## **ON TIME**

Following the record for 18 years the Spratt Building and Loan Association takes pleasure in hereby advising its members that Series 18 has matured with the July payment. Settlement will be made at the office of the Association, 120 Main street on the 28th and 29th of August, where \$66,400.00 will be disbursed among those who had foresight and have gotten into the regular Building and Loan habit, and are now realizing the rewards of their thrift in cold cash, hundreds of dollars, and paid-for homes.

12 other series are still running with over 1,000 members and a new Series, No. 31,' opens this month, on the 21st. where all can start the "Regular Habit." Call, write or phone for any information, and how many shares you would like to take out.

THE BIG STORE

We have secured the Agency for the best ground Limestone made, and will take pleasure in talking to our Friends and Customers about this lime, and what it will do for your land.

Experts from the Government tell you that Lime is the cheapest and best thing you can use. It brings out the Potash that is in the soil; and as we cannot get Potash it looks like it will pay any one to use Lime this Fall.

This Lime is very finely ground, which is much better than a course ground Lime. We could have gotten a courser Lime for less money, but you do not get as quick results with course Lime. Call and see us for prices.

## CHANDLER SIX

Do You Know Why More People This Year Are Buying The Chandler Six Than Are Buying Any Other High-Grade Car?

### Do You Know Why in Four Years' Time The Chandler Has Passed and Left Behind, One by One, a Long Line of Other Well Known Cars?'

There are perhaps several reasons, all of which would appear very or took the time to appear very or took the time to analyze the history and bisiness policies of the sutomobile industry. But there is not appear to an example that every severation of the several time the first chandler market for years and built and that the lowest possible price. The Chandler today offers this sevice, just as distinctly as at any state.

It took some little time, of course, for a great part of the motoring world to pin its confi-dence to this newcomer. Men rec-ognized, indeed the whole trade recognized, that a new type of Case which must make large appeal had come into the market. The trade games that it was the product of men who knew motor building and general motor car design and who were than the was the best manu-facturing, practices. Still- and remember this was more than four years and the trade said a newcomer could not win out. Nevertheless, these were a few + + +

Nevertheless, there were a few hundred, Chandler cars manufac-tured and sold in those months of the summer and fall of Nineteen-Thirteen And how distinctly the Chandler

has won its place in the very front graks of fine metor cars is reflected in the Chandler sales records of Monteen-Fourteen, Sitteen, Six-teen and Seventeen. Month by month and season after season throuot these four years the Chandler has moved for ward and forward, until today its itedership could hardly be quee-tioned. before. And now comes 1917, a year of some stress for all trades, a year above all years when the real worth in merchandise counts most. And what is the motoring public's anywer in its discussion of high-grade cars? What is its answer in discussion of Sixes most particu-larly?

with the right type of car, the Chandler Company has stood firmi-ly by this type of car. It has con-tinued to develop this car througt these four years until today it ap-proximates perfection in construc-tion and performance.
