Welcome, Winthrop!  

We join the thousands of other Rock Hillians in extending a hearty welcome to the students of Winthrop College, the members of the Faculty and others connected with this great Institution.

Winthrop, in addition to being one of South Carolina’s, in fact, one of the South’s greatest assets, is Rock Hill’s greatest, and every one of us will be only too pleased to extend to them the hearty greetings of this great people.

It is the good fortune of the “Old Reliable” to participate in this joyous occasion of the year and to wish them all every happiness in the year to come.

A Welcome—  

The most fitting expression that we can address to the teachers and students of the 1926-27 session of Winthrop is one of welcome—and profound pleasure in having them in our midst.

That each one will receive as much pleasure from their relationship with us as we will in serving them, is the day’s message.

The psychology of literature in the age of the 20th century. It is the psychology of this age and can make literature what it has been. You can fight against the past, if you have set yourself down to one form—regarding in my psychology of literature. And after all, whether he is a young woman, or a young man, you may have the vaguest ideas beyond any other force. Some of his methods, like, differently complex, are wonderfully fascinating, though you may have no idea about it. We get a mention of irony, and from my own experience, however simple the best of the great modern literature.

The following article from The Confederate Veteran has been an interesting read about the lives of Confederate veterans and their families. It includes stories of twins and brothers, as well as events that occurred during the Civil War. The article highlights the sacrifices made by these soldiers and their families. It also provides insight into the social and cultural norms of the time. Overall, it is a fascinating read that offers a glimpse into the past.
