FRIDAY, OCT. 16, 1908.

In the committee's publication of Bryan campaign contributions of \$100 or more...

In the publication of campaign funds, whether before or after the election, are the distributions to be published as well as the contributions?

Mr. E. G. Clark writes to The State from Louisville, Ky.: "I had a newspaper clipping attached to me that the Ohio river has nearly gone dry and that persons walk from New Albany, Ind., into Louisville, Ohio, in a dry bed of the river."

We had heard that Ohio was going dry very rapidly but supposed that there was still enough of moisture in Kentucky and West Virginia to keep the river running, even if Pennsylvania used all its water for laundry.

Mr. A. C. Haggie, who is serving free time at the store of Mr. Joseph A. Walker, recently an expert, though she says anybody can do just as well, if they use the right tea...

Little Girl Dead. Pauline, the two and a half year old daughter of Mr. R. B. and Mrs. Sallie Mills...

Mr. and Mrs. A. Willis, of Edgemont, spent Wednesday at the home of Mr. T. Lumpkin, of Ala. brought Mrs. Lumpkin to the hospital Wednesday afternoon.

To the Stockholders of Chester Building and Loan Association. The Chester Building and Loan Association will hold their annual meeting on Oct. 20th, at 8 p. m., at the Court House. All stockholders are urged to be present.

Torville Man Charged with Repeating. Insurance Commissioner McMaster says of Torville tomorrow to investigate a charge of repeating. It is charged with repeating the words of T. C. Dupac, of that place. Mr. Dupac is agent for the Prudential Life Insurance company and he is charged with repeating the words of violation of the law to give rebates on premiums as an inducement for insurance.—Columbia Record, 14th.

Birmingham's Dry Record.

Birmingham, Ala., is a large manufacturing city, filled with all sorts of people. Since Jan. 1, 1908, it has been under prohibition, and the court records for the first seven months of 1907 and the first seven months of 1908 under prohibition, show the following facts:

Table with 5 columns: Arrests, Jan, Aug, Oct, Total. Rows: Drunkenness, Disorderly, Assault and Battery, Assault with a Weapon, Admits to Murder.

This is the crime record of a great city under the mildest and kindest prohibition. Are these facts not suggestive to the voters of Chester county, on the matter of voting out the dispensary from our midst?

The last grand jury at Birmingham said in their report: "We congratulate our county on the beneficial effects of prohibition. It is a fact that crime is largely on the decrease."

The Masonic fraternity in district session passed strong resolutions, "favoring the new law, and urging all Masons to give it their support." The effects of the law have been so good that Gov. Comer, in his statement for location, and Mayor Ward, who believed in high license, have both come out unequivocally for the new law.

They had this in mind; and the chief of police says: "To keep from looking up just any one of the city's gutters, we had a room filled with cots in the city building to which the men were to take drunken rendezvous. Not one of these cots was occupied." These facts from the city of Birmingham, should have weight with the voters of Chester county at the election on the dispensary. If the record shown at the city of Birmingham has produced these results, will similar results not follow the voting out of our liquor shop?

Campaign Contributions Published. New York, Oct. 15.—The Democratic national committee, through the Hon. Herman Roselle, this morning gave out an extended statement of the contributions to the Democratic national campaign fund up to and including October 9, showing sums of over \$100,000. It also shows receipts and disbursements as follows: Received from contributors under \$100, \$110,355.22. Received from donors over \$100, \$228,507.38. Total, \$338,862.60.

The Young Man's Business! We Want It Because We Are Equipped For It! IT is not an easy task to sell to young men in this community. They are well informed as to style, critical as to fit, and demand the best. But we are "it" on young men's clothing when it comes to styles, patterns, value and assortment! HIGH ART SUITS for young men are not cut over men's patterns and then "scaled." They are drafted by special designers, who apply themselves exclusively to the study of the young man's physical development...

Opera House. Human Heart was presented to a large crowd at the Opera House last night. The show was a good one and everybody was pleased with the production.

The Girl from Missouri. The play is complimented by the Girl from Missouri, which was presented here to a large and appreciative audience Monday night, September 21st.

The answer from a moral standpoint is certain. There is no question of deep interest in this election by all citizens of this county. A question is to be submitted according to law to the voters for a decision on their own question—belonging in its settlement to this county.

The sale of whiskey by a company is a poor business. It brings a profit and it is legal, but it diverts from useful channels at least three dollars for every one it puts into its own profit column or gives to the voters for a decision on their own question.

Night riders, like lynchings, is to be deplored, and we trust the first outbreak of this kind in the south will be the last.

The Election. Mr. Editor:—The election is very near. There are matters involved of great interest. Bryan and Taft are attracting the attention of the country, and all citizens are interested in the issue of the election.

Negro Killed Near Gayden.

Blackstock Nov. 4, Oct. 15—John Lilly (colored) was accidentally shot and killed near Gayden yesterday afternoon about two o'clock. Mr. Entsminger, headmaster and John Lilly were driving a wagon loaded with hay and had a gun in the back end of the wagon. In some way the gun went off, the load entering the right side of the wagon just under the arm. He lived about three quarters of an hour after being shot. Mr. John McDonald, the mail carrier, was just behind the wagon and saw all this. The exact will be held today.

Showing His Chester Raising.

Mr. L. P. Hollis, who was a member of the class of '06 at the State university, is being highly complimented for his work in the Young Men's Christian association. Mr. Hollis is—and has been for several years—general secretary of the Young Men's Christian association attached to the Monaghan mill, near Greenville. His work in that capacity has been heartily praised by eminent authorities, who assert that the mill management that a better man for the place could not have been found. The Monaghan is the only association but one incorporated at a certain mill in this country. While in college here Mr. Hollis was identified with association work and after leaving the college he went to the Monaghan mill. The State.

Chester County Schools.

The annual report of County Superintendent of Education W. D. Knox to State Superintendent O. B. Martin, which by the way involves some laborious work and some exceedingly nice calculations, is about complete. It shows that the schools of Chester county are in healthy condition and are keeping pace with educational development in other parts of the state and country.

The report shows that there are 103 school houses in Chester county, 52 white and 51 colored. The total number of teachers is 113, divided as follows: white, 67; colored, 46. There are 6,523 children enrolled in the schools of the county, 2,210 of them being white and 4,313 colored. The average attendance is: white, 1,931; colored, 2,297. The average length of session of the white schools is 31.3 weeks; colored 19.36 weeks. The greatest distance traveled by white children to school is six miles; by colored children, five miles. The salaries paid to white teachers aggregate \$23,731.03, while the total of salaries paid to colored teachers amounts to \$5,657.87.

During the past year three new school buildings have been erected, at Lando, Rieburg, and Edge-wood, all three being modern school buildings that are a credit to the communities in which they are located. Other schools have expended considerable money in the way of furniture and equipment. Supt. Knox is well pleased with the situation. Schools all over the county are employing a high class of teachers, who are doing proficient work.

The following is the financial statement showing how the schools

The Skipper Sizing Co. Mr. H. S. Heyman has sold an interest in his sizing business to Mr. C. B. Skipper, superintendent of the Lancaster Cotton Mills, and the concern will be known in the future as the Skipper Sizing Co. Mr. Heyman, in company with the late Mr. M. L. Hitchcock, has been active for some years in the manufacture of this valuable compound, and they have succeeded in introducing it into most of the mills of the South. The plant will be enlarged, and the business increased. Mr. Heyman will give the greater part of his personal attention to the manufacture of the product, and Mr. Skipper, with his wide acquaintance with mills and mill men, will be able to obtain orders from the mill companies of the goods. Mr. J. W. Thomason, of Whitmer, is on the road as sales agent, and it is very likely that there will be a little to peddle will be materially increased.

The Secret

of a good liniment is in its warming, penetrating and scattering qualities. The ingredients of Noah's Liniment are such that with very little rubbing the parts are warmed, the inflammation and congestion scattered, and the relief is almost instantaneous.

For Rheumatism, Sciatica, Lame Back, Stiff Joints, and Muscles, Sore Throat, Colds, Strains, Headaches, Cuts, Bruises, Burns, Scalds, and Wounds, Toothache, and All Nerve, Bone and Muscle Pains, it is the most effective and safe remedy known. It is a medicinal vegetable. Sample free by mail.

Effort to Remove Receivers. Union, Oct. 13.—Within the past few days there have been several developments in regard to the People's bank, which are of considerable importance, among those being the filing late yesterday afternoon of the report of the receivers and the securing of the assets of the bank.

The report of the receivers in full covers a good many typewritten pages and shows the receipt of \$173,103.02 and the liabilities \$113,365. Going into detail the report shows that the bank had 42 stockholders, the largest being Mrs. F. H. H. Duncan, who held \$8,000 worth, the total capital stock worth \$60,000.

When the bank went into liquidation on August 12 the deposit subject to check amounted to \$37,411.86, the largest depositor being the State dispensary commission, which had \$17,715 to its credit. The total number of depositors was 318, and in the savings department there were 340 with \$25,500 to their credit.

Are Southerners Lazy? A very common delusion of the Northerner about the Southerner is that the latter has been greatly enervated by the Southern climate and is preternaturally lazy. He does not stop to consider the fact that it is by the Federal government which show a huge volume of products made by Southern people which would be utterly beyond the capacity of the people to produce.

Modern Education is Antisocial.

All of the educational system seems to be aware, every boy who enters the primary grades must expect to spend four years in high school, pass on to college and eventually become a professional or business man, says Elmer Childs in the November Deliberator.

States Expected to Go For Bryan. New York, Oct. 13.—Vice Chairman Hudspeth of the Democratic national committee has made a list of the states in which he said Mr. Bryan would receive the electoral votes. They are as follows:
