THE SABBATH.

Its Proper Observance is a Rare Practice.

There is great diversity of opinion as to what is a proper observance of the Sabbath. But varied as opinion on this subject may be, practice is more varied still; for many, very many, do not maintain a good conscience in Sabbath observance. They do not do as well as they know.

This is a subject, however, not to be decided by either the opinions or practices of men, but by the revelation of God. We shall endeavor to set forth the teaching of God's word on this subject, assured that all opinions and practices in conflict therewith are but moral rubbish to be rejected as vain, false and pernicious.

It will help us in reaching a correct view of Sabbath observance to consider the object for which God instituted the Sabbath. "The Sabbath was made for man." God who made man made the Sabbath to meet the demands of man's nature. Man needs the Sabbath as a day of physical rest from daily toil. He needs the Sabbath as a day of intellectual rest from the cares of business. Above all he needs the Sabbath day in which to worship his God and nurture his spiritual nature, that he may be fitted for life's duties and heavenly joys.

Hence God's command, "Remember the Sabbath day to keep it holy." The key to the proper observance of the Sabbath is found in the word, "holy." It is a day set apart by God Himself for holy purposes. Nothing purely secular must be allowed to intrude into it. It is sacred time and must be devoted only to sacred uses. It is consecrated time to be spent with God in the varied exercises of His worship. It is a miniature heaven on earth, a type of the heavenly rest, both type designed to be spent by the children of men in sweet fellowship with their father in heaven. The Sabbath is properly observed when it is thus kept holy; when the whole day is spent in such exercises as tend to draw the soul toward God and give expression to its devotion to Him. Whatever therefore hinders fellowship with God is forbidden on the Sabbath day, and whatever aids it is required.

This is the teaching of the prophet, Isaiah 58:13. "If thou turn thy foot from the Sabbath, from doing thy pleasure on my holy day; and call the Sabbath a delight, the holy of the Lord, honorable; and shall honor Him, not doing thine own ways, nor finding thine own pleasure, nor speaking thine own words. Here all secular and worldly work, pleasures and conversation are forbidden, because these interfere with the soul's fellowship and communion with God; and when any of these are indulged in, the Sabbath is trodden under foot, and man suffers untold loss.

The observance of the Sabbath is self-interest. We employ God's day in doing our own ways, finding our own pleasure, speaking our own words, and so God's ways, pleasure and words are disregarded. In these three ways God's holy day is constantly trodden under foot by the children of men.

The secret of proper Sabbath observance will not be learned till we get out of self into Christ. It is easy to keep the Sabbath holy when God is enthroned in the heart. Time does not drag when we are with those we love. If we love God we will find the Sabbath spent in his presence a delight. The holy exercises of that day will not be irksome. We will find it easy to keep the day holy honoring Him by doing His ways and not our own; finding pleasure in His worship and service and not in worldly things; speaking His words and thinking His thoughts, and not our own. So the rich blessing of the Sabbath properly observed will be ours.

"Then shalt thou delight thyself in the Lord; and I will cause thee to ride upon the places of the earth, and feed thee with the heritage of Jacob thy father; for the mouth of the Lord hath spoken, and shall accomplish what he saith."

W. B. ARBOWOOD.

(Next week an article will appear on the "Desecration of the Sabbath" written by Rev. M. R. Kirkpatrick.)

Drink Water—It is the Best Medicine.

Drink a glass of water when you get out of bed in the morning. Never mind the size of the glass. Let the water be cold if you will. Some people prescribe hot water, but that isn't necessary. You may wash your face already and relished the experience. You may have taken a cold plunge into the tub and delighted in the shock and its reaction. The brisk use of the tooth brush has left your mouth clean and the breath sweet. But you are dirty still. Drink a glass of cold water and enjoy the sensation of being clean inside. All this is luxurious in the old bath cleansing is artificial. That which should prompt the glass of water after sleeping is natural. As a test, tell the nine-year old protestant against his morning scrub of cold water that he may escape it by drinking half a pint of the fluid. He will jump at the opportunity.

It is a good idea to draw upon the water in the blood and the instinct of the animal under natural conditions, in order to replenish the circulatory system and distend the blood vessels again. The food in the stomach which had so much to do toward inducing a mucus substance in the alimentary canals. Yet man would wash his face and leave these half-clogged canals to the duties of another day.

Drink a glass of cold water in the name of cleanliness. It becomes one of the shortest and easiest of toilet duties. It is swallowed in a second and in five minutes it has passed from the stomach, taking with it the clogging secretions of the alimentary tracts. It has left behind the stimulus that goes with cold water, and, by filling the arterial system to the normal, it puts a spur to the circulation that has grown sluggish in the night. It is one of the greatest relaxants and one of nature's own stimulants.

Drink a glass of water before breakfast, another before dinner and another before supper. Water is the best, cheapest and pleasantest medicine.—Chicago Tribune.

Brutally Tortured.
A case came to light that for perhaps never been equaled. Joe Golobek, of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me. For 12 months I tried everything known. It came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Sold by all druggists. Write to Woods Drug Co. and Johnston Drug Store. T & F

Rating the Main.
WASHINGTON, July 22.—An impression prevails at the navy department that a request drawn from Cuba asking permission to raise the wreck of the Maine might receive favorable consideration. Officials of the department have been surprised at the comment aroused by the letter sent recently by Acting Secretary Darling to H. F. Sewell, a private contractor at New Orleans, who said he had contract with Cuba to raise the Maine.

Mr. Darling told Mr. Sewell that the Maine was the property of the United States and that the navy department had no authority to provide for its disposition. It was a matter, he said, for congress to pass upon. There has been some criticism passed upon this letter. It is said that it exhibited an unbecoming spirit toward Cuba. This, it was explained today by the department, is an entirely wrong assumption. The United States has never received any proposal for the return of the Maine in exchange for the release of the Maine wreck. Such a proposition, it was said today, would put a very different phase on the matter.

The New York World announces that Mr. W. R. Hearst's campaign for the democratic nomination has cost him \$1,000,000 up to date, the loss being made up by yesterday.

News in Yorkville.

Another terrific storm hardly less severe than that of July 2, burst over Yorkville yesterday afternoon at about 5 o'clock. Vivid flashes of lightning were followed by deafening peals of thunder. The rain came down in sheets, and brought with it a sprinkle of hail, while the wind blew a hurricane. The Victor Oil mill was set on fire by lightning and a small quantity of lights was burned. The damage was not considerable. Trees were blown down in different parts of town and lots of green fruit was shaken off. Tomatoes and other vegetables suffered severely. The aggregate loss is not considerable. According to Mr. J. R. Schorb the rainfall amounted to 2.35 inches against 3.12 on July 2.

The annual meeting of the stockholders of the York Cotton mill was held last Tuesday and there was a meeting of the directors immediately afterward. The report of the president and treasurer showed a surplus to make a profit during the past few months because of unfavorable conditions of the cotton and yarn markets, the price of cotton being too high and the price of yarn too low. Mr. P. M. Grimes had tendered his resignation some time previously and the same was accepted by the directors. The resignation was based on a calculation by the president to the effect that the mill has not been turning out as much production as it should. Mr. Grimes will continue to serve until his place can be satisfactorily filled. There were no other material changes in the management.

Robert Smith killed John Grier on the northern outskirts of Yorkville yesterday afternoon. Both are negroes. The only witness to the shooting was another negro who was a hundred yards or so behind. His story is that Smith and Grier were both under the influence of whiskey. He heard them quarreling in loud voices and presently there was a report of a pistol. Grier started to run, and Smith who had fired the first shot, fired at him again. Grier ran the distance between two telephone posts and fell dead. He had been shot in the right breast at the nipple and the bullet probably found his heart. The negroes were on their way to Clover where they had their residence. Leaving Grier lying as he fell, Smith went on in the direction of Clover. Deputy Sheriff Sandifer, Policeman Love and others started after Smith an hour later. They got within twenty minutes of him near Fishing creek, but finally lost the trail. Smith is well known in Clover as a negro of bad reputation.—Yorkville Enquirer.

Night Was Her Terror.
"I would-cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had a cough so bad that if I sat down a split I would cough frightfully and spit blood; but, when all other remedies failed, three 50c bottles of Dr. King's New Discovery wholly cured me and I gained 35 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis, and all Throat and Lung Troubles. Price 50c and 10c. Trial bottles free at the Woods Drug Co. and Johnston Drug Store.

This is to be a campaign of men against men. Platforms will cut small figure. It is a clean, steady-going save and safe man, against an impulsive, erratic, aggressive president who looks upon public office as a place to show his power and strengthen his position by an alliance with doubtful and even bad men. It is Parker, the friend of the country at large, the supporter of the Constitution, against Roosevelt who acts as if the Constitution was not made for him.—Carolina Spartan.

Are Your Lungs Weak?
Does your cough, left by the grippe, or the cold contracted during the winter, still hang on? Rydals' Bixir will cure your cough and heal your weak lungs. It kills the germ that causes chronic cough and lung disease and helps nature restore the weakened organs to health. Trial size 50c. Family size 50c. T. S. Lettner.

False Report About Faysoux.

"Will Faysoux was in town Sunday. He has settled the runaway trouble he had in Rock Hill last week in the magistrate's courts. He offered to pay the livryman \$500 and the livryman wanted \$100 and took the matter before the magistrate. The magistrate's jury found no damages and the livryman paid the costs. The team had been in the habit of running away nearly every time it was hitched up. Faysoux at once brought suit against the livryman for detaining him in Rock Hill and making him lose an engagement at Chester. The livryman was to have been under a \$500 bond and the trial will come off the 27th inst. The merchant was paid for his awning and had no trouble."

The above is quite interesting. It is from the Gastonia News, and its accuracy is to be commended. For example, the team referred to, while a spirited one, had not been in the habit of running away nearly every time it was hitched up; indeed, it had never run away at all until it was hypnotized by Faysoux. Again, the livryman has no information that suit has been brought against him for detaining Faysoux in Rock Hill and making him lose an engagement in Chester, for the reason that he was not detained in Rock Hill and did not lose an engagement in Chester. And still again, the livryman was not bound under a \$500 bond, or any other sum, and he has no knowledge of having paid the court costs. He did attach the receipts of the two entertainments given in Chester by the young hyonist. Those receipts are now in the hands of the sheriff, who will not deliver them to Faysoux or the livryman before the magistrate in Chester, before whom a suit is pending, shall order their delivery. The receipts amounted to \$75 and some cents.

Faysoux had no other engagement in Chester, but for reasons known to himself, he preferred to leave to make another appointment.—Rock Hill Herald.

The Good Old Summer Time!
In the good old summer time, when the birds sing the sweetest of songs, and the farm animals and roosters are all kept busy, accidents to man and beast are of frequent occurrence. Elliot's Emulsion of Oil Liniment is the most secure accident and emergency liniment in use. It relieves quickly and heals speedily cuts, contusions, bruises, sprains, etc., and you get your money back if not satisfied. T. S. Lettner.

Cheaper than Coal.
The Commercial Club of Rock Hill, S. C. has sent out a leaflet in which it sets forth the fact that the Catawba Power company is furnishing power to that town at about the cost of the freight on coal. We have not seen this leaflet but a contemporary which has says that supplementary to it "Mr. John R. London, president of the Victoria cotton mill, furnished an itemized statement of the relative cost of operating his plant with the oil steam motors and with the newly increased electrical machinery driven by power from the Catawba plant. The aggregate figures are: Cost of operating the plant by steam one month, \$60; by electrical over steam power, \$530 00. Total cost of steam for twelve months, \$7,540, cost of electrical power, \$2,505; annual saving by electrical over steam power in this one mill, \$5,035." These are pleasant figures for Charlotte people to read. They mean great economy for all the power plants operating here when the Catawba Power company gets regularly into business in Charlotte.—Charlotte Observer.

A Great Ruler.
One of the greatest of rulers is the liver. It governs the human organism. When the liver is out of order the whole system becomes diseased. Keep your liver healthy by using Rydals' Liver Tablets. They cure all liver troubles. They cure for Bile and all equal. They cure for Bile and all equal. They cure for Bile and all equal. T. S. Lettner.

No Pity Shown.
For years fate was after me continually writes F. A. Cuddege, Verbena, Ala. "I had a terrible case of Piles causing 24 Years. When all failed Cuddege's Anus Salve cured me. Equals the best for Bile and all equal. They cure for Bile and all equal. They cure for Bile and all equal. T. S. Lettner.

Letter from Oakridge.

OAKRIDGE, July 20, 1904.—A godly number attended the farmers' institute held at Mt. Prospect last Thursday, and enjoyed it very much. Dinner was in abundance, soup and hash, ice cream and lemonade were plentiful. Several of the smiling candidates were present.

Miss Sallie Gibson has returned home after a week's visit to Wylie Mill. Misses Pattie and Maurice Gladden are spending a while at Mt. Prospect. Miss Mamie Gladden and Mrs. E. A. Howze have been visiting at Mt. W. B. Gladden's.

Miss Gollie Agnew has returned home, after several weeks' visit to Chester. Misses Florida and Leone Wylie have been visiting Miss Bessie Agnew. Miss Florrie Ford and brother, of Mtford, attended the picnic at Mt. Prospect. Little Miss Isabelle Wallace has been spending awhile with her grand parents, Mr. and Mrs. W. B. Agnew. Mrs. J. W. Stevenson is visiting Mrs. S. H. Ferguson. Mr. E. J. Anderson has been very sick for the past few weeks. He is improving some.

Little Miss Mary Backstrom is able to sit up some. Miss Maggie Hanson spent Sabbath at Lewisville. Mrs. J. H. Gibson is visiting near Wylie Mill. Mr. Lewis C. Lyle spent yesterday in the community.

Magistrate W. H. Stroud and daughter went to Chester yesterday. Mr. W. J. Cornwell spent last night in this community.

BROWN EYES.
Getting Rid of Household Pests. Rats and mice—Peppermint sprigs laid around shelves and places these pests frequent will drive them away. Chloride of lime sprinkled about is also effective.

Ants and roaches—Powdered borax scattered in their haunts is a sure cure. One teaspoonful of tart emetic mixed with one teaspoonful of sugar, and put where ants are troublesome, will drive them away in a day.

Fleas—These may be driven away by scattering either lime or cayenne pepper in the places which they frequent. Oil of pennyroyal is also good.

Moths—These may be prevented by the use of moth-balls, or bags made of crushed lavender and lemon-verbena with cloves and other pungent spice. Powdered borax, camphor and cedar-ast are all effective.

Flies and mosquitoes—The best preventive is light screens and constant vigilance. Mosquitoes dislike lavender and green walnut. Fly paper is made as follows: Take equal parts of melted resin and castor-oil, and spread while warm on strong, thick paper. Or use four ounces of quassa chips boiled in one pint of water. When cold strain, then add water to make one pint, and two ounces of alcohol. Swallow with sugar, and pour in saucers.

Bedsbugs—Use turpentine, corrosive sublimate, etc., but the surest way is to fumigate with sulphur.—August Woman's Home Companion.

There is a counterfeiter, of note in his profession for forty years, it is said, who possesses a secret the chemist want, and he will not reveal it, though he is now dying in the Ohio penitentiary. This man, Bob Mason, is serving his fourth term for counterfeiting, and his secret is a chemical method for coloring silver and spurious metals to the hue of gold, and at the same time giving the coins their true ring and weight.—News and Courier.

A Sad Death.
In kindling a fire to cook the evening meal, by pouring kerosene oil into the stove, which, ignited and exploded the can. Mrs. Sidney Albert was horribly burned. She ran some distance and some one caught up with her and tore off her clothes which were a mass of flames. Drs. Ashworth and Linville were summoned immediately, but their skill could only partially alleviate the suffering. Her body was a crisp of burned flesh and her sufferings were fearful to her friends, who did all they could until 12 o'clock today when she died. Mrs. Albert had only been married a few months, having a young husband to mourn her sad fate.—Monroe Cor. Charlotte Observer.

Safeguard the Children.
Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in the large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by J. J. Stringfellow.

Chickens wanted at Magdalen hospital. 5-17-04

Cleveland Praises Parker.

NEW YORK, July 20.—"The title of Democracy, Steady," is the title of an article by Grover Cleveland which will be printed in Collier's for July 23rd. In it Mr. Cleveland lauds the action of Judge Parker in sending his "gold telegram" to the St. Louis convention, and expresses his satisfaction with the platform and the outlook in part as follows: "No action of Democracy's representatives assembled in the late convention can be construed in any other way than as an acknowledgment of the establishment of the gold standard, and a willing pledge to its maintenance. This condition should of itself be sufficient to so fill our measure of satisfaction as to cause us to forget any fears or trepidations that may have vexed us during the days just past."

"Hare is found an abundantly sufficient cause for gratitude and congratulation on the part of all those who love true Democracy. I want to go further than this and to express a reverent belief that certain convention utterances apparently untoward have worked together for Democracy's good and that a happy outcome has been reached through a leading wiseman and more certain than the wit of man could have devised."

"Senator Tilden and I have occasionally differed, but I hope he will take no offense if I applaud and give hearty concurrence to his expression of the belief that 'Providence has taken kindly hold of our affairs.'"

After quoting Judge Parker's message to the St. Louis convention, Cleveland said: "These Democrats who have been impatient of the silence of their party's candidate ought to be satisfied with the effectiveness of his first utterance. It filled the blank in a disabled platform, it gave leadership to the Democratic cause and rallied supporters by thousands and tens of thousands to the Democratic standard."

"I believe that no man ever did so much for the cause and in so many directions, in so short a time and in so compact a form as was done by our candidate when he sent his message to the St. Louis convention. He has reminded all who profess Democratic principles that they also have work to do if they like him, would do the patriotic political duty the time demands."

Chamberlain's Colic, Cholera and Diarrhoea Remedy.
This remedy is certain to be needed in almost every home before the summer opens. It can always be depended upon even in the most severe and dangerous cases. It is especially valuable for summer ailments, and is pleasant to take and never fails to give prompt relief. Why not buy it now? It may save life. For sale by J. J. Stringfellow.

Prohibit Treating.
If treating gives intemperance its greatest impetus, and I believe it does! then treating is what we should strike at. We can get at one man more of the traffic in opium, by hanging a law above the salaried keeper's head, a law which shall say, "every man must pay for his own drink."

If the treating custom were made illegal so far as the whisky traffic is concerned it would soon become a dead letter in other lines.

What sense is there in a custom which always makes one man pay the expenses of two men?

Men would perhaps smoke just as much or more if the treating did not prevail in the cigar stores, but so much, would not drink one-half so much.—R. V. C. C. McLean.

Nervous Dyspepsia Cured by Rydals' Stomach Tablets.
Mr. R. E. Jones, buyer for Parker and Bridget, whose large department stores are located at 9th and Pennsylvania Aves., Washington, D. C., writes, under date of April 14, '04, as follows: "Last February, one year, while in New York on business for my house, I caught a severe cold, which laid me up for several weeks and led me weak and nervous. I had little or no appetite, my mind was very poor. My physicians could not get at the cause of my trouble, as my digestion seemed so much impaired. I decided to buy Rydals' Stomach Tablets, being assured by a friend, they were a good dyspepsia medicine. After using them for a few days, I began to realize that I was getting better. I gave up the doctor's prescription and have gained 20 pounds while using two boxes of these tablets. I never felt better in my life. I caught a severe cold, which laid me up for several weeks and led me weak and nervous. I had little or no appetite, my mind was very poor. I decided to buy Rydals' Stomach Tablets, being assured by a friend, they were a good dyspepsia medicine. After using them for a few days, I began to realize that I was getting better. I gave up the doctor's prescription and have gained 20 pounds while using two boxes of these tablets. I never felt better in my life. I caught a severe cold, which laid me up for several weeks and led me weak and nervous. I had little or no appetite, my mind was very poor. My physicians could not get at the cause of my trouble, as my digestion seemed so much impaired. I decided to buy Rydals' Stomach Tablets, being assured by a friend, they were a good dyspepsia medicine. After using them for a few days, I began to realize that I was getting better. THE LANTERN,
PUBLISHED TUESDAYS AND FRIDAYS.
J. T. BIGHAM, Editor and Proprietor.
Entered at the Postoffice at Chester, S. C., as second-class matter.
TUESDAY, JULY 26, 1904.

Huge Tomatoes.
Mr. S. E. Colvin showed us a pair of tomatoes Saturday which had been brought to the store and given him by Mr. J. G. White, in whose garden—or rather in Mrs. White's garden—they grew. We said "pair," for they grew that way, tight together. The combined weight was 47 ounces—practically three pounds. Who can beat this?

Cooking Club.
On last Thursday the Cooking Club met with Miss Ethel Hamilton. An interesting contest which tested the memory was held in which Miss Matie Johnson won the prize, a box of stationery. The guests were then invited into the dining room where besides the dishes brought by the members, the hostess served melon, fruit, cream and cake.

Sweet Potatoes.
Mr. J. D. Collins was in town Friday and had samples of his sweet potatoes. He left two fine specimens at this office. He gets his slips from Florida. They cost just about the same in this way when sprouted at home, and this is the advantage that he can set out all he wants at once and as early as he wishes. His orders three varieties, all good. We will begin marketing his potatoes in a few days.

At Presbyterial Church.
Rev. D. N. McLuchin, former pastor of the Presbyterian congregation here, is expected to arrive this afternoon from Annoton, Ala., on a visit to relatives. He will preach at the Presbyterian church next Sunday morning at 11 o'clock. At 8:30 in the evening the pastor, Rev. Charles K. Hyde, D. D., will preach a special sermon to young men on the subject, "The young man who thought himself safe."

Landmark to Be Removed.
The property belonging to Misses Emily and Mattie Graham, between the postoffice and the building, has been sold. Judge H. C. Starbuck, of Winston-Salem, N. C., representing the Agurs estate, was the purchaser. The building now standing on the property, which is truly one of the landmarks of Chester, will be torn away and a handsome three story brick building erected in its stead. Work on the new building will probably begin within about a month. The Misses Graham reserved a lot, being a part of the property facing McAlilly street.

Land Transferred.
The following tracts of land in the county have been transferred during the past two weeks, the transfer being made through Real Estate Agent W. N. Walker:
A. W. Kluttz has purchased Mrs. M. A. McCoy's property on the corner of Pinckney and Centre streets.
Dr. J. C. Brawley has purchased the Revels property at Lowryville.
M. J. Revels has purchased a tract of land known as the old O'Connell place near Baton Rouge.
Dr. S. W. Pryor has just purchased a tract of about 90 acres from Mrs. Macie Kennedy, near Woodward Baptist church.
J. E. McDowell and Ed Graham have purchased two lots from Mrs. M. A. Steinghiser, a part of the old oil mill property.

Good Roads Picnic.
The location for the good roads picnic has been selected. It is in the grove opposite Old Purity church, in the edge of Mr. J. G. L. White's pasture. Reports from every portion of the county indicate that everybody is going to be present and enjoy the exercises of the day.

The committee in charge proposes to furnish plenty of pure cold water on the grounds. No stands for the sale of cold drinks, etc., will be allowed, nor will any soliciting from candidates or others for various purposes be allowed.
Senator C. Lattimer has signed his acceptance. "Get the people out if possible," he writes. No one can afford to miss the good roads picnic, August 5th.

Lost—Between Jones & Co's and Atkinson's market a gold-case watch (Waltham works) and Job. Finder please return to Mrs. J. K. Kisson, at Jones & Co's, 7 1/2 41

Prisoners Placed in Jail.
Saturday seemed an unlucky day for evil-doers. Four darkies, who had violated the law, were placed in jail to await the next term of court.

While the family of Mr. T. C. Allen were away from home attending the Armenia picnic, two negroes, Aaron Dixon and Spurge Chalk, who lived on the plantation, entered the kitchen and stole 15 pounds of flour, 25 pounds of sugar, 2 pounds of coffee, 3 pounds of bacon and 1 bushel of meal. Upon a warrant issued by Magistrate A. D. Darby, of Baton Rouge township, they were arrested by Constable R. W. Wilks. Mr. Wilks brought them to Chester Saturday and placed them in jail.

Robert Young was arrested Saturday morning by Constable W. C. Hedgpeth, upon a warrant issued by Magistrate J. J. McClure, on the charge of assault and battery of high and aggravated nature, the offence being committed against Dollie Lewis. In default of bond, he was placed in jail to await court. Bessie Belle Caldwell entered Mr. J. A. Carter's house Saturday morning and took a pocket book containing about \$10, which she immediately proceeded to appropriate to her own good pleasure and use, in the purchase of soda water, ice cream and lemon drops. She was arrested shortly afterwards by Policeman J. R. Anderson. On his affidavit, Mr. Carter recovered a little over \$5.00. Being unable to give bond, she was also committed to jail.

Mrs. Mary McDill Dead.
The announcement of the death of Mrs. Mary Robinson McDill yesterday afternoon about 1 o'clock came as a clap of thunder to the relatives and friends in the city—even to those who were watching by her bedside. She had been quite sick for two weeks with typhoid fever but her physician and nurse considered her getting along well. Sabbath night she had a rigor but had apparently recovered from it when suddenly about the time mentioned she took a convulsion and died in a few minutes. She was 34 years old in February and leaves five children, the oldest son aged about 15 and four daughters, the youngest being between two and three years old. Her father, Mr. Benks Robinson and two sisters, Mrs. R. B. McDill, of Cornwall, and Mrs. Fred Fowler, of Wellridge, survive her. She was born and raised in the neighborhood of Pleasant Grove Presbyterian church and after her marriage to Mr. James M. Dill, lived in the same neighborhood until after his death less than two years ago, when she moved to this city into one of Mr. Gibson's houses on College street near the Baptist church, where she died. She was a member of Pleasant Grove Presbyterian church before her marriage, but afterwards transferred her membership to Hopewell A. R. P. church with her husband, and since moving here connected herself with the same church in this city. The funeral services will be at Hopewell today about 1 o'clock conducted by her pastor, Dr. J. S. Atwell and her pastor, Rev. J. A. White, and the body will be laid to rest by the side of her husband in the cemetery there.

Miss Mary Nell is visiting Mrs. Geo. Beach in Rock Hill.
Mr. W. A. Leckie returned Saturday from the worlds fair at St. Louis.
Mrs. Willie K. Douglas was in Chester Saturday in the interest of Due West Female college.
Mr. W. D. G. Anderson, of Jos. Myrie & Co's store, is taking his vacation this week.
Miss Ada Ferguson, of the Chapel neighborhood, is visiting at Mr. George Ferguson's, on Columbia street.

Judge McClure gives notice that people must quit asking him when the Graham house was built as it is the way 100 years old.
Mrs. C. M. Waddy and children, of Chydston, arrived yesterday afternoon to visit her sister, Mrs. J. D. Cox.
Mr. W. R. Nail has received an invitation to attend the 27th session of the annual New York furniture exposition, at New York, August 5th.

Rev. J. S. Moffatt, who was conducting a meeting for Rev. J. H. Pressly, at Statesville, N. C., returned home last night in response to the telegram announcing Mrs. McDill's death.

"A Few Facts."
Mr. Editor:—During my absence last week some one sent me a copy of The Lantern, containing an article under the above caption profusely marked. Now it is not my desire to burden you in the matter, but in as much as a part of said article was a bit personal, I ask that you will allow me space for a few more facts.

1st. The author of "A Few Facts" says it was a mistake for such a proposition to have been made. Well, it may seem so, from a Pedobaptist standpoint, but from my point of view there is nothing wrong, in declaring the whole truth on any subject. I am sure the editor of The Western Recorder does not regard it as being wrong, else he would not have been so earnest in the matter as to have offered a \$1000 reward for one single passage in which the Greek word Baptizo, either in the classic or New Testament period, ever meant to sprinkle or pour. As to my own part in the matter, I simply had it published because after I had given a Bible reading in my own pulpit, I had been so quoted as saying "it would be a thousand dollars" etc., which I never said, but I did close the reading with the repetition of The Western Recorder's proposition. This I do not regret, but I do regret that no one has seen fit to contend for the reward. Some seem to have misinterpreted the intent of the offer, to whom allow me to say that it is made in good faith as an earnest search for the truth.

2d. The author of "A Few Facts" says "the proposition was not accepted." The editor of The Western Recorder says this is a mistake, that the proposition has never been accepted. Therefore I call on the author of "A Few Facts" to tell us who the party is that has ever accepted the proposition.

3d. As to the offer made by "simeone" similar to this for a single passage that teaches immersion, I want to know who this "simeone" is? I also would like to know if the proposition is now in good faith, or who like to know if the author of "A Few Facts" will stand for such a proposition, i. e., endorsing it as I have the one made by the editor of The Western Recorder?

4th. As to how the matter could be finally decided, hear what the editor of The Western Recorder says: "Now this preacher can speak for himself, but he cannot speak for us, he avows that he would insist on packing the jury so as to get a verdict that he has no right to charge such a purpose upon us. All we want is that the passages shall be passed upon by competent scholars, and we are perfectly willing that all of them shall be Pedobaptist." Now how could anything be fairer than this—Pedobaptists themselves to be the judges in the contest?

5th. The author of "A Few Facts" further says, with reference to Truth Seeker's recent article, which I wrote, "There are men in Bethel Presbytery who know as much about the meaning of words in the Bible as scholars and commentators." In this I have no doubt whatever, but what I want is for such men to admit what they know. Now we all know what the Greek word Baptizo means and what we want is to get an admission on our knowledge. The Bible says "If ye know these things happy are ye if ye do them." Jan. 13: 17.
6th. Now, Mr. Editor, since you have complimented the fine work of the article, "A Few Facts," I will offer no comment on the following, with which said article was closed. "The more enlightened and Christianlike people become, the more opposed they are to controversy." A-hem!

Lovingly,
Yours for the Whole Truth,
JOHN BASS SHELTON.

Miss Lilly Haddon, of Abbeville, is visiting her sister, Mrs. L. B. Fridy, on Center street.

Miss Edith Fort, of Gaffney, arrived yesterday afternoon to visit Miss Mary Smith.

Mr. Tom Douglas has returned from a delightful trip to Richmond, Va., and Washington, D. C.

Mr. J. S. Marquis and daughter, Miss Julia, left for Chicago yesterday afternoon and will return in September.

Shaprop Joseph S. Key, Southern R. R. Clerk, has been elected Moderator of the Western Recorder's Association for the year 1904. A fine Christian culture, high moral standards, thorough work, comfortable home life and close personal oversight. The best for the least money. For catalogue, address Rev. JAMES BOYCE, Due West, S. C.

Mrs. R. Brice, of Columbia, arrived yesterday afternoon to visit Mr. I. M. D. Hood's family and other relatives in the city.

Dr. J. B. Bigham, of this city, was elected corresponding secretary of the State Dental association for the next year.

Mrs. C. M. Waddy and children of Charleston are visiting her sister, Mrs. J. D. Cox, on West Side.

Mr. and Mrs. J. L. Wood and Messrs. Fred and Charis Wood left today on a several day's visit to relatives in Rock Hill and Charlotte.

Mr. A. P. Wylie had a sample of very fine peaches in town Friday. They are just beginning to ripen, and customers were engaging them in advance.

Maj. J. H. Marion and Adj. Jesse Hardin returned yesterday from the encampment of the 1st regiment in Columbia. They will go back either tonight or tomorrow.

Land for Sale.
I offer for sale my valuable plantation situated in Chester county, on the waters of Big Rock Creek, about eight and one-half miles from Chester, containing three hundred and three (303) acres more or less. On this plantation there are about seventy-five (75) acres of good bottom land, and there is land sufficient for a five horse farm open on the place, and besides this an abundance of land to suit in small grain and timber, sufficient to keep the place in good condition by the first of September and cut all dead or dangerous trees in reach of road, and remove all loose stones from the road bed. The township commissioners will see that each and every road in their respective sections has an overseer, and that the lands are properly qualified as best in their judgment on said roads.
J. O. DABRY,
Co. Supervisor.
7-19-04

NOTICE.
All overseers are ordered to call out all able bodied men between the ages of eighteen to fifty years of age, and their respective sections in good condition by the first of September and cut all dead or dangerous trees in reach of road, and remove all loose stones from the road bed. The township commissioners will see that each and every road in their respective sections has an overseer, and that the lands are properly qualified as best in their judgment on said roads.
J. O. DABRY,
Co. Supervisor.
7-19-04

Rev. and Mrs. P. A. Pressly, of Due West, passed through yesterday afternoon on their way to Lancaster, where he will be installed pastor of the A. R. P. church there Thursday.

Hon. E. J. Watson, of Columbia, commissioner of agriculture, commerce and immigration, has accepted an invitation to attend the good roads picnic and deliver an address on the subject of the day.

Mrs. J. A. Rice and little son Aubrey, and Mrs. C. N. Buckhalter, arrived in the city yesterday from Union. Mrs. Buckhalter left this morning for her home in Barnwell. Mrs. Rice will remain a few days with her father, Capt. T. M. Sanders.

Miss Elizabeth McLean, of Cheraw, has been elected teacher for the first grade in the graded school, in the place of Miss Wheeler, who resigned. Mr. W. P. Hodges, of Chatham, Va., has been elected to teach English and Latin in the High school, in place of Mr. Graham, of Charlotte, who resigned.

Mr. Victor Blake, who has been spending his vacation with his parents, Mr. and Mrs. J. A. Blake, returned to his work Friday night. He has been serving as night telegraph operator for the Seaboard Air-Line railway at Hoffman, N. C. Just before leaving he received instructions to go to Aberdeen, N. C. He was accompanied by his little brother, Master John Blake.

Week End Rates Over Carolina And North-Western Railway, Season 1904.

Agents are authorized to sell round trip tickets to all points north of this station at rate of \$1.50 for the round trip. Tickets on sale Saturdays, good returning any day Monday.
This rate effective until September 24th, 1904.
E. F. REID,
Gen. Passenger Agent.

NOTICE.
All parties indebted to us by note or account are requested to settle same at once, as this corporation is now in liquidation, and are going out of business.
BEWLEY BLDG. CO.,
Chester, S. C.

Bridges to Let.
Sealed bids will be accepted and contracts let to the lowest bidder for the building of the Seafair bridge over Turkey Creek at the old Seafair bridge site. The bridge is to be built as soon as lumber is laid down, at least by the 1st of September next.

Next to the Heart.

The eyes are the most sensitive organs of the body. They wear out sometimes from overwork and give expression of fatigue in redness, watering, itching, etc. SMERINO restores this sensitive vision with properly fitted glasses.

Your watch will go right if SMERINO repairs it.

FAMILY CARES.

This information may be of Value to Many a Mother in Chester.

When there is added to the many care inseparable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs, the mother's lot is far from a happy one. This condition can be quickly changed and abolished by the use of Doan's Kidney Pills. When this is known the mother's burden will be lighter and almost all his life.

Robert Sanders, mill-hand residing at 18 Church Street, says: "My son used Doan's Kidney Pills for his kidneys and bladder trouble from which he has suffered almost all his life. He looks like a healthy boy but he cannot stand any work, which causes a strain on his back and the secretions from the kidneys are strong and dark and there is too frequent urination, especially at night. I am convinced that the pains and other symptoms arise from weakness of the kidneys and bladder, and although we have given him a dozen kidney pills, the results were so slight that we thought he would be afflicted for life. Seeing Doan's Kidney Pills advertised, I got a box. Before he had used half of it the trouble was relieved. The use of two boxes brought such satisfactory results that we are as delighted as he is. Doan's Kidney Pills cured his backache and the other symptoms of weak kidneys do not trouble him. I have also used Doan's Kidney Pills for my own kidneys. Call for Fryer-McKee Drug Co's store and ask what their customers report."

For sale by all dealers. Price 50 cents. Foster-McKee Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

RYDALES TONIC

A New Scientific Discovery for the BLOOD and NERVES.

It purifies the blood by eliminating the waste matter and other impurities and by destroying the germs or microbes that infest the blood. It builds up the blood by restoring the red corpuscles, making the blood rich and red. It restores and stimulates the nervous system, giving full flow of nerve force throughout the entire nervous system, curing such unstraining nerves, nervousness, nervous prostration, and all other diseases of the nervous system.

RYDALES TONIC is sold under a positive guarantee. Trial size 50 cents. Family size \$1.00. MANUFACTURED BY The Radical Remedy Co., HICKORY, N. C. T. S. LEITNER.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deep-seated and so insidious that many deaths are caused by it. It is heart disease. It is heart disease that causes heart failure or apoplexy. It is heart disease that causes the fatal disease of kidney disease. If kidney trouble is allowed to advance the kidney is poisoned and blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell. Bladder troubles most always result from a degeneration of the kidneys and a cure is obtained quickest by proper treatment of the kidneys. If you are feeling badly you can make no mistake in getting Dr. Williams' Swamp-Root, the great uric acid and scaling-pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both free of charge, sent free by mail. Address Dr. Williams' Medical Institute, 233 North Second Street, New York, N. Y. When writing mention reading this generous offer in this paper.

OSTEOPATHY IN CHESTER.

Dr. R. S. Collier, OSTEOPATH.

All chronic diseases treated without knife or drugs. Examination without charge. Offices, corner Saluda and Valley Streets.

R. L. DOUGLAS, Attorney at Law.

With J. H. Marion. Offices Over The Exchange Bank, Chester, N. C.

English Ship Released.

LONDON, July 21.—The Russian government late today ordered the instant release of the Paninsular and Oriental steamer at Malacca, which was seized because of the claim that contraband of war was being transported to Japanese waters. Dispatches tonight show that the steamer has been set free and Russia admitting that a mistake was made, is willing to make amends. This, it is thought, will close the incident, which threatened serious complications.

Count Benckendorff, the Russian ambassador, at a conference with Foreign Secretary Lansdowne yesterday afternoon, made what may be considered a preliminary reply to the British protest against the seizure of the steamer Malacca. He assured the foreign secretary that his government had no intention of infringing on the rights of Great Britain, or any other neutral power, and that if a mistake had been made in seizing the steamer Malacca, it would unquestionably be restored and damages paid.

The ambassador pointed out that it was unreasonable to suppose the Malacca had been seized without the command of the St. Petersburg having good grounds to believe she had contraband on board. Unless this suspicion is effectually disproved the matter will have to go before a prize court, which procedure Great Britain follows. In the meantime Russia will make full investigation to establish definitely the grounds on which the commander acted. The commander also informed Lord Lansdowne that he had telegraphed to St. Petersburg the British protest which would receive immediate attention of the emperor and of Count Lamdorff. There is reason to believe that the Russian authorities incline to the conclusion that the commander of the St. Petersburg made a grave mistake in the seizure of the Malacca. This can be established by his reports, which have been telegraphed for, and if this opinion is confirmed, orders will be telegraphed to release the Malacca. It transpires now that the Malacca has been released and that ends the negotiations.

Two Delicious Desserts.

"Moonshine"—Beat the whites of six eggs until stiff, add six table-spoonsful of granulated sugar, and beat until dissolved. Then add one teaspoonful of strawberry jelly (any other jelly may be used, if preferred.) and whip until perfectly smooth. Serve with cream or rich milk. This quantity is for six persons.

Raisin-Lemon-Cream Cake—The following ingredients are necessary: One cupful of butter, two cupfuls of sugar, five eggs, one scant cupful of milk, two teaspoonfuls of baking powder, three cupfuls of flour and one and one-half cupfuls of sifted raisins. Beat the whites and the yolks of the eggs separately; cream the butter and sugar; add the yolks of eggs, and beat; sift the flour and baking powder together, and add it a cupful at a time with the beaten whites of eggs; pour the milk in slowly. Flour the raisins, and add them last, and beat all together. Flavor with vanilla, and bake in jelly tin.

To make a good filling for this cake, add the juice and grated zest of one lemon to two cupfuls of water, and put on the stove to boil. While waiting for this to boil, mix three tablespoonfuls of sifted flour with one-half cupful of water, and add to this one and one-half cupfuls of sugar, then pour the mixture slowly into the boiling water and lemon, and stir constantly until it is the desired thickness. When done, pour it into a hot tin, and add a cupful of salt and a lump of butter the size of a hickory-nut. When cool, spread between the layers of the cake.—August Woman's Home Companion.

The English government has presented a strong protest to Russia against the seizure and detention in the Red Sea of the Paninsular and Oriental steamer Malacca, which was carrying government stores for the naval establishment at Haiphong, each case being marked with the broad arrow, the government stamp. By this action it is hoped to compel the Czar to acknowledge the error. There is a hostile feeling against Russia and the press is speaking out in warlike tones.

Miss Maggie Horse, of Chester, arrived in the city Wednesday to visit at E. P. McFadden's.—Gastonia News.

At to Memorial Day.

Will the Lantern, the ably edited paper which comes to us regularly from Chester, S. C., permit us to correct it as to an error it has fallen into as to the Memorial Day in the north? It says: "We believe that of the northern states observe May 30th, the anniversary of the day on which the last of the soldiers were discharged." The 30th of May is a national Memorial Day, made so by congressional enactment, as well as by decree of the G. A. R. national camp. But not for the reasons stated. In fact the federal soldiers were not discharged as early as May 30 of either 1865 or 1866. A Maine regiment was serving even in South Carolina as late as July, 1866—quite a while after President Johnson's "peace proclamation" was issued. The observance, as instituted, related rather to the peace that followed war than the war itself. One who had carefully investigated said of this some years ago:

"It is the good fortune of Memorial Day, that the day chosen, May 30, is not the anniversary of any of the great, sanguinary engagements of the civil war. It so happens that the combats that took place on the 30th of May were of a minor character, and none of the tremendous and bloodier actions, like Shiloh, Mufreesboro, Antietam, Chancellorsville, Gettysburg, Wilderness, or Cold Harbor, chanced to fall on that day." Lee and Johnston both surrendered in April and by the 20th of May (1865) the last great army of the confederacy had followed suit so that the 30th found peace everywhere restored. The only public holiday based on events of the late war, commemorates no great victory or defeat which might bring bitter memories to any portion of our countrymen. Let it be a memorial not of the strife, but of the peace that followed—and it may continue to be celebrated through generations."

The Lantern observes, as to its own Memorial Day, that it occurs May 10th—the anniversary of Stonewall Jackson's death, though in some sections June 3, the Jefferson Davis birth anniversary is preferred.—Bridgton (Me.) News, July 15th.

Cure of Chronic Diarrhoea.

After Ten Years of Suffering. "I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine. This remedy is for sale by J. J. Stringfellow.

If Judge Parker becomes president he is not at all improbable that he will offer a place in his cabinet to Senator Tillman, and it is not at all improbable that the senator would accept it. Then we would have a nice little crew in the state for the senate.—Newberry Observer.

Charm of Old Age.

There is a pathetic charm about old age. We are sure that nothing is so lovely as the saintly old grand-mother occupying her accustomed place in the chimney corner. There is something that entrances while we watch the silver haired patriarch as he fondles his darling grandchild on his knee. There are the salt of the earth, the treasure in the home, the familiar figures in community life. And more than this love of others, there is coming a time in our own individual history when we shall crave the caresses and love of friends. Old age is more keenly sensitive to neglect than at any other time. It is not intentional—no, we commit this neglect amid our devotion to and attendance upon other matters. We forget, however, that the inward craving of old age conceives of no apologies and knows no reason why the old-time cares and fondlings should be things of the past. It transmits everything into neglect. Age softens the heart and the soul pines for the touch of the hand that would stroke the golden locks of a prattling child. Let's love them more than by a mere sentiment! What would we do without these saints? Amid these reveries, we recall the lines of Elizabeth Gould:

"Put your arms around me—
There, like that
I want a little petting
At life's setting.
Ear I'm old, stout, and tired
And my long life's work is done."

Miss Lizzie Alexander has accepted a position on the faculty of Williamson Female college, which will be removed to Greenwood this fall. She was formerly a member of the faculty of this college. She resumes her work after an absence of three years.

"I wonder how the editorial 'we' originated."

"I suppose it was started by some editor who had to sat in the personal character of some, husky man, and wanted to make the man believe he'd have to lick more than one.—Philadelphia Public Ledger.

The Russians seem to think they have won great military glory if they "make a stubborn resistance and retreat in good order."—Atlanta Constitution.
