**Question of "Double Pay."**  
A good deal has been said about that has been settled double pay received by members of the dispensary investigating committee. This has been the subject of the investigation against Fraser Lyon, candidate for attorney general. The resolution under which the committee was appointed allowed the members to receive their services, and of course they all received regular pay as members of the legislature. Then the question arose in the committee whether they were entitled to pay committment while the legislature was in session. While two or three members did not receive the extra pay, they were unwilling to pay for the extra work. The following statement from Mr. J. T. Bigham, chairman of the committee, after the members of the committee regarded the matter:

"When the matter was discussed as to each of the members of the investigating committee receiving pay for services rendered during the session of the legislature, domestic aid. It is called for by some persons, those who are not in the legislature. The members of the committee was entitled to this pay were, Messrs. Ganton, Hay, Johnston, Lyon and Bigham. Mr. Fraser also expressed the same opinion but said he preferred not to receive it without pay, believing that persons hostile to the investigation would criticize him if he took it. Mr. Fraser was not present and did not have an opportunity of expressing himself before the committee."  
"It was under this condition of affairs that Chairman Lyon, under authority of the law, paid for the services rendered."

It should be remembered that, as the committee was subdivided, practically all the extra work was thrown upon Messrs. Lyon and Christensen, and during the time the legislature was not in session, the pay was as nothing, compared with the value of the time lost from their business and the very disagreeable duties performed. It is well enough to remember also that their thorough work saved the State directly about \$100,000, in the cancellation of fraudulent contracts, besides the immense saving in future business.

"The dispensary partitioned." Ugh!  
We learn that there is in other counties besides Chester a strong and growing feeling of weariness at sending to congress a man as representative who does not represent. They are not satisfied with the record of an antiquated and unjustifiable promise to favor a certain locality. In disregard of the wishes of the people whose rights and wishes should decide the matter.

We wished to make a kind of review of the federal court house question, but we have been so pressed for time and our space is crowded and running over. Having our space filled we did one two or three lines back. If our readers will only think a little they will see that Chester and the district generally have not had fair treatment.

It is often asserted by the more extreme and reckless of the dispensary element that those who vote against the dispensary will vote with the liquor tigers and non-prohibitionists. They make this assertion not because it is true but because they think it is offensive and may be used as a weapon to drive prohibitionists from their position. But were it true, would it be any worse than voting with the dispensary crafters, as the men who make this fling will do.

The great Georgia campaign ended in a draw. There was great uncertainty whether Smith or Howell would lead in the primary. There were three other candidates but they were scarcely heard of and were not considered as cutting any figure. The result was that Hoke Smith won over all in the first primary and Howell, was not even second, carrying only 9 out of 11 counties, while Russell was second, with 11 counties.

This morning, after our columns are full and we have made up a supplement of matter that cannot be held over, we have received a long communication from Mr. Finley, reviewing the court house matter and complaining of unfair treatment. We do not suppose he could have expected it to be published today, but we will, however, that we could have given it to our readers in this issue, as it, of course, presents his case in its best light, and it would be seen that it is no answer to our complaint. It will appear in our next issue.

**Mrs. J. B. Noland III.**  
Mrs. S. W. Pryor and L. R. Craig went to Blackstock this morning to see Mrs. J. B. Noland, who has been ill for several days. They went down Wednesday morning and after consulting with her physician it was decided an operation was necessary. When the ether was applied it was found she was too weak to admit an operation and restoratives were used. The latest report from her recovery is that she is getting better and there is hope of her recovery. An operation is not expected.

**Last Meeting.**  
The candidates appeared before the Chester voters last night. It was a very pleasant and somewhat interesting meeting, but, crowded as we have recently refer our readers to our previous articles on this meeting.

**English Trains on Time.**  
The public service rendered by the British railway lines, the convenience to the traveler and the shipping in excess of anything to be found in this country. The British Isles are abnormally small when compared with our vast areas, and this of course applies to the operating problems. There are no snowdrifts to delay schedules, no sections of eroded built track awaiting perfection, and the locomotives are never far from their home stops. Yet even with all these advantages both freight and passenger traffic are habitually handled with a regularity and certainty that deserve the highest degree of praise. In any large terminal in England the number of passenger trains that arrive either exactly on time or a minute or two ahead is far greater than that of trains even the least overdue. Five minutes is usually a safe margin for an important connection. At Finsbury Park, a suburban station just outside London, trains pass on an average of one every two minutes night and day, yet this tremendous traffic is handled with clock-like precision. **ELECTRICITY IS THE PROPER POWER TO USE.**

Possibly you are satisfied with your present power equipment. Probably you are not. Would you welcome a proposition from us to equip your plant for using electric power?

Would you, if we could prove that such power would be cheaper, and save you real hard dollars and cents?

Would you, if we could prove to you that such power would save you worry, better insurance, danger, dirt, coal, etc.?

Would you, if we could show you that electric power would reduce the chances of breakdowns and loss of time?

Would you, if we could show you that it would mean more and better work from your employees?

If this kind of money-saving proposition will interest you, just write us. We can wire your place for using electric power from an outside source, or we can install a complete plant for you that will generate your own power - and make you independent for power and light.

We are waiting for your invitation to show you - send it today. All kinds of electrical repairing given prompt attention.

**IMPORTANT NOTICE!**  
I have just received that Big Fall Line of Samples of Browning, King & Co., of New York. Be wise, and don't place your order until you see my line. It has been given up by many that Browning, King & Co. carries the strongest line of goods offered to the trade. Why pay \$25.00 for your Suit when you can get it for \$20.00 and have 100,000 stock to pick from. Remember that I do my own measuring and guarantee a fit. Positively will not allow a Suit to go out that does not fit in every respect. Will be in position to give latest style, as I am going to New York Wednesday for that purpose.

**Big New Stores Second Great MONEY SAVER SALE**

September 5th, Wednesday; Thursday, 6th; Friday, 7th, & Saturday, 8th.  
**Doors Open at 9 O'clock Each Morning**

The first Money Saver Sale was conducted by KLUTTZ alone last winter. It surpassed so the people all remarked, any in Chester's history. While last winter's Money Saver Sale was an unexampled success, KLUTTZ has labored with far greater zeal, and confidently says, for reductions in the price of goods, this second Money Saver Sale will beat the first by a country mile.

We have broader assortments of really remarkable bargains to extend you. You will tackle reductions exceedingly superior to the first sale. This second Money Saver Sale embraces both, Summer and Fall goods. Big quantities of our Fall and Winter goods have already landed, and will be especially reduced for this Big Money Saver Sale. And, besides, you will be enabled to purchase them at a Third Less than what you will be forced to pay for them a month later. Thus this Advance Sale will save you stacks of Money, if you avail yourself of its Stupendously Massive Bargains.

Bear in mind, please, this sale continues for FOUR DAYS ONLY, September, 5th, 6th, 7th, and 8th. Everything in YOUR BIG NEW STORE will be reduced in price for those FOUR GALA DAYS only. Come anticipating great savings and your expectations will be amply realized.

**Miss Lindsay's Party.**  
Few entertainments this summer have been enjoyed more than the one given last Friday evening by Miss Mary Lindsay at her beautiful home, on York street, in honor of Miss Jennie Walsh, of Sumter, Miss Richardson, of Columbia, and the Misses Powers, of Columbia.  
During the evening the guests were given six peanuts by Miss Essie Guy and requested to talk to their neighbors about the weather, then, in order, flowers, books, baseball and more. Wined the laconic answers and so were given in answer to, say questions, the one giving in forfeited a nut. After these successful interesting subjects had been thoroughly discussed it was found that Miss Mary Lindsay had succeeded in giving the largest number of nuts from her nut tree. She was presented with a delightful box of bon-bons by the hostess.

The guests were refreshed during the evening with delicious cream and cakes.

**Lightning's Work.**  
Tuesday afternoon the school building at Evans was struck by lightning and burned to ashes. A year ago the cupola was hurried some distance and the top of the stove flue was set out in the weeds. It was a new and excellent building, erected two years ago to take the place of Old Purty church, which had been used as a school house and was burned. There was \$300 insurance on the building and \$50 on the furniture in the Farmers' Mutual; cost about \$700. Arrangements have been made to open the school at the regular time.  
A barn of Mr. N. J. Colvin's, near Hallsville, was burned by lightning yesterday afternoon. It contained only a little old fodder. The insurance was \$500, we believe, about enough, Mr. Colvin says, to buy shingles to cover it.

**Hamilton-Rickenbaker.**  
One of the prettiest home marriages of the season was solemnized at the home of Mrs. M. E. Hamilton yesterday morning, Aug. 23, 1906, when her daughter, Miss Nan, and Mr. R. E. Rickenbaker were united in marriage by Rev. S. J. Cartledge, at 8:30 o'clock. The parlor was beautifully decorated in evargreens. In one corner of the room was an arch made of evargreens, behind which was a bank of ferns. The ribbon bearers, Masters James and William Earl, dressed in pure white suits, entered the room to the sweet strains of music rendered by the skilled touch of Miss Eva Hall, and unfolded the ribbons. Closely behind them followed the groom with his brother, Mr. Julius Rickenbaker, who was best man, then the bride with her maid of honor, Miss Jessie Hamilton, and the bride and groom took their places under the arch. The bride was dressed in a beautiful grey silk, made with Bolero jacket and thin lingette waist, with long grey gloves, slippers and hat to match, and carried a bouquet of white roses, with long loops of white satin ribbon.

The groom was dressed in white linen suit, with long grey gloves, slippers and hat to match, and carried a bouquet of white roses, with long loops of white satin ribbon. The groom and his best man wore black dress suits.  
About forty guests were present to witness the impressive ceremony. The presents were numerous and handsome. Immediately after the ceremony Mrs. M. E. Hamilton and her company with a number of friends, repaired to the Southern depot where the happy couple, with his brother, left on No. 33 for Lake City, S. C., amid a shower of rice, to spend a few days at his home. From there they will go to several points, which they will not disclose, on a bridal tour, before going to Kennewick, Ga., where he is principal of the Graded school.

Rickenbaker were united in marriage by Rev. S. J. Cartledge, at 8:30 o'clock. The parlor was beautifully decorated in evargreens. In one corner of the room was an arch made of evargreens, behind which was a bank of ferns. The ribbon bearers, Masters James and William Earl, dressed in pure white suits, entered the room to the sweet strains of music rendered by the skilled touch of Miss Eva Hall, and unfolded the ribbons. Closely behind them followed the groom with his brother, Mr. Julius Rickenbaker, who was best man, then the bride with her maid of honor, Miss Jessie Hamilton, and the bride and groom took their places under the arch. The bride was dressed in a beautiful grey silk, made with Bolero jacket and thin lingette waist, with long grey gloves, slippers and hat to match, and carried a bouquet of white roses, with long loops of white satin ribbon.

The groom was dressed in white linen suit, with long grey gloves, slippers and hat to match, and carried a bouquet of white roses, with long loops of white satin ribbon. The groom and his best man wore black dress suits.  
About forty guests were present to witness the impressive ceremony. The presents were numerous and handsome. Immediately after the ceremony Mrs. M. E. Hamilton and her company with a number of friends, repaired to the Southern depot where the happy couple, with his brother, left on No. 33 for Lake City, S. C., amid a shower of rice, to spend a few days at his home. From there they will go to several points, which they will not disclose, on a bridal tour, before going to Kennewick, Ga., where he is principal of the Graded school.

**To Remove Freckles and Pimples in 10 days, use**  
**NADINOLA**  
 THE COMPLEXION BEAUTIFIER.

A few applications will remove tan or sallowness, and restore the beauty of youth.

NADINOLA is a new discovery, guaranteed and money will be refunded in every case where it fails to remove freckles, pimples, liver spots, collar discolorations, black heads, skin flaking eruptions, etc., in 20 days. After these defects are removed the skin will be soft, clear and healthy.

Mrs. Edward Jones, of Mount Sterling, Kentucky, writes:

"I feel it my duty to tell you the best Nadinola has ever been used. I had suffered from freckles and pimples with much annoyance. I had used all the highly recommended 'wax' and 'lotions' with much effect. I bought your Nadinola and after giving it a fair trial, I most heartily recommend it. It has done for me what no other skin cream has done. I have had it used by any woman having freckles. My Nadinola is the only thing I have used with success. Your Nadinola Face Powder is grand. Working from the dearest stores, I am sincerely yours,

Price 50 cents and \$1.00, by leading druggists or mail. Prepared by the Nation Toilet Co., Paris, Tenn.

I've just a little kerosene oil in the water to wash off clean.

A few thin strips of bacon over roast lamb will improve the flavor of it.

**Pointed Paragraphs.**

As a rule a young widow begins to get better looking about ten days after the lamented move to the cemetery.

Men haven't much love for men; women haven't much love for women; and most men and women have less love for each other than they have for themselves.

The last time a woman has gone abroad is waving good-bye to all her envious friends.

A man's judgment is not to be mentioned with the way a woman can do things without any.

When a girl would like broiled steak and French fried potatoes she seems to think you would imagine it worse than for her to have fat ankles.

Solicitors for a charitable enterprise are offered more excuses than money.

Yonah Sakert has just arrived from Japan in the interest of the cotton merchants of that country. Speaking of the trade between the United States and Japan, he says that in the next ten years Japan will get over three-fourths of her cotton from the United States. Last year Japan used over 1,000,000 bales of cotton and only one-fourth of that was from the United States. The rest came from the cotton fields of India and China. This cotton is very inferior to that which comes to Japan from the southern states, and all the fine work is made with cotton from the United States—Greenville Mountaineer.

Don't drag along with a dull, listless, heavy feeling. You need a pill. Use the Witt's Little Blue Pills, the famous little pills. Do not seek or grip, but results are sure. Sold by all druggists.

Iron should be washed clean before they are put on the stove, and when hot rub them over the salt or a wafer paper to make them smooth.

**Made a Mess of It.**

Mike and Pak worked for a wealthy farmer. They planned to turn burglars and steal the money which the farmer had hid in one of the rooms of his house. They waited until midnight, then started to do the job, says the Buffalo Times.

In order to get the money they had to pass the farmer's bed room. Mike went first, and if it's all right, you can follow after he has done his job as I.

Mike started to pass the room. Just as he got opposite the door the door opened. This woke the farmer who called out, "Who's there?"

Mike answered with a meow ("imitating a cat"). The farmer's wife, being awake, too, said: "Oh, John, it's the cat," and all was quiet.

Now Pak started to pass the door, and as he got opposite it the door opened again, louder than before. "Who's there?"

Pak answered. Another cat.

**Case of Drugging.**

Dr. Horatio Perkins, the medical expert, described at the medical banquet the vicissitudes and excitements in the life of a police station surgeon.

"An ambulance surgeon of my acquaintance," he said, "had a curious experience the other night."

"He was summoned to the police station to examine an unconscious prisoner. The prisoner, muddled and disheveled, lay on the floor of the cell-room. The physician bent over and examined him, and then rising, said in a loud, stern voice:

"This man's condition is not due to drink. He has been drugged."

"A policeman turned pale and said in a timid, indubitable voice:

"I'm afraid you're right, sir. I drugged him all the way from Carnegie's saloon, a matter of a hundred yards or more."

A world of truth in a few words.

Nearly all other cough cures are irritating, especially those containing opiates. Kennedy's Laxative Honey and Tar moves the bowels. Contains no opiates. You can get it at all druggists.

If a little vaseline is rubbed on the shoes once a month, it will keep the shoes much softer and prevent the leather or kid from chafing.

**Death of a Musical Critic.**

In the death of Julius H. Von Hasel, of Anderson, which occurred suddenly at La Junta, Colorado, Thursday afternoon, the musical public of the state has sustained a very serious loss. A violinist of very rare talent though he was, his real forte lay in musical criticism. Few men in the state were more thoroughly informed on the history of music.

Mr. Von Hasel had been, since visiting his son, who is in Arizona for his health, and had started on the trip home to Anderson, when he was found on the train unconscious and at La Junta was removed to a hospital for treatment. He lived but one day after being stricken. He is survived by a widow, three sons and one daughter all of Anderson. Mrs. Von Hasel is a daughter of the venerable Elijah Webb, for many years clerk of court in Anderson county.

The funeral and interment will take place in Anderson on the arrival of the boat.

Mr. Von Hasel was a native of Germany and had been born in Giesmünde in 1841. He came to Charleston in 1871. He was of gentle birth and university training, with much refinement and a temperament exquisitely alive to all poetic influences.—Columbia Record.

**It's Your Kidneys.**

Don't Mistake the Cause of Your Troubles.

Many people never suspect their kidneys are suffering from a lame, weak or aching back, they think it is only a muscular weakness; when urinary trouble sets in, think it will soon correct itself. And so it will until the other symptoms of kidney disorder appear. Think it just as well to get the best remedy to use in Doan's Kidney Pills. It cures all the ills which are caused by weak or diseased kidneys.

Sam Martin, employed at the New York Mills, Newbury, S. C., says: "My back ached for three or four years and the pain right across the front of my back was so bad that I could not work. I thought it was rheumatism and was trying all kinds of liniments and rheumatic cures until I noticed a brick dust settlement in the secretions and noticed the natural appearance when I came to the conclusion that it must be my kidneys. I tried cathartics and pills, but the remedies I used did not help me. I decided to purchase Doan's Kidney Pills. I got a box. I cannot express how thankful I am that I found Doan's Kidney Pills, for they are a good, reliable kidney medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

**A common mistaken idea**

When you think of a roof covered with iron, the first thing that comes to your mind is it has everlasting qualities for strength and durability. But did you ever stop to think how easily it will rust; and then that eats holes in it and your roofing is gone. Ruberoid Roofing doesn't rust—never leaks—easily put on—lasts longer than iron or shingles, costs less money on the actual cost.

**Tolstoi as a Shoemaker.**

"These shoes were made by Tolstoi, the Tolstoi, the greatest literary genius of the age."

The shoes, framed in oak, hung over the mantel—a coarse pair of cowhides, with hob nails. The speaker, who was a famous manufacturer of shoes, went on:

"When I was in Russia I visited Tolstoi. I told him of my admiration for his books, and I watched him at his cobbling. He works, you know, three or four hours a day on the bench."

"I found that he worked too slowly to make a living as a shoemaker. Furthermore, I found that he would have been incapable of turning out dress shoes. The coarse, heavy boot of the peasant was his Tolstoi was suited to, and, though he labored hard, he was unable to show off before an experienced shoemaker like me—I had to tell him that he had had difficulty in getting a proper man's job as shoemaker."

"Tolstoi presented me with the pair of boots over the mantel, and I presented him with some money for his work. I also taught him a quicker way to wash and a thread than the old-fashioned one he used."

**Queer Russian Ways.**

If you drive through a Russian village about 10 p. m. you will be struck by the absolute quiet that pervades the scene. Not a creature, man or dog, is visible moving about. The place has the air of a deserted village. Suppose you come upon a group of men standing together, apparently in conversation, you will notice that they speak in subdued tones, and, wait, so long as you please, you will never hear their laugh. The cause is simply this: These Russian peasants believe in evil spirits; but, unlike the Chinese, they believe that they are attracted, not frightened, by sounds. And so some snubbers, like the dog that the monk is out of doors after 10 p. m. he is a painfully silent man. This feeling also extends to this respect of the southern Ural. The hotel of Russia, is a model in this respect. After 10 p. m. you may practically have the streets to yourself.—Blackwood's Magazine.

**Distributing the Negroes.**

It may become necessary for the United States to establish some negro colonies to get rid of not a few of its blacks. It is useless to talk of deporting them to Africa, for it would not be difficult to establish some colonies of them in the West Indies where it would be necessary to secure landed possessions.

Of course, great numbers of the negro population will be dispersed among the Northern States.

They are going there of their own free will, in fact as they go they carry away a few millions will be disposed of. Then a few millions more can be colonized in the West Indies, and the others, as they go, to the South or in any part of the United States arrangement would please our own negroes by their own opinion in which they would be able to enjoy their desired social equality, it would benefit the barbarian negroes of the islands by injecting among them a population already civilized and educated to work, and it would relieve the congestion of negro population in our Southern States.—New Orleans Picayune.

**TO CURE A COLD IN ONE DAY**  
 Take Laxative Bromo Quinine Tablets. Druggists will refund money if it fails to cure. E. W. Grove's Signature is on each box, 25c.

**Graft in the Dispensary.**

Mr. Wylie of the state board of dispensary officers was the subject of a N.-W. train yesterday morning, going toward Gastonia, and between Yorkville and Clover he said in the presence of Dr. J. E. Massey and Mr. F. P. McCain, who are going to work with the county campaign party, that the state dispensary has always been corrupt, and it is as corrupt now as it has ever been. He said that the state board is corrupt; but he is only one man against two, and cannot help himself. He cited that recently, over his protest, and other two members of the board had purchased two thousand cases of so-called case whiskey. Upon the arrival of the whiskey he, Wylie, insisted on having it analyzed. The analysis showed 21 per cent. of alcohol and the balance was various kinds of chemicals. As the result of the analysis, and Mr. Wylie's threatening to make a fuss, the liquor was sent back. Dr. Massey and Mr. McCain both repeated Mr. Wylie's statement to them in their speeches at Clover.

"Do what you please with me, Judge," pleaded the man, "but don't send my wife to prison, too. Let her go free!"

"Shame!" cried the judge sternly. "You go to the penitentiary and she to the house of correction!"

## Mr. Foose Married.

Mr. J. Frank Foose, editor of the Fairfield News and Herald, was married in Spartanburg Thursday, Aug. 16th, to Miss May Sanders, daughter of Mr. and Mrs. C. P. Sanders. The wedding is reported as a most delightful affair. The three bridesmaids were sisters of the bride and dressed alike. The maid of honor was Miss Toccoa Sanders, presumably a sister, as probably was one of the flower girls. Mr. and Mrs. Foose left for a tour of North Carolina mountain resorts.

## Lyle Letter.

Lyle, Aug. 21.—The rain continues to shower occasionally and the weather is just a little warm, but the picnics are going on just the same. There is to be a picnic at Mt. Holly Thursday, the 23d. The picnic at Wylie's Mill was quite a success. The dinner, when spread, was most beautiful. The rain that came on in the afternoon interfered much with the speaking.

Messrs. Sam Boyd, J. W. Betts, L. L. Culp and Hugh Wilkins went out for hunting yesterday evening and returned today with a live fox.

Mr. A. G. Westbrook and two of his children have had a few chills, but I am glad to report them better at this writing.

The protracted meeting is to begin at Harmony on the fourth Sabbath. I have not learned who is to help with the meeting.

Preaching will begin at Elkemoor on Thursday preceding the first Sabbath of September. Rev. Paul A. Pressly is to assist in the meeting.

Mrs. Balfour, of Rock Hill, has returned to her home, having spent several weeks with her sister, Mrs. A. H. Allen.

The carpenters are progressing nicely on Mr. Killian's new dwelling.

Messrs. A. G. and E. H. Westbrook are very busy building a gin house, preparatory for ginning cotton this season.

Mr. David Nichols, who has recently visited his aunt, Mrs. W. J. Westbrook, of this place, and his uncle, Mr. J. A. Westbrook, near Rock Hill, is now on his way to his home in Atlanta, Ga.

The Misses Crook, Alma and Bessie, entertained quite a number of friends Monday evening.

Mr. Frank Westbrook is visiting relatives at Mtford.

We are glad to report Mr. W. C. Nunery, of route No. 2, now able to take up his work again.

## WINIFRED.

## Mr. Blease Not Alone.

The Charlotte Observer, referring to the statement attributed to Mr. Blease, candidate for governor, in his speech at the Greenwood campaign meeting, while the people of the countryside were hunting the negro, Bob Davis, to the effect that he "would rather be in another part of the county today," and that "before sundown Greenwood, he thought, would do her part towards settling the race question," says that "this was an undisguised endorsement of mob law." The Observer continues: "A person who would utter this sentiment under the circumstances in which this man Blease spoke is not fit to be governor of the Fijl Islands." But the precedents are not against his qualification for the office of governor of South Carolina. Another man who was twice elected to that office and is now in higher service of the state, has made more than once an even more open pronouncement of his belief in lynch law. Senator B. R. Tillman has openly and frequently declared that he would, as governor of the state, lead a mob to lynch a negro who had been guilty of a certain crime.

A woman worries until she gets wrinkles, then worries because she has them. If she takes Hollister's Rocky Mountain Tea she would have neither. Bright, smiling face follows its use. 35 cents, Tea or Tablets. J. J. Stringfellow.

## Lyle Letter.

Lyle, Aug. 21.—The rain continues to shower occasionally and the weather is just a little warmer, but the picnics are going on just the same. There is to be a picnic at Mr. Holly Thursday the 23d. The picnic at Wylie's Mill was quite a success. The dinner, when spread, was most bountiful. The rain that came on in the afternoon interfered much with the speaking.

Messrs. Sam Boyd, J. W. Betts, L. L. Culp and Hugh Wilkins went out for hunting yesterday evening and returned today with a live fox.

Mr. A. G. Westbrook and two of his children have had a few chills, but I am glad to report them better at this writing.

The protracted meeting is to begin at Harmony on the fourth Sabbath. I have not learned who is to help with the meeting.

Preaching will begin at Elgemoor on Thursday preceeding the first Sabbath of September. Rev. Paul A. Pressly is to assist in the meeting.

Mrs. Balfour, of Rock Hill, has returned to her home, having spent several weeks with her sister, Mrs. A. H. Allen.

The carpenters are progressing nicely on Mr. Killian's new dwelling.

Messrs. A. G. and B. H. Westbrook are very busy building a gin house, preparatory for ginning cotton this season.

Mr. David Nichols, who has recently visited his aunt, Mrs. W. J. Westbrook, of this place, and his uncle, Mr. J. A. Westbrook, near Rock Hill, is now on his way to his home in Atlanta, Ga.

The Misses Crook, Alma and Beale, entertained quite a number of friends Monday evening.

Mr. Frank Westbrook is visiting relatives at Mtford.

We are glad to report Mr. W. C. Nunberry, of route No. 2, now able to take up his work again.

WINIFRED.

## Mr. Biasee Not Alone.

The Charlotte Observer, referring to the statement attributed to Mr. Biasee, candidate for governor, in his speech at the Greenwood campaign meeting, while the people of the county were hunting the negro, "Both Davis, to the effect that the "would rather be in another part of the county today," and that "before sundown Greenwood," he thought, would do her part towards settling the race question," says that "this was an undisguised endorsement of mob law." The Observer continues: "A person who would utter this sentiment under the circumstances in which this man Biasee spoke is not fit to be governor of the Fiji Islands." But the precedents are not against his qualification for the office of governor of South Carolina. Another man who was twice elected to that office and is now in higher service of the state, has made more than once an even "more open pronouncement of his belief in lynch law. Senator B. R. Tillman has openly and frequently declared that he would, as governor of the state, lead a mob to lynch a negro who had been guilty of a certain crime.
