THE LANTERN.

TERMS OF SUBSCRIPTION: TWO DOLLARS A YEAR, CASH. FRIDAY, JUN 26, 1907.

We beg that our readers will not take us for a 'stimpided spelling, crank because Sweden was spelled with two o's in Tuesday's list.

Today is South Carolina day at the Jamestown exposition. Gov. Ames with many of his relatives is there. Besides many citizens from the various parts of the state, South Carolina and her exhibit seem to be attracting special attention at Jamestown.

In the article reproduced in this issue under the head, 'Dr. Moffatt, Wylie in the 17th S. C. V.', Dr. Moffatt, Wylie would be that he was then a doctor, though Capt. Edwards may not have intended to create that impression. At any rate, the fact that he did not study medicine in the war and after he had taught for some time in York county, and elsewhere perhaps.

We do not know whether the following is a correct statement with the Dillon Herald or not, but they are true enough to come from that source. The man who does not advertise because his granfather did not advertise, wears knee breeches and a queue. The man who does not advertise because it cost too many should pay for the privilege of the same. The man who does not advertise because he tried and failed should show away his cigar because the light went out.

The man who does not advertise because somebody said it did not pay ought not to believe that the weight is round because the ancients said it was flat.

Preach - are not very plentiful this year, but there are some. Mr. W. H. McCornell has sent the Epworthian a variety, mailed along with a dozen other trees, and a tree of the same kind was planted from the first by the Epworthian, and all the other trees are much better than the one in Yorkville Epworthian.

So York county produced 11 preachers this year, though somewhat fewer. We don't know of a single one in Chester county, but we are sure now that we don't want anybody to come looking in here telling us that he has, or has had, preached to him in the past, when he is not a member of the church, for now a we tell that we will not be admitted to Chester county unless we are there. We have seen five apples and heard of another, but we are sure that they will come to maturity.

We have before spoken of the employment of men in the 'dredging' of the river, and only a few days ago it was reported that the 'dredging' of the river had been completed. The 'dredging' of the river had been completed, and the 'dredging' of the river had been completed.

With many people it is a habit for a job for their days. It might be surprising to know how many of them would consent for their boys to be whisked over the water to the night-school, the main question being, 'What does it pay for?' They will allow them to accept a position, even seek it for them, where they will be exposed to contamination on whom even a miracle can have no effect, and clean them. Even some people who subscribe to the Four is complaint of a head, or a neck, or a temptation' have had of water-peddling Sunday papers, one of them very few - all of them the most valuable uses of the week - and what is no more sensible thing than to see of the literature offered for a head and all over a leaf of a paper.

Would that these parents might never have come to mind, in deep anguish, 'Oh! where is my boy to-night?'

Mr. Winfield Smith Dead, who was thrown from a buggy Monday afternoon and his skull fractured and several ribs broken died Tuesday afternoon without regaining consciousness. He was a brother of Mr. W. B. Boney and had a wife, Mrs. D. P. Crosby, and was well known here. The body was brought here on the 6 o'clock S. A. train Wednesday and was buried at 10 o'clock on Wednesday night, by Mr. Crosby to Broadview Hill, where it would be interred Thursday by the side of his wife.

Ask your grocer for Argo Red Salmon and do not be deceived by the name. There is no finer Salmon packed.

The South Carolina Bankers' association adjourned its meeting at Charleston yesterday afternoon. Mr. E. G. Esq., was elected an alternate delegate to the national convention.

Mrs. Carrie Taylor, who has been visiting a child of Mr. W. B. Boney at Great Falls, spent Wednesday night and yesterday with friends here on her way to her home at Rock Hill.

Nearly all old-fashioned cough syrups are over-dosed, especially the kind that contain opium. They don't do you just right. Kennedy's Cough Syrup is a safe, reliable remedy. It drives the cold out of the system gently without the bowels. Contains no opium, and is a safe, reliable remedy. Good as maple syrup. Children like it. Sold by the Chester Drug Co.

Crosses of Honor. Veterans desiring to secure Confederate Crosses of Honor can procure them by making application, properly endorsed to the president of Michael Britz Chapter U. D. C. Blackstock, P. O. Mrs. M. E. Ragdale, Pres.

The Child Dead. Mary, aged three years and three months, the oldest child of Dr. and Mrs. D. A. Collegen, died Wednesday morning, June 26, 1907, at the home of her parents, at Blackstock, after an illness of many months. She was unusually bright and sweet little girl and never complained. A fourth was a week earlier. Her little body was laid to rest in the cemetery at Blackstock yesterday morning. Short funeral services were held at the grave conducted by Rev. G. G. Mayes.

Mr. C. H. Culp is out of the running for the office of justice, leaving only Messrs. Hulse and Gladden. Though Mr. Culp spent some time in other states, he regarded Chester as his home. He is a former member of the pay bill for and register, and was as ineligible. When the situation was brought to his attention he refused to accept the assessment and stepped out of the race.

Little Boy Hurt. David Ernest, the little three year old son of Mr. and Mrs. J. D. Gales, at Edgewood, was kicked by a horse last Saturday afternoon. He was thrown from the horse and his head was injured. The horse was in the yard and the older child was trying to catch it. When the little boy was either run over or kicked by the horse, and his skull crushed and some of its brains oozed out. Drs. Pennell and Gladden were called in and removed the fractured pieces of skull from the brain and the little fellow is still lying but his recovery is doubtful.

Operation on Appendicitis. Mr. W. H. Stevenson, one of the students of theology who preached Friday sermons here during the late week, was operated on for appendicitis brought to the hospital Tuesday by Dr. J. E. Douglas, of Fairfield, and he operated upon at once for appendicitis by his father, a mother, and Mrs. H. M. Stevenson, and Dr. E. W. Presley came down from Dover in response to a telegram. Mrs. Stevenson will be home, Mr. Stevenson was quite sick yesterday but seems to be doing well today.

Mr. G. M. Miller Dead. Mr. G. M. Miller, aged 37 years, brother of Dr. S. G. Miller, of the city of New York, died at his home at White Oak, after an illness of several weeks, very largely as a result of a stroke of paralysis which had occurred Wednesday morning. He is survived by his widow and several step-children, besides the sons by his first marriage, Messrs. Thomas and John W. Miller, John B. of Florida, and Flynn, of Fairfield county, all of whom were at his bedside when he died.

Basball. The game with Charlotte yesterday was stopped by rain at 9 o'clock, with a score of 2 to 1 in favor of Chester. They are to play again this afternoon at 4 o'clock in the prospect that this will be a very close game. The Lenox team is to come and hit Chester tomorrow, and Rock Hill is looked for Monday and Tuesday.

Dr. W. M. Kennedy retired from the practice of his profession. There is very little correspondence in the reports from Bishop Gales. Mr. C. S. Wheaton returned yesterday a testimonial from a few days' work in Columbia. Mrs. T. L. Eberhardt has returned from a week's visit to her home at Rock Hill.

Miss G. B. White went to White Oak this morning to visit Mr. T. G. Patrick's family. Misses Sarah and Lucile Withers left yesterday for a trip to the Jamestown exposition and New York.

Mr. J. F. Page had two of his fingers badly mangled while working in the C. & N. W. shops Wednesday afternoon. Mr. W. B. Boney and family moved yesterday from Academy street into Mr. W. B. Boney's new cottage on Lane street.

Mr. and Mrs. J. E. Alexander and Mrs. E. B. Brantley will be here tomorrow morning for ten days left to the Jamestown exposition and New York.

Miss Nell Boyd, of Chester, is visiting her father, Mr. J. L. Boyd, of Camden. It is spending a few days at the Columbia hotel. Mr. Edward H. Harbin, of Chester, is spending a few days at the Columbia hotel. Mrs. E. B. Harbin, of Charlotte, accompanied by her grand-daughter, Miss E. B. Harbin, and her daughter, and Doris Harbin, of Salisbury, who have been spending a week with her niece, Mrs. A. W. Kluttz, at White Oak.

Jack Maxwell, an employee of the C. & N. W. railway company, had one of his legs badly mangled at High Shoals yesterday and was brought to the hospital for treatment. He will some day be able to get on his feet. One of his neighbors was shading under a tree when he was struck in the leg. The man was not at all alarmed at the fact that he did not notice the whizzing train backing up to couple to the car.

Gill Hoops Goes to Atlanta. The numerous friends of Mr. Gill Hoops will be indeed sorry to learn that he is to leave the city in a few days for Atlanta where he will reside in the future. He has been employed as book-keeper at the Victoria Cotton Mill for some time past, but he resigned that position to become an employee in the office of the Atlanta-Birmingham railway in Atlanta. Mr. Hoops, who has been employed for some time past as salesman at the Smith-Fell Co., has resigned his position to fill Mr. Hollis' former position - Rock Hill Herald.

Turn out tonight and help the library. Mosquitoes and Malaria. Mosquitoes are said to be the immediate cause of all chills and fever and all forms of malaria. Their bites cause malarial troubles just as vaccination causes a sore arm. Therefore the thing to do is not to let them bite you. It will be seen that Messrs. Hought & Clark offer protection in the form of nets and do not charge for the supply of nets is gone and will be the mosquitoes get you and all your children "vaccinated."

Dr. J. S. C. V. To the Editor of The State. I want to correct an article that occurred in the article announcing the death of Dr. T. B. Whitehead, of Blackstock. It is stated in that article that he was appointed surgeon of the Seventeenth regiment 'S. C. V.' and served in that capacity until the close of the war. While it gives me pleasure to bear testimony to his gallantry as a soldier, his appointment as surgeon to his country both during and after the war, it is not true that he was surgeon of the Seventeenth regiment any commissioned officer of whatever. He served through the war as a private soldier in Capt. E. A. Crawford's company (K) Seventeenth S. C. V. He was appointed to be hospital steward duty at our field hospital and was frequently found in the ranks of his company. There were two other young officers who were private soldiers in the regiment. David Barnett, of Company E, and David Lyle, of Company A. One other, Dr. Moffatt Wylie, served as lieutenant in Company K, Seventeenth S. C. V. He died some years ago while he was a member of the general assembly from Chester in 1882.

Dr. R. H. Jordan, of Chester, was our 17th S. C. V. surgeon. At the organization of the 17th S. C. V. in 1862, by its own quest, he was transferred to the 3rd S. C. V. and held his rank until the close of the war. Dr. Legan, who I think was from Abbeville, was appointed as surgeon of the Seventeenth regiment and served until the close of the war. Dr. Waring was appointed as a surgeon in lieu of Dr. Jordan. He left in the latter part of 1862 or early in 1863. Dr. Hall, of Abbeville, was appointed as a surgeon. He was very efficient, and very popular in the regiment and was nicknamed among his friends as "Blue Ridge." Dr. Mack spoke of a red nose and among the blue ridge mountains of 1862. My recollection is we lost him by sickness and death, but the recollection of an old man who now lives in Yorkville, who was in the 17th S. C. V. for 41 years, becomes little by day. Dr. Campbell was appointed as a surgeon in lieu of Dr. Hall, but I don't know how long he was in the regiment. I write this in order to keep the history of the regiment straight. W. H. Edwards, Chester, S. C., June 25.

Argo Red Salmon is not only Pure Food, but it is the cheapest and most nutritious food in the country. 2c. Miss Lizelle Wooten, of Athens, Ga., who has been milliner for Mr. E. G. Esq. for many years, is here yesterday evening for Charlotte on her way home.

Don't You, white, of Morganston, was arrested by the police of Ed O'Connell's sporting and lodge, and jail, charged with a very serious offense. He ran after he was arrested and was held in the jail by the constable. The constable is not considered very serious, but the bullet has not been removed.

In Memory of Little John Wesley. Dear little babe, I met thee soon all through the world, wherever I go, All through the world, wherever I go, All through the world, wherever I go.

Dear little hands to wake me from my dream. I met them all through the weary world. I met them as they do sunshine and flowers. Day time or night time, when ever I see. Dear little hands, I met them all.

No greater kindness can be evoked than to consider lightly the evidence that is before us. It is a sad and desperate case on ordinary medical stores. The Hollister's Rocky Mountain Cough Cure is the only one. J. J. Brantlinger.

Very Grateful.

Mr. and Mrs. G. A. Wall wish to express, as far as language is adequate, their appreciation and gratitude to their neighbors and other citizens who happened to be near for the prompt assistance rendered when Mrs. Wall and children were driven from their home by the late week. Mrs. Wall and children, much feeling, had it not been for the quick and vigorous work of these kind friends, nothing could have been saved.

Church Scandal at Black River. Black River, June 25.—What has been one of the greatest sensations that this town has ever known is that which culminated in the announcement from the Baptist church here today of Rev. C. M. Billings its pastor.

Billings' resignation was asked for on last Sunday, and positive proof of the awful scandal which had been generally reported on his recently being in the hands of the church, he was today expelled.

Billings left yesterday afternoon for Chicago unknown.—Special to The State.

New Trick of Bed Truss. The most codicill plan of prosecuting the best trust that the administration of the law has ever known is that which is known as the "new trick" of the bed truss. It is an invention of the eminent section of the anti-trust law which brings the law into force by compelling the law to follow. They are creating the best inspection law by compelling the farmers to stand the loss on "cow stuff" that has been thrown out by the inspectors, although the cow stuff is selected and bought the cows which were apparently sound and healthy.

W. R. Ward of Wrentham, Tenn., writes: "This is to certify that I have used Dr. King's New Discovery for Coughs, Croup, Whooping Cough, and all other ailments of the throat and lungs, and it has cured me. I can testify to its efficacy, and I can recommend it to all who are afflicted with any of these ailments."—Lettner's Pharmacy.

No Law for "Cotton Leak" Case. Washington, June 25.—The government today concluded the prosecution of its case against E. S. Johnson, Jr., known as the "cotton leak" case, and immediately afterward the attorneys for Johnson entered an appeal. An argument intended to secure the dismissal of the case on the ground that there is no law that applies to the offense of giving out departmental information. Attorneys Lester and Worthington both spoke and the latter had only completed when court adjourned for the day. The case will be argued tomorrow.

Will Cure Consumption. A. A. Harren, Finch, Ark., writes: "Foley's Kidney and Bladder Pills are the best preparation for coughs, colds and lung troubles. I have used them and they have cured me. I can testify to their efficacy, and I can recommend them to all who are afflicted with any of these ailments."—Lettner's Pharmacy.

Spring Winds chap tan and cause freckles to appear. Pinesole Cream is applied and will relieve that trouble. It is a natural skin remedy. Acts like a poultice and draws out impurities. Chester Drug Co.

Improper action of the kidneys cause backache, lumbago, rheumatism. "Pineules" is a kidney remedy which will relieve these diseases. It is a natural skin remedy. Acts like a poultice and draws out impurities. Chester Drug Co.

Progress of Medicine. During the nineteenth century, Dr. John S. Billings, United States army, has shown that deaths of women from childbirth decreased 40 per cent. from 10 to 30 in 1840 to 10,000, and that from all causes the deaths in New York city fell from 20,000 in 1840 to 10,000 in 1890. It is said that 100 years ago yellow fever was epidemic in New York and Philadelphia for two years. For 30 years the disease has been almost unknown in the whole country; also that in 1800 the majority of persons one-third were killed by smallpox;—however, it is now a much greater number—while now there are physicians who have never seen a case of smallpox; and that in the Napoleonic and Revolutionary wars more died from disease than from wounds, while now hospital gangrene is unknown. Statistics show that in Chicago during the last 35 years the average age at death has increased from 12 to 32 years.

No disputes these facts or attributes. They show in any case that the medical science—the measures employed in curing disease, and more especially in preventing its return, or its spread when once introduced.

Thousands of people are daily suffering with kidney and bladder troubles. Dangerous ailments that should be checked promptly. Foley's Kidney and Bladder Pills are the best remedy for backache, lumbago, rheumatism, and all other ailments of the bladder. Their action is prompt and sure. A week's treatment for 50c. Sold by the Chester Drug Co.

Killed Trying to Arrest Negro. Atlanta, Ga., June 24.—Haf Brewster, 27 years old, the son of Col. P. H. Brewster, one of Atlanta's prominent citizens, was shot and killed yesterday while trying to arrest a negro on a train. The negro was named French. Early on Tuesday and several others were captured by the sheriff to arrest French on the train, who was wanted for a series of crimes. When they attempted to take the negro into custody, he fired, killing Brewster and wounding several others. Early captured from the train but was captured later and landed in the La Grange jail.

If you will make inquiry it will be a revelation to you how many are afflicted with kidney or bladder troubles in your own city. It is a common ailment, and beyond medical aid, Foley's Kidney and Bladder Pills will cure it. Lettner's Pharmacy.

Pastor for Lancaster and Shiloh. The Rev. C. W. Carmichael, of Maryland, Ga., has been called to extend him to the pastorate of the Lancaster and Shiloh A. B. P. church. He will enter upon his work July 1. Mr. Carmichael was graduated this year from the Erskine Theological Seminary and is a young minister of considerable promise. He has already made many friends and acquaintances in Lancaster in the Shiloh community, having recently preached at both places. He is 27 years of age. Lancaster News.

St. Anthony's, with business on Main St., and meeting on Spring St., U. S. C. No. 1. I have been troubled with a very lame back for a long while. The kidney secretions were dark and full of a brick dust sediment, and caused me great inconvenience, especially at night, by causing me to get up out of bed so often. My back pained me from my hips to my shoulders, and I was unable to do anything. I tried everything I knew of, but nothing helped me so much until I got Dr. King's New Discovery. It acted like a charm and after using the first day I was able to rest and sleep peacefully at night. Since using Dr. King's New Discovery I have had the backache also. Dr. King's New Discovery for treating Hemorrhoids from which I had suffered for years. It is impossible to express the suffering I endured, but after using Dr. King's New Discovery I had instant relief. My medicine gave me the relief I completely craved. I would not be without Dr. King's New Discovery if I could ten times what it costs.

Longest Wedded Life. Greenwood, June 22 Mrs. Jester, wife of Mr. Thomas Jester, died today here at the advanced age of 92 years. Mr. Jester had reformed for his own age 62 and said his wife was almost equal to his own age. This couple had been married 23 years. So far as is known this record is unequalled in the United States and perhaps in the world. Mr. Jester, who is now in his third year enjoys good health, though he is totally blind. The couple have made their home for many years with their sons, Thomas and James, of this city. Special to The State.

A FEW WORDS. Don't say abolition, for abolition is the perfect word. Don't say workmen when you will express your meaning. Don't say "my politics are." Politics is singular, not plural. Don't say people when you mean persons. People is a collective noun, in the singular number, even at such a distance as the one. Don't say faddistic words, for even when properly employed your meaning is lost. Don't say simple words when you mean simple words. Don't say receipt when you mean recipe. The collection of receipts is a receipt. Don't say surprised when you mean amazed. You may be surprised to find Johnny stealing him, but he is surprised by you.—Baltimore Post-Dispatch.

Case For Thanks. Charles O'Connor once began an after-dinner speech in Philadelphia in this way: "I must confess that I dread to make after-dinner speeches. At the most important dinner, even at such a dinner as this one, if I know that at the end I must make a speech I am nervous. I am nervous in the effort to admire in the best efforts of the chef. In truth, gentlemen, I can readily imagine that if he was at the end of my mind, having a sign of relief as the lions drew near to devour him—hearing a sign of relief as the lions drew near to devour him."—Well, if there's any after-dinner speaking to be done on this occasion at least it won't be done by me."

Gentle Door Taps. A story of extraordinary deafness was related at a recent meeting of a medical society in Philadelphia. An elderly man, exceedingly hard of hearing, lived near the river. One afternoon a warship fired a salute of ten guns. The woman, alone in her little house, waited until the booming ceased. Then she smoothed her dress, brushed her hair back in a quaint manner and said sweetly, "Come in, Argonaut."

The Letter L. The name of "L" is Hebrew for God or a hand, and the earliest character representative of the sound closely resembles a hand with three fingers. Little by little the finger after another dropped off until only the little finger was left, and the letter became the smallest in the alphabet, a dot or little, that is, the "l" and its dot being synonyms of the most insignificant things that could be described.

A Jovial Memento. "There is my last poem," said the young but melancholy contributor. "Thank the Lord!" replied the dignified speaker, "it is a thing of his that might not dance a hornpipe."—Detroit Free Press.

A STEADY DRAIN. Sick Kidneys Weaken the Whole Body—Make You Ill, Languid and Depressed. Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes through the system, giving the sickly appearance. Loss of albumen causes weakness, languor, depression, etc. Following are the symptoms: Pain, nervousness, nausea, crick in the back, gravel and kidney stones. The proper way to treat this disease is to use the best remedy in Dr. King's New Discovery.
