It makes no difference what you wish to buy you had best not part company with your good cash until you first see Klutz Money Saving Bargains

Everything in the Summer line has been reduced in price in your Big New Store. Mr. Klutz has journeyed thru his tremendous stock of goods during the past week and slashed prices helter-skelter. Now is of small consequence. The summer goods must get out at any price. Soon the Fall and Winter Goods will begin to arrive and we must have room to display them. Every single article in the establishment has been reduced. We firmly believe money in the banks is of far greater value to our big business than goods upon the shelves.

Those that have waited for gigantic reductions may now fall in line.

Remember, besides, no matter what in creation you may purchase from the Klutz Store, if after you get home you discover for any reason you don't need or care for the goods, return them to us and we will gladly refund your money without the least grain of resentment.

What Hampton Advised.  
To the Editor of The State:  
I have noticed lately in the news papers allusions by Ben Tillman in regard to my dear old friend, Colonel and General the lamented Wade Hampton, voting etc., in the election for governor of South Carolina in 1890. Knowing how Tillman and his friends had treated Gen. Hampton and that the Independent candidate, Col. Haskell was perhaps a connection of Gen. Hampton's, I wrote the general, asking his advice in regard to how I should vote. I will quote his reply: "Henderson vote, as I am going to vote, for the nominee of the Democratic party of South Carolina." And that nominee, I am sorry to say, was Ben Tillman. That was the only time in my life I ever disobeyed Wade Hampton. I voted for Col. Haskell and would do it again tomorrow if it was to be done over. And I am responsible for what I say.  
E. Prichard Henderson  
Walterboro, July 28.

**Will Tillman Accept the Challenge.**  
The Columbia dispensary organ, recommended by the senior senator for its fair reports, has Tillman signing in his Saturday's speech at Prosperity; The Columbia State of another else had when they said that under a compulsory education law the negroes could be kept out of the schools, and he made his usual arguments against their proposition.  
Neither Tillman's declaration that "The State lies nor our assertion that Tillman lies is proof. The record is the sustaining evidence and we appeal to that record. What has been said is in black and white; there can be no squirming or sneaking or crawling. The simple question is, Did or did not the State pass that under a compulsory education law the negroes could be kept out of the schools?" Tillman says "The State so asserted," and declares before a large crowd of Newberry county citizens that "The State lied."  
Let the question of lying be settled. Let the constitution be proposed that a committee of three or five men, Tillman's personal and political friends, former State Treasurer W. H. Tillman, former State Treasurer W. T. C. Bates and Gen. Wade Hampton take the record and find a verdict. If that committee determines from the record that the State said that under a compulsory education law the negroes could be kept out of the schools; the editor of this paper will publicly acknowledge himself in violation of his position as editor of the State and will resign. If, on the other hand, the record shows Tillman's charge to be false, the editor will publicly acknowledge that the lie he charged to the State should be properly credited to him, and he must contribute to the South Carolina branch of the Southern Cotton Growers' association, \$50 of the net proceeds from his lectures in the north-west to be made week after next.  
If Tillman does accept this challenge, the farmers of South Carolina will get more out of him, through that \$50, than they have secured in the 21 years he has been working for Ben Tillman.—The State.

**It's Your Kidneys.**  
Don't Mistake the Cause of Your Troubles.  
Many people never suspect their kidneys are suffering from a lame neck or aching back they think that it is only a muscular weakness, when urinary trouble sets in they will soon correct itself. And so it is with regard to the symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Sam Martin, employed at the Newberry Mills, writes in this way: "My back ached for three or four years and the pain right across the middle of my back was so bad that I could not work. I thought it was rheumatism and was trying all kinds of liniments and rheumatic cures until I noticed a brick dust sediment in the secretions and noticed the natural appearance when I came to bed. I bought Doan's Kidney Pills, the remedies I used did not bring me any relief. I bought Doan's Kidney Pills I got a box. I cannot say I was any more thankful I am that I found Doan's Kidney Pills, for I have a good, reliable kidney medicine."  
This sale by all druggists. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
