This report is made in conformity with the act of congress requiring condition reports of the cotton crop by this bureau to be made on the same date as the first planter's report by the bureau of the census. In the months in which both classes of reports are issued.

Washington, Sept. 10.—A bulletin issued today by the census bureau places the cotton ginned in the United States up to Sept. 1, 1906, at 463,200 bales, counting round bales as half bales. Up to same time last year 476,650 bales had been ginned. The amount ginned during the present year in the various States was as follows: Alabama, 25,200; Arkansas, 445; Florida, 1,888; Georgia, 24,558; Idaho Territory, 9; Louisiana, 15,902; Mississippi, 9,547; North Carolina, 414; Oklahoma, 3; South Carolina, 3,144; Tennessee, 32,789, 234,458. The report shows that in all the States there were 6,492 ginneries in operation this year as against 8,620 in 1905.

Man Killed and Woman Wounded

Laurens, Sept. 5.—Last night there was a mysterious shooting affair in a negro woman's house located between west Main street and the Greenville railroad. As a result Duck Stone, a colored barber of this city, was killed and the woman, Mary Herron or Blakey, was seriously shot in the arm.

The Herron woman claims that another woman, Louisa Young or Blakey, also of the city, did the shooting, and Louisa was arrested within 30 minutes after the officers were notified of the affair, and placed in jail. She was found at her home near the Laurens mill, nearly a mile from the scene of the killing.

According to the Herron woman, the accused negro appeared at a window of the house, raised the sash and fired on herself and Stone five times, using a pistol. Only two of the shots took effect.

The inquest which will be held this afternoon, may bring out additional if not wholly different facts in the case. Special to The State.

Curious Claims.

Mr. Kruger's claim for \$1,000,000 for moral and intellectual damage sustained by the raid was largely followed by the burglar in his claims for losses sustained during the Southern raid. A blue book issued last evening gives some amusing instances in the course of a lengthy account of the distribution of the war compensation.

One claimant asserted he was paid compensation for certain fowls which appear to have been killed and eaten; that 245 compensation for war losses be paid to him for the value of eggs which he had laid. These fowls were not destroyed; that in addition to the value of the eggs which these fowls might have laid had they not been turned into an article of commerce he was to be paid for "moral compensation" for the loss of the fowls and the other property claimed for.

No loss, however small, was considered too unimportant to form the subject of a claim. The claimant asked compensation for war losses to be paid him for "1 table knife, 3 pieces of bacon, 9 sausages, 1 tin of butter, and a piece of pork," which he said; he missed from his store when he returned after a short absence.

Another, 37 years of age, who was a telegraph clerk in the service of the late government and in receipt of \$27 per month, asked that he be paid \$100 as compensation for the cancelled value of pension rights. Under the laws of the republic telegraph clerks had no pension rights.

Another asked that he be paid compensation for war losses for the value of property which he had looted from the British and which the British recovered from him when they captured him.

The foreign claimants, the commission found, had little regard for truth and whether their evidence was sworn or unsworn made no difference. One female claimant asked \$555 for horses and cattle. It was found that the only animal she possessed was a wounded horse, which had been looted in Cape Colony by her lance, a burgher on command.

One splinter claimed compensation for loss of home because the man with whom she was living had, during the war, been deported by the military authorities.

Mr. Churchill stated in parliament yesterday that the funds for distribution for war claims, \$5,500,000 were all exhausted.—London Mail.

Cotton Rotting in Bolls.

Goodwill, Sept. 7.—The farmers hereabouts are glad to see that the cotton rotting is so short. Some will not make expenses under 12 cents and a few not even at 20 cents per pound.

Cotton is rotting to such an extent that the prospective yield of 30 days ago will be cut off one-third, and poorer cotton is completely wasted out. Every boll in some fields will be open or rotted if the rains and cloudy hot weather continues in two or three weeks. Good weather, which already obscures the cotton, and the bolls are being searched for in the grass. Late corn is a comparative failure. But pea vines, and crabsgrass hay yields promise for the best in several years. Cutting has begun.—Special to The State.

As to Ladies and Gentlemen.

"It's a fine thing to be a lady or a gentleman," said the bookkeeper.

"What's your idea of a gentleman?" inquired the stenographer.

"A man that's clean inside and out; who neither looks up to the rich nor down on the poor; who can lose with one woman and win with another; who is considerate of women, and children and old people; who is too brave to lie, too generous to cheat and who takes his share of the work and lets other people have theirs."

"And what does it take to make a lady?" asked the stenographer.

"A perfectly lady is a woman who can hear a choice piece of scandal about her without the enemy and then forget it," answered the bookkeeper.

"Hoh," cried the stenographer.

"That kind of a woman wouldn't be a lady, she'd be in an asylum for the dumb."—New York Journal.

Lady's Shocking Death.

Greenville Special in The State of 7th: Miss Luella Haddon, a beautiful young woman about 19 years of age, daughter of Mrs. Sarah E. Haddon who keeps a boarding house on North Main street, met death in a most shocking and tragic manner early this afternoon. She was shot through the heart by the accidental discharge of a pistol which evidently fell to the floor while she was removing several articles of clothing from a trunk.

Miss Haddon had only a few minutes returned from shopping and while out she bought a bottle of gasoline to clean a skirt.

She went to her room and a few moments later the report of a pistol was heard. When members of the family reached the room the young woman was lying on the floor gasping for breath. She never spoke.

Fell Dead After Speaking.

Nashville, Tenn., Sept. 6.—Gen. H. H. Norman, adjutant general of Tennessee under Gov. Buchanan, died suddenly at Woodbury, Cannon county, today. Gen. Norman had just concluded an address at a reunion of Confederate soldiers, expiring while in the act of returning his seat.

Attempt to Bribe a Candidate.

Mr. J. Carl Courtney, a candidate for the legislature in Aiken county, now in the second race, claims that he has been offered a bribe to withdraw from the contest. In a card in an Aiken paper he says: "In my public and private life I have always endeavored to do what is right and to earn the respect of my neighbors in Aiken county, and I had hoped that I had established a reputation for honesty and integrity. I was therefore much surprised that certain parties should approach me with the request that I withdraw from the race for the house of representatives. In favor of other candidates, and as an inducement for my withdrawal should offer to pay my expenses and even intimate that a cash inducement would be given me if I but named the sum. It is needless for me to say that this proposition astounded me, but I am now too old to fight and restrained myself, hoping to have them submit this offer in the presence of a witness. In fact, however, I was unsuccessful, and inasmuch as I have no other party than my word, I will not give the names of the parties unless they, through the columns of your paper, ask that I should do so. These parties requested me to withdraw because I received less votes than the three other candidates for the house, assuring me that my withdrawal would aid two other candidates who favored the view of the dispensary question. I want the people of Aiken county to know that I entered this race as the candidate for no party, or parties, but simply on my merit, exercising the right of a citizen of the county to aspire to office. I have conducted a clean campaign. I thank the large number of voters who gave me their support in the first primary. I believe I will be elected next Tuesday, and my loyalty to my friends who are supporting me would not permit me to withdraw from the race.

ELECTRICITY IS THE PROPER POWER TO USE.

Possibly you are satisfied with your present power equipment. Probably you are not.

Would you welcome a proposition from us to equip your plant for using electric power? If we could prove that such power would be cheaper, and save you real hard dollars and cents?

Would you, if we could prove to you that such power would save you worry, bother, insurance, danger, dirt, noise, etc.?

Would you, if we could show you that electric power would reduce the chances of breakdowns and loss of time?

Would you, if we could show you that it would mean more and better work from your employes?

If this kind of money-saving proposition will interest you, just write us. We can wire your place for using electric power from an outside source, or we can install a complete plant for you that will generate your own power—and make you independent of power and light.

We are waiting for your invitation to show you—send it today. All kinds of electrical repairing given prompt attention.

NOTICE!

We still have a few goods left from our very successful reduction sale and are daily receiving new ones.

We received today a nice lot of Embroideries, Hamburgs, etc., also some pretty patterns in Torchons and Vici Laces.

Chamberlain's Colic, Cholera & Diarrhea Remedy

Almost every family has need of a reliable remedy for colic or diarrhea at some time during the year.

This remedy is recommended by doctors who've sold it for many years and its value is testified by thousands of testimonials from grateful people. It has been prescribed by physicians with the most satisfactory results. It has often saved life before medicine could have been sent for or a physician summoned. It only costs a quarter. Can you afford to risk so much for so little? BUY IT NOW.

WHY IT SUCCEEDS.

Because it's For One Thing Only, and Chester is Learning to Appreciate This. Nothing can be good for everything. Doing one thing well brings success. Dean's Kidney Pills do one thing only. They cure sick kidneys. They cure backache, every kidney ailment. When you cover your building with Ruberoid you have a roof that will never leak—never burn—last your life time—it cost less than others—you can put it on—it's like nailing down a carpet. A car load sold in a week is proof of its popularity. Let us show it to you.

During the past two years a number of small plants have been established in South Carolina towns for the manufacture of large quantities of building purposes throughout the country.

A fortune, a large, a mountainous fortune, said Mr. Snortly, a manufacturer of the furniture manufacturer who will put on the market a bureau with drawers that won't stick.

The game of jackstraws is not a new one, but it is both interesting and exciting, more so than one thinks who has not given it the consideration it deserves.

Mr. T. Nichols was here Friday evening according to appointment with the committee appointed by the board of the main shops to be located here as a result of the change of schedule that takes place in a few weeks, as noted in last issue of the News.

Ansels majority is about three times as great as his most ardent friends would risk predicting.

It appears that Abbeville had no opposition in the primary.

But a son whom she seems not to appreciate.

Ansels polled his full strength in the first primary and Manning's election in the second is practically assured.

Dispensary papers between the primaries.

A press of new advertisements has compelled us to leave out of this issue of the Medium a lot of correspondence.

Saturday will have to write the editorials over.

Senator Tillman says he cared nothing about the offices of governor and attorney general; it was the legislature he was fighting for.

Ansels is going to get them in the people who expect—and perhaps hope—that he will be a governor without opinions and backbone.

Without wishing to go into the fortune-telling business, we yet hazard another prediction.

Manning sends congratulations.

Our leading editorial of August 23rd has so misinterpreted and misinterpreted that we desire briefly to restate our position on the prohibition issue.

1. We want prohibition. The only satisfactory solution of the whiskey question is prohibition properly enforced.

2. We are opposed to the dispensary law, and have always been opposed to it. It is a whiskey-law.

3. When the opposing forces to prohibition are too strong to attain prohibition, then we prefer that which will most restrict the sale and use and abuse of liquors.

4. Until we can get State prohibition, we favor the Brice or some similar law.

5. We are opposed to any local option law involving the possibility of the licensed sale of liquors by private parties.

The above views represent the life-long principles of the present editor of the Southern Christian Advocate.

World Have Put Best Men in Office. The News and Courier felicitates itself on its safety from the suffragettes for two more years.

The suffragettes, meaning voting women, are moving along now and will unfailingly arrive some glad day.

Oh, yes, we could have gone to the polls and given the proper send off to the best men but for that absurd old prejudice which presumes that a good housewife a woman must know nothing about politics.

Unpleasant to have that notion as unreasonable to have that notion as to think that a woman makes a better mother because she is ignorant of hygiene and sanitation.

LATER RETURNS.

Almost Total Vote Reported. The table given in our supplement contains the figures for the primary. State. Later returns give the following totals:

Ansels 46,444, Manning 37,046; Lyon 289, Baskdale 34,325; Sullivan 47,664, Wharton 872.

We will publish the table with complete returns.

In Adjunct Counties. In the second primary in York, Slaughter and Glasscock were elected to the house over Massey and Ardrey.

In Lancaster, W. H. Millen was nominated for treasurer, J. E. Blackmon for giving him 2000 votes.

LOCAL NEWS.

Miss Ella Knox has returned from a pleasant visit at Knox Station.

Mrs. Thomas Moore, of Yorkville, is visiting at the home of Capt. E. P. Moore.

Misses Rebecca and Sue Craig, of Blackstock, spent yesterday in the city shopping.

Little Miss Sarah Cole White is spending this week with Mr. W. Y. White's daughters.

Miss Louise Elliott, of Winnsboro, came up Wednesday to spend a day or two at Mr. D. J. Macaulay's.

Mrs. D. J. Macaulay and little daughter Rachel went to Spartanburg Wednesday for a few days' visit.

Miss Beatrice Morris returned Tuesday from a few weeks' visit to Mr. S. O. Scott's family at Carlisle.

Mrs. G. B. Minter and two little sons went to Guthrieville Wednesday to spend a few days with her sister, Mrs. W. E. Sanders.

Mr. Ernest Isenhower, of Winnsboro, spent Sabbath with his sister, Mrs. Mills Crawford. Mr. Isenhower is now clerking for H. B. Refo & Co. in Winnsboro.

Master Howard Cartledge arrived home Wednesday from Davidson River, N. C., where he has been spending the summer.

Mrs. R. D. Nunn, of Columbia, was in the city yesterday morning on her return home from a visit to her mother, Mrs. Ella McConnell, near Lowryville.

Mrs. Martha Austin left Wednesday morning for her home at Stover, after spending several days with the family of her son, Mr. Mannte Austin, and Mr. Lewis Austin.

Miss Helen Perry, of Halsville, spent Tuesday night with Mrs. W. W. Brice and left Wednesday morning for Columbia to visit her sister, Miss Mary Perry.

Messrs. James Grier, of Spartanburg, and James Hardin, of Clover, who have been visiting Mr. James Glenn, left yesterday morning.

Killed by Lightning.

Mrs. M. F. Pursley, of Clover, was killed by a flash of lightning this afternoon at about 5.30 o'clock. The tragedy occurred at the home of Mrs. C. T. Thomas, where Mrs. Pursley was visiting. The information is that Mrs. Pursley stepped out of the house to go home and was struck just as she left the door. Death was instantaneous.—Yorkville Equirer, 11th.

Married.

Sunday afternoon, Sept. 9, 1906 at 9.30, at the Methodist parsonage at Capers Chapel, by Rev. J. M. Fridy, Mr. S. C. Robinson, from near Rock Hill, and Miss Annie Roberts, granddaughter of Mr. Neely Grant, Sr.

Fine Tin Ore.

Messrs. A. R. Rudisill and Mr. Carpenter passed through Saturday from their tin mine near Long Shoals. They had a number of samples they had found a few days before. They had some samples of tin ore in crystallized form. Tin is very rich when found in this shape, and is found in very few places in the world. They have a shaft a hundred feet deep. They are still prospecting to learn whether there is tin in sufficient quantities to justify the establishment of a tin mining plant. Tin is an uncertain mineral and it is not safe to make an investment till the ore is actually in sight.—Gastonia News.—Ex.

Chamberlain Leaves America.

West Brookfield, Mass., Sept. 11.—D. H. Chamberlain, the ex-governor of South Carolina, who has expatriated himself from America, has disposed of all his property here, including his beautiful home on the shores of Wickaboag Pond, known as Elm Knoll farm, and will remain in Europe as long as he lives. His niece, Mrs. Geo. Centerbury, says she never expects to see him again in West Brookfield. She says that by his persistent efforts in local office-seeking in western Massachusetts, he contrived to alienate from himself that personal esteem in which people hereabouts generally held him when he first came to Massachusetts in 1893 from his law office in New York City.—Special to The State.

Water Pipes and Freezing.

Housekeepers as a rule do not understand why it is the hot water pipe is the first to freeze in very cold weather. They think that it ought to be the other way around—that hot water ought to withstand the low temperature longer than cold water will. That does seem reasonable, but a little investigation shows us that it is not. Hot water freezes more quickly than cold water for several reasons. In the first place, the boiling of water expels the air from it, and water will not freeze until it has parted with its air. In the second place, there is always a slight agitation on the surface of hot water, and this promotes convection by assisting the crystals to change their position until they assume that most favorable to solidification. Then the particles in hot water divide into smaller globules by reason of the heat, and less resistance is therefore offered to the cold than in cold water.

Mrs. J. H. Yarborough and two youngest children, of Fort Lawn, went to Jenkioville Wednesday to spend a few days with Mr. Yarborough's mother.

The reception to be tendered Col. and Mrs. Bryan in Columbia on the 14th inst. will be a grand affair. Following are the members of the reception committee from Chester county: A. M. Allen, J. H. Marion, F. L. Hardin, Paul Hemphill, A. G. Lovric, J. J. Hemphill, S. W. Gray, Lawrence J. Caswell, W. C. Howell, W. H. Hardin, J. H. Buchanan.
Dr. Lawrence B. Craig, who has been associated with Dr. Pryor and succeeded chiefly in hospital practice since he received his license a few years ago, is a valuable resident of this or any other place, not only as a physician but also as a citizen. While on leave here he has been needed elsewhere, Chester having already the best of the best in the state perhaps, considering character and professional ability.

OPERA HOUSE.

"Violette."
"Welcome back to Chester" is the universal expression of theatre goers with reference to Miss Corinne Franzen, who returns to the Opera House next Tuesday in the new big musical comedy, "Violette." Her visit here is a most interesting one, as she is the only actress of such pleasing ability that there can be no doubt of a big house to greet her. In her new play, "Violette," which was written expressly for her by Lewis and Gibson, the authors of the "Shubert success," "The Sign of the Bow and Arrow," is a snappy, sparkling and witty musical comedy of a high order, and it has been put on with a lavish disregard of expense. The chorus is the best of the best on the road, the girls are really pretty and having excellent voices. A big house is expected. Prices \$5, 30 and 25c. Seasonals begins Monday at J. C. Robinson's.

NOTICE
