COMPANY A, 17TH REGIMENT.

Sketches of the Men and Movements of the Company From Enlistment to the End of the War.

(Continued.) A few days after reaching this camp... Sketched of the Men and Movements of the Company From Enlistment to the End of the War.

"Cease firing, you are killing your friends." Col. Gadsberry ordered his men to cease firing, thinking perhaps it might be one of our own regiments.

Diarrhoea Cured.

"My father has for years been troubled with this disease, and has tried every means possible to effect a cure, without avail."

The Hay and the Roscs

William Allen White of the Emporia (Kan.) Gazette writes this sentiment: "I have gathered roses for a year or two, many glad and golden jays; but now, as I dig the world I like, my weary hands are filled with prunes."

A Faithful Friend.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for some time, and I can say it is the best medicine I ever used."

Methodists After Cannon.

Baltimore, Aug. 12.—The Methodist Episcopal church has begun an earnest campaign for the election of a speaker "who will allow congress to vote on the interstate liquor shipment bill."

Deafness Cannot Be Cured

By local applications, as they cannot reach the hearing nerve, and as there is only one way to cure deafness and that is by the constitutional method.

What is Best for Indigestion?

"Mr. A. Robinson of Drumright, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy as the best medicine I ever used."

Death of Wealthy Lady.

Miss Anna E. Rice, only sister of the late Col. A. C. Rice, and aunt of Mr. William Coleman, president of the Glenn-Lewis Manufacturing Company.

Oats and Peas Propositon.

The Cotton Journal has received a number of letters warmly endorsing and advocating the plan of planting two acres of oats to the plow this fall.

As Others Think

Everybody in Chester Has a Right to His Own Opinion. While everyone has a right to his own opinion, he has no right to consider what others think and profit by it.

Good Roads and Road Doctors.

The good roads bug seems to have bitten many of our people recently. It may have a good effect in the long run, but it is a very painful insect.

Southern Renegade.

A General in Sherman's Army Who was a Native of South Carolina.

That Gen. Stephen A. Hurlbut, one of the aids-of-that Sherman who brought about the fall of the Confederacy by the burning of Columbia, was not only a native of South Carolina, but lived in this state until he was 39 years of age.

SOMETHING NEW FOR CHESTER.

About six months ago we decided to open an exclusive shoe store in Chester and to work early, when we had ample time to get all the lines which we wanted.

It affords us pleasure to say that we now have everything ready and invite the public to come in and look at our stock, no matter whether you wish to buy or not; it is a pleasure to show the handsome shoes we have.

We will carry the nicest goods to be had in the different grades in all widths and sizes, and every shoe leaving our store will be in a cartoon bearing our own name, which will guarantee at all times first class goods at reasonable prices.

We are in close touch with the best markets and know just where to get the best to be had in shoes, and you may be assured that the stock we have selected is far ahead of anything ever shown in Chester before.

Come to see us. We are next door to McKee Bros.

Once Used Always on Hand

NOAH'S MINIMENT

For Sale and Distribution by J. J. Strickland

Letter from Montreal.

Dear Mr. Editor: I suppose you would like to hear something of this great and glorious Montreal. I suppose it is useless for me to say anything of the climate and scenery. It is just grand, especially at the setting of the sun, to view the roll of clouds hanging over the mountains. How is the weather in Chester? One would scarcely know it is summer time here.

Next to be thanked with people from all over the United States. All boarding houses and hotels are full. The Presbyterians have 2 handsome hotels here. The hotels are crowded with their children here. They are sending them to any kind of school, as we have great professors here. Our Bible conference and Home and Foreign Mission conference over. We had some grand D. D.'s to lecture and preach. Dr. Dawson, from London, gave some fine lectures. Any one would take a long time to get tired. Dr. White, of New York, was in the Bible study, and now the greatest of the system. He has been in the Bible study from last Sabbath night. Several of them spoke and the best was the president of the laymen. He was the Presbyterian minister who came to send out money and they had no money to send them. He asked if the congregation could not deny themselves something and get the money up. They had a few dollars and dollars, and they were not any time raising ten thousand dollars. Now, Mr. Editor, can you say you are not in a congregation that would give ten thousand dollars in one night? Surely the world will soon come to know Christ.

There are some of the finest D. D.'s of all denominations. Dr. Tyler, of the Baptist church of Baltimore, lectured last night, also Dr. Vincent, of the Methodist church. We had a grand choir and Dr. Vardell has charge of the music. I don't see why our South Carolina preachers don't come here. We have the best of Charleston and Columbia, also down the country. I am sure it would do them worlds of good, both physically and mentally.

The sport of the young people is horseback riding and climbing the mountains. We have daily excursions of young people climbing Grey Beard, and we have a few days between the seasons, then old and young climb the mountains. Grey Beard is miles to the top. They go up every second day. Crowds of Mr. Mitchell, both ladies and gentlemen. A crowd of 30 left this morning. The girls certainly looked out to their mountainous country in blanket and caissons. It is fifteen miles to the top. They are generally gone a week. They start early in the morning and they are back in the morning. It is impossible to ride except on a mule, and the guides generally wear some mules along for the weary and faint. They are back in the morning and they are back in the morning and they are back in the morning.

The Program was Changed.

There was no repetition at Tirzah on Saturday of the attempt that was made at Ogden the day before to blow down the monument. The program was changed, and it was decided to spend the afternoon in the park. The program was changed, and it was decided to spend the afternoon in the park. The program was changed, and it was decided to spend the afternoon in the park.

Higher Aim or Cold Feet?

Spartanburg, Aug. 14.—Hon. Stan yarn Wilson, formerly United States congressman from the Fourth district of South Carolina, has announced that he has decided to run for the state legislature, today withdrew from the race. He refused to give reasons other than that it is the wish of his friends that he run for a higher office two years from now. The nature of this office Mr. Wilson did not state, but he is supposed to have been in Spartanburg and those with whom he is most intimately associated that he aspires to the governorship.

To Run Oil Rats.

A Maine State farmer tells the American Agriculturist how to keep them from eating his corn. Sprinkle sulphur on your barn floor and through your corn as you gather it. There will not be a rat or mouse to bother you. He says he has done this for years and has never been bothered with rats or mice. I have some old corn in my crib at present, and not a rat or mouse can be found. In stacking hay or oats sprinkle on the ground a little sulphur through each load, and my word for it, rats or mice can't stay there. A pound of sulphur will be sufficient to preserve a large barn of corn and hay for stock and will not hurt the corn for food.

Selling Cigarettes to Minors.

D. N. Fowler and Herbert Marley met at the next term of the circuit court for selling cigarettes to minors. The case was sent up last Thursday by Magistrate C. D. Eastman. The prosecutor was A. C. Gilchrist, whose son, Henry Gilchrist, 16 years old, bought the cigarettes at Henry's salary. Marley was implicated because he was not understood for the payment of young Gilchrist's account at Fowler's.

Candidates Go to Church.

The campaign meeting Tradesville Wednesday was an agreeable surprise to the various candidates. Instead of having a political meeting they participated in a great revival service which is being held in the Third Baptist church. The entire body of candidates voted to join in with the religious meeting and did so with the religious gathering. The meeting is in charge of Rev. Mr. Grant, with the assistance of Rev. Baxter Funderburk, of Chesterfield, S. C., and Rev. F. F. Funderburk, of Louisville, Ky. Rev. Baxter Funderburk, who is a very forceful speaker, preached in the morning. There was much good accomplished at this meeting. The church was filled almost to its capacity. Services will be held twice a day for the remaining part of this week. Great interest is being manifested.—Lancaster News.

Can't Be Separated.

Some Chester People Have Learned How to Get Rid of It.

Brooks and kidney ache are twin evils. You can't separate them. You can't get rid of the backache until you cure the kidney ache. If the kidneys are well and strong, the rest of the system is pretty sure to be vigorous and healthy. Doan's Kidney Pills make strong, healthy kidneys. Doan's Kidney Pills are sold at 108 W. Main St., Rock Hill, S. C. They are the only pills that are guaranteed to cure kidney and bladder troubles. I gave a statement recommending Doan's Kidney Pills in 1903 and at the present time, I am glad to confirm what I said.

Letter from Montreal.

Dear Mr. Editor: I suppose you would like to hear something of this great and glorious Montreal. I suppose it is useless for me to say anything of the climate and scenery. It is just grand, especially at the setting of the sun, to view the roll of clouds hanging over the mountains. How is the weather in Chester? One would scarcely know it is summer time here.

The Program was Changed.

There was no repetition at Tirzah on Saturday of the attempt that was made at Ogden the day before to blow down the monument. The program was changed, and it was decided to spend the afternoon in the park. The program was changed, and it was decided to spend the afternoon in the park.

Higher Aim or Cold Feet?

Spartanburg, Aug. 14.—Hon. Stan yarn Wilson, formerly United States congressman from the Fourth district of South Carolina, has announced that he has decided to run for the state legislature, today withdrew from the race. He refused to give reasons other than that it is the wish of his friends that he run for a higher office two years from now. The nature of this office Mr. Wilson did not state, but he is supposed to have been in Spartanburg and those with whom he is most intimately associated that he aspires to the governorship.

To Run Oil Rats.

A Maine State farmer tells the American Agriculturist how to keep them from eating his corn. Sprinkle sulphur on your barn floor and through your corn as you gather it. There will not be a rat or mouse to bother you. He says he has done this for years and has never been bothered with rats or mice. I have some old corn in my crib at present, and not a rat or mouse can be found. In stacking hay or oats sprinkle on the ground a little sulphur through each load, and my word for it, rats or mice can't stay there. A pound of sulphur will be sufficient to preserve a large barn of corn and hay for stock and will not hurt the corn for food.

Selling Cigarettes to Minors.

D. N. Fowler and Herbert Marley met at the next term of the circuit court for selling cigarettes to minors. The case was sent up last Thursday by Magistrate C. D. Eastman. The prosecutor was A. C. Gilchrist, whose son, Henry Gilchrist, 16 years old, bought the cigarettes at Henry's salary. Marley was implicated because he was not understood for the payment of young Gilchrist's account at Fowler's.

Candidates Go to Church.

The campaign meeting Tradesville Wednesday was an agreeable surprise to the various candidates. Instead of having a political meeting they participated in a great revival service which is being held in the Third Baptist church. The entire body of candidates voted to join in with the religious meeting and did so with the religious gathering. The meeting is in charge of Rev. Mr. Grant, with the assistance of Rev. Baxter Funderburk, of Chesterfield, S. C., and Rev. F. F. Funderburk, of Louisville, Ky. Rev. Baxter Funderburk, who is a very forceful speaker, preached in the morning. There was much good accomplished at this meeting. The church was filled almost to its capacity. Services will be held twice a day for the remaining part of this week. Great interest is being manifested.—Lancaster News.
