Arrive Sunday at Nine: “Student-Cadets” Get Down for New Semester

Two hundred boys and 125 girls, the first contingent of “pet-o-ccas,” and a group of “pre-to-ccas” cadets of the 41st Detachment College Training (Aircrew) staged a dodgeball tournament on the Winthrop campus Sunday evening as a kick-off to the semester. All the players were from the film in true military action. Following the games the dorm train stations were decorated with evergreen boughs, and the cadets arrived in Main Building Monday afternoon.

It soon became apparent to Winthrop that neither Winthrop nor the boys, “the student-cadets,” really “married” yet, and they were definitely serio.
For Cadets, Only

Welcome to Winthrop again, fellows! We say again, because you know it. Our Monday meeting and last week's session of the Student Senate are in the same style for the first two weeks therefore. Yes, you can always rely on the Student Senate and Winthrop Student Senate. In that issue we told you how glad we are to see you, and that you'd already be out of your dormitory.

We told you that in that case we considered your presence in the dormitory during the week.

As you may be one of our dormitories, sitting in the dormitory, and you're probably in the dining hall, and dining on Tuesday, and Town, and that you'd already been dining in your dormitory. You are in a dormitory.

Yes, we said all that without being on the Campus. It was more or less

Bouquet For The Music-Makers

Another "first" took place on the Campus last weekend. And the music department is to be commended. If we may use the term. The department, around thirty-five boys in uniform, and the cadets, who come over from Winthrop to Camp Croft as Sunday afternoon, which officially ended girls took their dates to church the next morning, and the boys were again by Phi U, and then Saturday night at a by Saturday and Sunday guests.

Our Campus. And that we were glad you tor for Keels dashed into the loom the other week. In that issue we told you how sort of thing a College would boast of.

And Dr. Roberts and the music departmen are really to be commended.

Freshmen Take Over

Freshmen will really make the news next term.

As in the past few years, 20 freshmen will be in charge of our Daily and their first column will be a sort of announcement of their coming. They're anxious to do well and to reflect the pride of Winthrop's first pilot. We must get 200 hours in the air and who also had a li-

Without: A lot of the noise in the dining halls and their battle fields, performed by the hungry public, which buys anything it can hold up. Every comment is favorable about the drill.

The Staff: be getting a week's rest while for the rest of the semester in the way of the Infirmary is for real cases, not shams, and the Infirmary is for real cases, not shams, and the Infirmary is for real cases, not shams.

MRS. STONEHOUSE

The War Bond Bond contest has ended with 5000 in changes and bonds already.

The deadline is three days away, and the buying pace should quicken as the end draws near. If you're thinking of getting a bond this spring, buy them now, and vote them now. You know the fellows who may not have checked in at all, as we say, and we now.

Catching Up: the news that has been, without a doubt, the most widely publicized is that we've seen a denomination of the Church of England. You're all very happy, and we're very happy.

Clever Cracks it was at the dance for 12 o'clock that your privileges are temporary and your war and you mean to see it through.

This is the week we're going to sleep. We've got the Infirmary blues. It's an acute State of mind, and we're feeling it like a神经病.

Sophomores May Order Class Rings

Sophomores will have the privilege of ordering their class rings this week. It is the custom of each class to order rings a year in advance of their graduation. There will be no orders taken after June 15. Therefore, it is important for the sophomores to place their orders before that date. Orders should be placed with J. W. Graham, business manager, and made up at Baker University. Juniors, senior class president and Miss Nichols, has made arrange-
ments which will make it possible for rising juniors to get their orders in time.

Elise has appointed a ring com-

mittee consisting of Frances Miller, Catherine Eve Nichols, Frances Schroder and Helen Thomson, and measurements will be taken toward the end of the week. Orders will be taken only through the company representatives come to the campus.

The light weight rings will cost $5.40 in the heavy ones, $5.30. Both of these prices include the engraving of the name of the one who receives the ring. Class pins may be bought for 50 cents.

Elise states that orders will prob-
ably be drawn from next week, and that the rings are the same as the ones made by the present junior class.

One of the biggest dance boners we've seen came off Saturday night at the regular informal when that super girl of poise, Ainslie Maxwell, was introduced to Lt. Roy Hager, one of the officials of Fort Bancroft. Ainslie went through the usual quiz for those in uniform by asking him where he was stationed, and when he answered, she said, "Bancroft... Well, maybe I'm not up on my fields. Where is that one?"

For Club Membership Says Archery Head

An eleventh hour request for all archery-minded Wirtthropians to sign up for Archery club membership was sounded today by Carolyn Osteen, chairman. Several new members came out for the first practice this week, but club leaders are gunning for even bigger gains in enrollment. Chairman Osteen urges all interested girls to see her at once.

Meetings are scheduled on Tuesdays and Thursdays from 4:30 to 6:30 on the archery range. Make-up practices will be held on Friday afternoons. Girls with club conflicts who wish to claim archery credit on their W-A_A. pins will meet on Mondays until the end of this sports season.

FRESHMAN JEAN LAYTON takes over as columnist and sports editor next week in the annual freshman edition, and we're throwing all our plugs her way, because she's slated to do a swell job, what with her knack for goticing fun and her interest in the sporting world. And so, make next week's sports page a "must", and turn to it expecting plenty because you'll get it.
