SCCPA Convention Opens Here Tomorrow

Winthrop Cooperative Cafeteria Plans

YWCA and Senate Head '44 Project

Will Open in December

College Men's and Women's Clubs Are Formed

Tentative plans for a Winthrop cooperative cafeteria have been formulated and announced by the Senate committee that is working with the YWCA and the administrative officials. These plans foresee that the cafeteria will open in December. At first, it will be open only on weekdays. On the weekend, Saturday supper and breakfast will be added, but an extra charge is expected for these meals. The cafeteria will be open from 7 a.m. to 9:30 p.m.

The cafeteria is a non-profit venture and will be run on a cooperative basis. Those who will share the profit, if any, according to their contributions and management on the job there. Tickets will be sold at the time of purchase, and the amount is redeemable at the end of the fiscal year. The kitchen workers are a part of the amount spent.

The cafeteria manager, in charge of the cafeteria, has not been named. Other workers will be secured by means of a systematic volunteer system. They will be by the hour, but they wish they could contribute their services free.

The cafeteria will be located in the Johnson Hall. No new room has occupied the "second floor" of the administration of the sophomore committee. The "second floor" of Johnson Hall is now occupied by the Goodyear, Elois Nicholson and "Day" Parker.

Two Student Sands Plays Given For Assembly

Two one-act plays, "Overtones" by Maree and "The Three Ups and Downs" by Edgar, will be presented in assembly this afternoon. Miss Ann Mims is director of both plays. "Overtones" by Maree tells a short love story, a play which mirrors the real lives of Winthrop women. The "The Three Ups and Downs" by Edgar, a cabled comedy, consists of three scenes: the evening, the morning and the afternoon.

The ten women invent their parts with "The Three Ups and Downs", as Scriptwriter Edith Eiffel's "script" (Hedda Gabler) does her part, presented by Miss Margaret Howard, Miss Mary Frances Swanks.

Committee chairs are Mary Kollmann, Ruth Bash, Karen Cogswell, Marion Wright, Margaret Lassner and Betty Sunset.

Senior Writeups For The Tatler Are Extended

Betty Sanders, editor of the Tatler, announced this week that the Tatler would be extended. "We have been too busy," states Mrs. Sanders, "for such an extended edition to be put in." The Tatler will be turned in to the World Student Service Fund at the week-end, according to Miss Fink. In charge of the Tatler staff is Miss Florence Salls, who is in charge of the Tatler staff.

Winthrop Goes On The Air December 9

Winthrop will go on the air December 9 at 4:45 for an informational ten-minute broadcast, for which WIS, Columbia, will be used. The broadcast will be the first of a series of ten-minute broadcasts for the University.

What Price Initiations

What price initiations do we deserve on our campus today?

Every few months we meet someone who speaks about the world, who looks like the end of the world, who is gathering students for a new program, for some new project, for some new approach to carrying out some stunt or who is doing something that seems to be going somewhere that we don't understand. Often we visit with him and he tells us what he is doing, who he is working with and what he is trying to accomplish. Sometimes we may find him working with campus organizations in taping new members now.

Initiatives can be and are a lot of fun. They can be exciting. They can be a lot of fun. But the ones that we have seen too much of are the ones where you can be a real whirlwind of activities that add color and excitement to the everyday activities on the campus.

Hitting a New High

Three bits of color brightening Winthrop's payaways, P. O. bulletin boards, and campus organizations have made a contribution to Winthrop's long list of innocuous or unconscious as we are of it.

Described in those memories we have seen something quite nice, quite rare, quite unique, quite different, and what we are going to do here is talk about it. We are going to talk about the interesting design and the interesting details that we suddenly aware that poster can not only be very interesting art work in themselves.

And each year, Winthrop posters seem to get more original and more interesting. Behind the scenes of poster-making, the art department people have worked through classes and clubs to pride the standards. They have even offered an extra for all the work that we have done to put them up.

Jason Zellman: "What is more important than making a poster? Our contributions are needed — I know our contributions are needed — is the question of the moment.

Captian Robert L. Goldman: The art work that we do is the most important art work that we can have. It covers many fields and has been used for many uses. It is a phase which particularly appeals to me is what it does for American posters.

As long as we can bring to bear our imagination and get the ideas that we have, we can consider the social issues and suffering and the beauty of life can be shown in these solutions in this horrific conflict.

In that way, the important part of the war we are waging is to present human beings who are receiving the agreement in those that in courses we can present constructive ideas that will help us build the peace we are fighting for.

Green Grass

Every time we even think green grass we have to fight for it. But poster will refuse to put it out and if it is, Ground Marshall Oates will be kept for our reception room. This is our time to be our persistent question, when we are asking for the coal, we are asking for the coal of our will come in just when two circumstances. We do not feel that we are doing the right thing.

To give a dash of green to the campus very soon will be going to take a dash of green to our lives. We feel that our lives will be in danger. Underneath that turf there is a world of beauty that is too little will be up with the next rain, it is our turn; let's give it our support.

We'd compliment the art people for making, the art department people have worked through classes and clubs to pride the standards. They have even offered an extra for all the work that we have done to put them up.

**Registrant's Report Reveals Point Ratios Of '43 Class**

**25 Per Cent Of 'Grads' Make 1.84**

A statistical report from the Registrar's office this week reveals that 25 per cent of last year's graduating class of 318 seniors averaged a point quality ratio of 1.64 or higher. Five per cent of the group were honor graduates, with an index ranging from 3.0 to 3.9, students whose averages make a little over 1.44 a month or slightly too small to rank in the upper fourth of the class.

**Second Fourth Group**

The second fourth group of students also included a large number of students who averaged a point quality ratio of 1.54. The next group of students, however, who averaged a point quality ratio of 1.44. The last group of students who averaged a point quality ratio of 1.34. This group included a large number of students who averaged a point quality ratio of 1.24. The last group of students who averaged a point quality ratio of 1.14. This group included a large number of students who averaged a point quality ratio of 1.04. This group included a large number of students who averaged a point quality ratio of 0.94. This group included a large number of students who averaged a point quality ratio of 0.84. This group included a large number of students who averaged a point quality ratio of 0.74. This group included a large number of students who averaged a point quality ratio of 0.64. This group included a large number of students who averaged a point quality ratio of 0.54. This group included a large number of students who averaged a point quality ratio of 0.44. This group included a large number of students who averaged a point quality ratio of 0.34. This group included a large number of students who averaged a point quality ratio of 0.24. This group included a large number of students who averaged a point quality ratio of 0.14. This group included a large number of students who averaged a point quality ratio of 0.04.
