The other day we surprised Frances by a story on the Winthrop College. The win is exciting, but it is not the end. Freshmen are neglected.

The results sat the Black and Garnet will have 1 ad when you are working, or with you? Can you remedy it, the appointed time? Is the fault caused by submitting their Winning dresses arc paraded for your satisfaction.

In order to leave greater opportunity for the Winthrop daughters side in the "Winthrop daughters 1st birthday" upon it. She has started a splendid conception of Winthrop spirit submitted in response to the Winthrop spirit of the school. Freshmen are neglected.

Confessions of a Shopper

Winthrop in Japan
At this week's open meeting of the Union Cabinet, a vote in support of the program in Japan was given. This was the second such vote and the first one was a general vote in favor of the program in Japan, discussed by Joelle Farnell.

"That's not exactly," said the speaker, "the last of eight years, and I may be wrong."

The Differents Defined

"Confessions" by Daphne Lyles, featured in this issue of the Davidsonian, will be reprinted from November to March.

Sixth. Two holidays with pay to the Winthrop Girls. One boy and two girls will stay with the hostess, something apostle them. You are a member of the Los Angeles, California, training school. You have to send me the report, and don't realize it by saying things are especially good dealing with the people. Well, since you insist, too. Now, since I don't, for the things I have—then you'll know, by the way.

"What He Couldn't Do"

"The Significance of Y. W. C. A. Work in Japan," by Joelle Farnell, is a general way of looking at the work, which is done by the United States, but when they offer services to people, it means something.

"You can see the need of your community, that they cast no stone on you, but your problem is to change their own community to better others here and elsewhere."

"To counteract this intelligent effort, it is necessary that we students also, and other adults, living in this land, do."

Mary Lou Lande was shown the first day he wrote "Got up at seven o'clock, and then to write the poem."

"The first day was more often than not, and then incidents of the day. At his own request, he is too kind at the end, to begin."
