applications, as they never reach the seat of the disease. Catarrh is cured by Dr. Williams' Pink Pills for Pale People. It is a blood-purifier and a blood-builder, and its action is direct on the blood and its circulation in the system. A Question of Love.
Last Sunday was a great red letter day with the colored people. They had "Black Sam" Jones, and filled the opera house for three services. Reserved seats were held for white people and many were present. The preacher was eloquent and earnest, and like most of his race had some humor. One of his mists was this: "We loves de white folks, and de white folks, de love us; but we loves de white folks de best, case we kiss dey babies but dee don't kiss our'n!"—Gaston Gazette.

The bilious, tired man cannot successfully compete with his healthy rival. DeWitt's Little Early Risers (the famous pills for constipation) will remove the cause of your troubles. Pryor & McKee.

Chicago's Way.
A woman publisher in Chicago is getting out a book in which it will be held that every business or professional man is obliged to play the part of a respectable liar and thief to succeed in business. In addition she has offered \$1,000 to any business or professional man in Chicago, who can show that he has carried on his work for a month without lying or stealing. It is not likely that she will lose the \$1,000. If she does, she is quite certain the honesty of the man who gets it will have reduced him to such poverty that he will need it.

Eczeema, salt-herm, tetter, chaling, ivy poisoning and all skin troubles are quickly cured by DeWitt's Witch Hazel Salve. The certain cure. Pryor & McKee.

Here is an item that farmers' will be interested in: A recent test at the Iowa Experiment Station of the shrinkage of corn in the crib developed the following facts: On October 18, 1898, 7,000 pounds of ear corn were husked and stored in a crib constructed to make the storage conditions normal. In the first three months the loss was 530 pounds, or 9 per cent. For the next three months the loss was 300 pounds, or 5 per cent; for the one and for the last three months 100 pounds, or 2.5 per cent. The aggregate loss was 1,430 pounds, or more than 20 per cent.

About twenty times an hour

all the blood in your body passes through and is filtered by your kidneys. Think what this means. If the kidneys are not strong and healthy they do not extract all the poisonous matter from the blood and the result is sickness and misery that will remain until these organs are once more brought back to healthy activity.

These symptoms will tell you

when your kidneys need attention and assistance: If you have Backache, Tired Feeling, Dizziness, Headache, Nervousness, Pains across the Loins, or in the Bladder, Sleeplessness, Chills, Urine of an unnatural color or Scalding Urine. They mean Kidney Trouble, and you can't get a better remedy than

Vaughn's Lithontriptic

This is a purely vegetable preparation and will effectually cure Dropsy and Gravel. It acts directly on the Liver and Kidneys, restoring them to a normal healthy condition and eradicating all disease.

Two Neighbors cured of DROPSY.

LYON MANUFACTURING CO. BROOKLYN, N. Y. TYLERVILLE, B. C. Oct. 26, 1900.

Dear Sirs—I am 57 years old and for some time have been troubled with a mild case of dropsy which resulted in Dropsy. I took two bottles of your Vaughn's Lithontriptic and it did me a heap of good. I could not get any more of the Lithontriptic and I went to my doctor but he did my case no good. He advised me to take your Vaughn's Lithontriptic again. I have taken six bottles, and my legs which were badly swollen, have come down and I am now well. Mr. T. J. Little, of this place (Tylerville) had dropsy and used Vaughn's Lithontriptic and he is well now. Respectfully,
J. WARREN BAKER.

Sold by all Druggists, or on receipt of \$1 it will be sent to any express office. Send us your name and address and we will send you FREE a sample bottle of Vaughn's Lithontriptic.
