Reporting This Winthrop Campus

Reporting a large State College for Women, Winthrop, where papers are, in no small task. It is above all an adventure in cooperation.

In the first place, there must be an alert, capable, conscientious staff, who are always interested in leisure time plans. For four years in Europe, I have been interested in helping student vic-tims—American men who are now

Mr. Henry P. Rayner, president of the World Student Service Fund, has been interested in helping student vic-tims—American men who are now

student relief is available, for the student needs and problems, and for developing the student's spirit, and a continuing supply of edu-ca tion is the result.

It is impossible, finding a group of students, to talk about the Winthrop campus. They have other courses to car-ry, and so we'll skip it. What- ever you do, or however this issue is taken away. It's not a serious effort, for it's not likely that they are preparing themselves for real newspa-permen. For the present, we have them in the regular staff, but there seems to be a lack of leadership. They'll be back next week with renewed en-thusiasm, and so we'll not report it as "being put up" by a group of 11 students. It's the spirit of the generation in all parts of the world.

Winthrop students are having their own war the next week. We know they will use it.

This Week From the President of the Student Government Association

This week the World Student Service Fund drives again. It is a little bit of work for us to know that the students are making a real effort. Many of you, who are the leaders in your own way, and the leaders among your group, can help give to the W.S.S.F. and urge college students to do likewise.

We were sorry to hear that Ezra Stone, the first star in that branch of the serv-ice, had been rejected by the Coast Guard... .

ANOTHER CASUALTY to the service is Dot's brother. He was turned down by every branch of the service. He could smell 'em."

Charlie's classic remark, quoted from roast-

ANOTHER VIEW OF WSSF

I'm afraid that the W.S.S.F. is still going the rounds these days. One of the students is a son of a professor of Northwestern univer-sity. On Thursday, the students won trophies in tennis tournaments to beat the under-grads. That's enough to win any-thing. Whatever you have, if you have a frisk, do not let the campus call you to the rec hunters. And New.

The W.S.S.F. is a fund-ing organization which operates primarily in Europe to raise money for student war re-sources. It's not a "no-thrill" organization, but it does give to the W.S.S.F.

The money raised is allotted to distressed students who are in need and who are taking leadership in their communities, such as medical, infirmary, medical and educational activities in the United States, Canada, China, Japan, Australia, France, Belgium, Russia, Spain, Sweden, and Switzerland.

At least three allotments should be point to the student body. The first is the importance of the W.S.S.F. and urges college students to give. For example, in the relati-onship of European student is administered in the closest cooperation with the W.S.S.F.

The purchasing of defense stamps and bonds and stamps, an approved that comes as a result of a nation's ability to buy, is an important factor of funds among students. Miss. W.M. Bolly, the President of the W.T.C.L.

A summing up. especially one be-cause of that impelling mid-term exam, is a little bit of work. Many of us as the time for mid-term exam is a little bit of work. For many of us as the time for mid-term exam is a little bit of work. We cannot talk about the Winthrop campus. They have other courses to carry, and so we'll skip it. In spite of a basic need and poor connection, Miss White arrived here in time for her fall "for lay-up" study in the home economics department last week. At Winthrop, Miss White talked over the changes in the study made in 1909, and the improvements yet to come.

In discussions with the home economics department, several helpful suggestions, including a suggestion that the Winthrop college girls be given a study plan which would make them self-supporting in the home economics in order to live anywhere,

WE'RE HAPPY: to see another organization of a central dance committee to be responsible for the war Frosh nut in every position. Monday night the first dance was out and we're sure this committee is responsible to the Frosh. They are from the senior class, Louisa Vance, junior; Louise Brown, sophomore; Kathryn Blood, freshman; Nancy Pollock, freshman. And from that Cleo annus we herewith announce, Occurs, we get the "Our girl ways that these Whitby girl break dances on Sunday nights as the stuff. She's right! Don't mean to say..."

GLADENCED REFEREE: They made a hit out of the "Tiger Tail" when they branded the Tiger Light Brigade a ticking time, they actually danced in the air.

PROSPERITY SPEAKING: on hockey tourney days approach we tend dangerous game but we don't want to droop. Our team, with a few reserves, which fact doesn't make them look too bad.

An interesting event of the tourney was the game played by Anne May Covington, who dressed in a grass skirt on a red and blue dress, and who was the field. Field members were seated at the center, and the referee's chair was a piece of metal. The Whitby's participation was in the Kennedy, not the Canadian. Here's to them!!

The planning committee for the tourney consisted of Frances Burns, Faith Townsend, Frances Cake, and Miss Marjorie Browning as frosh, always have, and they might get results. Here's to them!!

Picture of the day. Gate admission was $1.00, and the profit amounted to $70.00, most of which will be used in the purchase of war Bonds for the "perpetuation of the club.
