The New Fall Quarterly

100 PAGES—OVER 1,000 ILLUSTRATIONS—A 35 CENT BOOK FOR ONLY 5 CENTS

THIS new and handsome book of Fall Patterns—the Quarterly Style Book—will be a joy to every mother and home dress-maker. It illustrates work of fashion designers and pattern makers costing over twenty-five thousand dollars. It is truly a great book, yet you can get a copy of it for only 5 cents, if purchased at the same time and in connection with a 15 cent pattern, 20 cents for the two. It is a new book from cover to cover, and pictures a complete assortment of new patterns for every need of the home dress-maker. In fact if the Quarterly Style Book did not lead to an increased sale of the Ladies' Home Journal Patterns, we could not sell it for less than 35 cents; yet a copy will only cost you 5 cents when bought in connection with a pattern. We have only a limited number, you should secure one at once.

Bishop of London to Visit America.

Ottawa, Ont., Sept. 10.—The Rt. Rev. Arthur Foley Winston Ingham, Lord Bishop of London, arrived here yesterday from Quebec. Many local clergymen welcomed him to the city. His lordship will be the guest of Vice-Admiral Lord Grey, while in this city. His visit here is the first of a bishop who will go to the United States. The primary object of the bishop's visit to America is to participate in the celebration at Jamestown of the three hundredth anniversary of the establishment of the English church in this continent. Apart from his historical and religious duties, the bishop is immensely popular wherever he goes. It is fitting that the bishop of London should represent the English nation church at so memorable an event. For it was one of his predecessors who founded the Jamestown church. In 1765 he continued these American visits, at the time, could afford such a luxury. Bishop Ingham will present the king's Bible to the ancient church of Bruton at Williamsburg. While in the United States, Bishop Ingham will preach on several other occasions. He will visit President Roosevelt at Oyster Bay, and return to England the latter part of October.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Dr. King's Laxative Compound cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Dr. King's Laxative Compound does not irritate the system or produce any harmful effects. It is a safe and reliable substitute. Let us take your bowels.

Engine Explodes in Picture Show.

Mr. Henry Davis, of the firm of Davis Brothers, who was operating a moving picture show in this city, was seriously hurt while giving a picture show at O. K. last Friday night. The explosion occurred while the engine was in the process of being repaired. Mr. Davis was thrown from the engine and sustained serious injuries. He was taken to the hospital and is expected to recover.

Mr. Griffin, wife of General Griffin, who was in the audience, was intentionally knocked down and hurt by Mr. Davis as he rushed from the seat. Lancaster News.

Ban Pat on Liquor Sales.

Norfolk, Va., Sept. 10.—The Great Council of the United States Improved Order of Red Men, in its recent session here, has adopted an amendment to the laws of the order barring from membership in the future all saloon keepers and bartenders. This new restriction does not affect the present status of such members of the order. The great council resolved all legislation enacted at the Niagara Falls session last year in relation to the substitution of the "jewel" for the "sash" and went back to the old form of regalia in its entirety. A proposition to admit past sachems into membership of the great council was defeated by a vote of 100 to 0 and only past great sachems as at present will be eligible in the future.

Mr. W. W. Worley Dead.

Mr. W. W. Worley died Friday afternoon at 3:30 in this city. He was in his thirty-fifth year. He has been a long-remembered citizen, and was buried Saturday afternoon at 11 o'clock in the Mt. Zion cemetery. He is survived by his wife, Mrs. Worley, and two children.

Charlotte Health Officers After Doctors and Clergy.

Charlotte, Sept. 8.—Dr. J. Marston Green, health officer of Charlotte, has sprung a mild sensation among the physicians of Charlotte by declaring that he is going to have the records of all those doctors who fail from now on to comply with the ordinance of the health officer, or not more than 30 days' imprisonment. Dr. Green also went on to say this morning that he was going to get after the physicians and ministers for not reporting births and marriages within three days after they occurred, according to the law. The penalty of not reporting deaths and marriages is the same as for failure to report transmitting diseases. Four deaths occurred in Charlotte last month from transmissible diseases and none of these cases was reported to the health officer. Consequently he is wrathy. If he carries out his threat about ministers he will have the people of the city with him. He has advised, unless they change their habits quickly, because they are notably slow about getting the marriages they perform recorded in the city books. Charlotte physicians too are not advocates of the Roosevelt idea as to recording, anyhow to that extent of making to the health officer. The glad news as soon as they officiate at a birth. The results of Dr. Green's proclamation about showing the records of all marriages and divorces, unless they change their habits quickly, because they are notably slow about getting the marriages they perform recorded in the city books.

Mothers with Little Children Need Longer Hair.

Don't you wish your little children had longer hair? Don't you wish your little children had longer hair? Don't you wish your little children had longer hair? Don't you wish your little children had longer hair? Don't you wish your little children had longer hair?

Placing Responsibility.

The general manager of the New York Central and Hudson River Railroad will have to stand trial upon an indictment, charging him with manslaughter. This is the opinion handed down by Justice Clegg, and in his opinion he says: "It is said that the court did not entertain the idea that it is every one's personal duty to do that which is impossible for him to do personally. In my opinion it is not only possible for the defendant to do so, but a proper measure to be taken for ascertaining what was a safe rate of speed for the engine, but to provide trained and competent engineers."

Non-Weckable Coach.

New York, Sept. 9.—The Erie Railroad company has received an all steel passenger coach, which is on exhibition at the Jersey City terminal. The car is practically non-weckable and will not burn. There is less than 300 pounds of wood or other inflammable material used in its construction, and all of that has been treated with a preparation which, it is said, renders it impervious to heat. The car is so strongly built, that it will stand almost any shock that rail road service will give it. Its weight which is nearly 30 tons and much in excess of that of any other car of its class, is the only bad point from an operating view, but it is expected that designers will profit by experience and make a lighter weight car of equal strength, but of lighter weight.

KIDNEY CURE

Cures Backache, Corrects Irregularities, Do not risk further Dr. King's Disease, or Disrupting the Kidneys. No medicine can do more.

Work is Continued.

The report of a general strike of the Southern Railway Company would discontinue the work of improving its freight and passenger facilities here. Instead of holding up the work improvements more extensive than ever will be made on the road. The road-bed between Charlotte and Chester, S. C., which has not been in the best condition for some time, will be overhauled by replacing the present 75 pound rails with more substantial ones of heavier weight. The rails have been distributed along the entire distance and the construction work will begin the work at an early date. From Chester the heavier rails will probably be laid all the way to Columbia, and Charlotte News.
