WEEKLY NEWS

WILL HELP THE SOLDIERS

Government Will Build Large Hospital to Accommodate Disabled From Wounds.

Washington, D. C., Oct. 28.—In order to recall to life physically maimed and industrially the soldiers of the American army who have served abroad and who are invalided home, the War Department is rushing plans for the erection of the reconstruction hospital that are built in different parts of the United States.

Sites have been chosen though not yet approved, at Memphis and New Orleans for the southern soldiers, as the plan is to send men to the hospital nearest their former homes. Other cities selected and yet to be approved are at New York, Philadelphia, Baltimore, Buffalo, Cincinnati, Chicago, St. Paul, Seattle, Denver, San Francisco, Kansas City and Richmond, Va., with others to be located later.

These hospitals are to be patterned after those in other countries at war and the general outline that is being formulated might seem to be uninitiated like the fact that science has accomplished and is daily accomplishing in other lands, and it is to be undertaken in this country—the last to enter the war.

It is inevitable to everyone that the war must take its toll of men, and that the United States to come to the front must take its toll of men. It is inevitable that the men who have served abroad and who are invalided home, the War Department is rushing plans for the erection of the reconstruction hospital that are built in different parts of the United States.

The tentative plans that have been outlined call for a 500-bed hospital, with arrangements to enlarge to a capacity of 1,000 beds if needed. They will contain all the modern hospital features, such as operating rooms for classes in mechanical first aid drawing, applied arts, first aid, printing, telephony, automatic mechanics, bookkeeping, stenography and all that goes to make up a vocational school.

These men will be unable to take a further part in the war, they are to be trained in these reconstruction camps to do their bit in the industrial and economic life of the nation, and these men will be able to devote the best thought of the nation to this end.

TEN GERMAN SAILORS ESCAPE

Albany, N. Y., Oct. 24.—Ten German sailors escaped from a prison ship here today.

CHESTERFIELD FEELS FORCE OF BIG FIRE

Flames Destroy Three Stores and a Residence and Damage Another Business House.

Chesterfield, Oct. 22.—A fire which at the time threatened almost the entire business section of the town started about 11 o'clock this morning in the store of the Chesterfield Drug Company. The town being without waterworks and no organized method of fire fighting was demonstrated in the presence of a fire which quickly destroyed three stores and a residence and badly damaged another store.

The total loss is estimated at \$2,500 with only \$1,000 insurance. The losers in the fire are: The Chesterfield Drug Company, B. C. Moore, Neil Funderburg, Minnie Chapin, residence; Teal & Jones, A. F. Davis and Mangum & Funderburg, the owners of the stores consumed by the drug company, Teal & Jones, partially destroyed and A. F. Davis slightly damaged. A movement is on foot to install a complete system of waterworks.

BONDS AS BUSINESS INVESTMENT

Among large and long-established bond investments, the one which has been credited with the best record to obtain. Even with the best sort of management, the small organization of the bond market has been suffering these periods of business depression, and the larger ones, though to be the ones of borrowing money or getting the money into the market, they are not a source of worry if they do not quite result in a failure.

Real estate, mortgages, chattel mortgages can be placed on store or factory furnishings and machinery. Money can be borrowed for the purchase of land, and the help of all these methods take the bond investor away from the market, and the man can always borrow from his bank, and that is sound money, and it is always there. Bonds, if they are high-grade issues, are always taken by banks for from 80 to 90 per cent of their value.

There is one sort of collateral on which a man can always borrow from his bank, and that is sound money, and it is always there. Bonds, if they are high-grade issues, are always taken by banks for from 80 to 90 per cent of their value.

NEW YORK FIXES PRICE OF SUGAR

Plan Requires That Refiners Apportion Distribution on Basis of Available Supply.

New York, Oct. 23.—Refinery wholesalers and retail prices of sugar for granulated sugar were standardized in an agreement entered into today by representatives of the three branches of the industry at a conference called by Henry Mondowicz, commissioner of public markets. The prices follow:

Refinery—\$8.35 M per 100 lbs granulated; wholesale—\$8.00 per 100 lbs granulated in the retail trade; retail, 10 to 11 cents a pound for granulated sugar, the price to the consumer not to exceed 11 cents.

The conference issued a statement saying that the cooperation of the consumer was necessary in working out the plan and that the sugar shortage is temporary.

The wholesaler agrees to provide a report on the distribution on the same basis as the refiners.

OUR ARMY IS NEAR ACTION

Baker's Guarded Review Taken to Mean That Soldiers Soon Will Be in Trenches—Won't Go into Winter Camps.

Washington, Secretary of War Baker issued a formal statement to the press which is interpreted in Washington as meaning that the bulk of the American expeditionary force now in France will soon go into action in the trenches.

It was discovered today that what was to have remained an official secret for a week or more was divulged Saturday night at a dinner in New York, which Secretary Baker and Provost Marshal Gen. Crowder attended.

At the headquarters of the Fatherland Party at 30 Victoria Street, New York, a correspondent was told today: "We welcome any uncompromising speech by Lloyd George or Aquino."

1. Single man without dependent children.

2. Married man (or widow with children) who habitually fails to support his family.

3. Married man (or widow with children) not usually engaged, but family has sufficient income independent of his labor.

4. Married man or father of motherless children, usually engaged, but family has sufficient income independent of his labor.

CLASSIFICATIONS GOVERNING DRAFT

Information Picked Up at Big Dinner, How Which Baker and Crowder Attended.

Washington, Oct. 22.—The five classifications into which men awaiting draft will be divided, under the regulations approved by President Wilson, have been made public before the time planned by the provost marshal general's office and are here published.

1. Single man without dependent children.

2. Married man (or widow with children) who habitually fails to support his family.

3. Married man (or widow with children) not usually engaged, but family has sufficient income independent of his labor.

4. Married man or father of motherless children, usually engaged, but family has sufficient income independent of his labor.

5. Men not included in any other description of this or other classes.

SAVS ALLIES ARE BENT ON CRUSHING GERMANY

No Hope of a Compromise Peace—von Arnim Tells Prussian High Command.

Berlin, Oct. 22.—Count von Arnim-Bollernburg, President of the Prussian Herrenhaus (House of Lords), in his speech at the convention of that body yesterday, said that the Allies are bent on crushing Germany and that there is no hope of a compromise peace.

"We are attacked," he said, "by the Allies, who are bent on crushing Germany and that there is no hope of a compromise peace."

MAKE 150 MILES AN HOUR IN AIR

St. Sebastian, in Trip From Norfolk, Made Record on Ballistic Trials.

Mineola, L. I., Oct. 23.—A third Italian airplane, carrying a pilot and observer, reached the army aviation field here today after flying 300 miles from Langley Field, near Norfolk, Va., in three hours and ten minutes, a record surpassing that made by the Pomilio aeroplane yesterday when it flew 330 miles in two hours and fifty-five minutes.

the other Allied troops into Germany. It can't be done in a few days. It means months of fighting and some of your boys will lay bleeding on the battle field.

Since you are not going don't you think you ought to buy a bond? A few years from now the white souls of soldiers, American lads, will be speaking to you from their graves on the battlefields of Europe, asking what you did ever here to stand by for the cause of world liberty. Was it merely a matter of faking? Did you face any personal danger? You must answer them.

In the matter of subscriptions for the benefit of public affairs we have always made it a rule never to criticize those who do not give. We have always felt that if a man cared to subscribe money for the benefit of his fellowman, well and good, if he did not, well we considered that his business.

But there is a difference between the Liberty Bonds and subscribing to public affairs. A "black man" is now placed upon the young man who fails to offer his life for the safety of his country but the man who has money and fails to subscribe for Liberty Bonds is deserving of a "black man" than the young man. What is a few dollars compared to a man's life?

In the eighth chapter of Deuteronomy will be found some words that need to be studied by all who are making money, for they are applicable to this hour as they were to the people to whom they were directly spoken:

"And when thy herds and thy flocks multiply, and thy silver and thy gold is multiplied, and all that thou hast is multiplied, and thou art in thine heart, My power and the might of mine hand have gotten me this wealth, thou shalt remember the Lord thy God, for it is He that giveth thee power to get wealth." "And it shall be if thou do at all forget the Lord thy God, and walk after other gods, and serve them, and worship them, I testify against you this day that ye shall surely perish. As the nations, which the Lord destroyed before your face, so shall ye perish."

If those who in this hour of civilization's supremest tragedy and civilization's most awful suffering accumulation we say to themselves, "My power and the might of mine hand hath gotten me this wealth," and their selfishness retain it instead of devoting it to the service of humanity, "they shall surely perish" for unto them shall come the voice, "Thou fool, this night thy soul shall be required of thee."

Possibly you are extremely proud of the part your ancestors took in the Revolutionary war. Will your grand-children be proud of your record in the present conflict or will they look upon it in horror? You are the doctor-diagnose your own case.

If The News had the money it would invest in more Liberty Bonds. If all our subscription accounts were paid we would have the money. By paying your subscription account you will help the boys in the trenches as well as yours truly. Look at the label on your paper and see when your subscription expires.

As to whether or not it will be easy to borrow money six months from now is a matter of speculation. If it is your custom to borrow money or to buy goods on credit it would be well for you to seriously consider buying Liberty Bonds while you have as little money in order to place yourself in position to be accommodated when you want that favor. You might have a good face but a Liberty Bond for collateral will beat it two to one. You will realize this fact if money should become scarce in this section.

Have you bought a Liberty Bond? Do you think this war will end before Americans are forced to fire a gun? If you do it is doubtful because you have not read articles written by the foremost men in this country who have visited the battle scenes. They say the war will never end until German towns have been devastated by the Allies. The French, British and Belgian soldiers say they will never stop until Germany rears its ugly head. American boys who are in the fight and they will go with

OUTLOOK FOR COUNTY FAIR IS EXCELLENT
The Chester Chamber of Commerce has leased the Hemphill property and also the Fraser property, which adjoins the Fair grounds, and will place a fence around same within the next few days. The grounds leased will be used during the coming Fair, November 8-9, since it has been found that the present quarters will be somewhat crowded.

Work is going ahead rapidly on the next exhibit building and those in charge do not doubt but that it will be ready in plenty of time for the fair. The new exhibit building will have forty-two booths and on each side there will be a passageway the full length of the building in addition to a passageway through the center. There is to be thirty-six windows on each side of the building which will allow plenty light through out the building.

The Metropolitan Shows, which is considered one of the best carnivals

on the road, will come to Chester from Greenville and is scheduled to arrive here next Monday and will be held Monday night.

JOHN W. VOGEL'S BIG CITY MINISTERS
John W. Vogel's Big City Ministers will be open at the Opera House, November 1st. The company is strong and boasts of a roster second to none. Manager Vogel's reputation for being a standard bearer is enough to satisfy in that the performance will be in keeping with the heralding. The Radium Palace, a new and very elaborate first part setting, will be presented here for the first time, and it is said to be the most beautiful and costly affair ever used by any theatrical company in this or any other country.

The advance sale of tickets will open Tuesday 8 A. M. at Chester Drug Co. and the indications point to a unusually crowded house.

ARMENIAN RELIEF NOTICE
On Friday evening, October 26th at eight o'clock, in the Festal hall of the Presbyterian Sunday school building, the Christian Endeavorers will give a hall-of-entertainment for the relief of the starving Armenians. The public is cordially invited to come and bring a penny for each year of their age. Pennies will be received and no questions asked.

Mr. Wm. R. Letimer has returned to the city from Wilmington, N. C. where he went to attend the Thomas King wedding.

TAX NOTICE
In accordance with law books will open for the collection of city taxes on the first day of November, 1917, and will remain open until the 31st day of December, 1917, with-out penalty. On January 1st, 1918, one per cent penalty will be added; on February 1st, an additional one per cent penalty will be imposed and

The following telegram was received by Mr. Robert Gage from Mr. F. W. Robertson, chairman at Columbia, this morning: "South Carolina must not fail in Liberty Bond campaign. Sale will be Saturday. Redouble your effort. The state has never enjoyed such favorable conditions. Speed up work. Get a whirlwind finish. Wire this office tonight total amount of sales in your county to date. Send rush wire every night until end of campaign. It is the call of the nation and South Carolina must not fail to fall down."

on March 1st five per cent more will be added making seven per cent. Collections for taxes paid during the first fifteen days of March. On March 15th collections will be issued. The 15th collections will be daily made; following days have been daily made. For current expenses and ordinary purposes 10 mills also five mills will be collected on 1st and create a sinking fund for capital on 1st.

SAYS GERMAN AGENTS ARE ACTIVE IN LONDON

Englishman Asserts Their Influence in Social Circles Amounts to a Scandal.

New York—Walter K. Morrison, an Englishman, who arrived here recently on his way to Southern California to look after interests there, said that the German influence in social circles in London had developed into a serious scandal. He formed efforts had been made by Englishmen of high standing, he said, to fight this social German propaganda, but with no avail.

"Just before I left London," said Mr. Morrison, "one of the best known clubs in the St. James' section had to call a special meeting of all its members to vote upon a motion barring certain German members, one of whom was a well-known lion from the club premises for the duration of the war. It hardly seems credible that Englishmen should have tolerated Germans admitted in the club window and German members in their midst, some of whom were flying over the land and dropping bombs on women and children. These German members upheld the actions of the League and the Zeppelin raids over England, and defied the club committee to oust them from their premises, until some leading Englishmen got together and determined to put a stop to the scandal. Try to imagine any Englishmen allowed to be at large in Berlin and being one of the best clubs over three years since the commencement of the war and criticizing the letters of the Germans in the language of an enemy nation."

"When the meeting of the members was convened the Germans, led by the baron, made a fight and insisted that the club had no right to suspend them. Some of the English members belonging to pacific factions actually spoke up for the enemy. Agents said it would be a little hard, don't you know, to bar them from the privileges of the club just because they were Germans. It was pointed out with some fervor that 'news of value to the enemy could be obtained easily in a club where members treated each other's honor and spoke freely. Finally the Germans were voted out.

"Loyal Englishmen look upon a socialist as being more dangerous in the country than a German, because the latter is regarded as an enemy and a watch is kept upon his movements, while the socialist goes about proscribing disloyalty against his country under the pretense that he is doing it for the good of humanity.

"German agents are working as actively in London as they are in New York and all over the world. With the entry of the United States into the war, we all believe that the end is in sight."

By Midnight

Wednesday Sept. 12th

Up to midnight, September 12th, during a period of 84 months, we sold and delivered to tire dealers more United States Tires than we sold to dealers during the entire 12 months of 1916.

This phenomenal sales increase was made notwithstanding our epoch-making sales increases of 1916 over 1915.

These record-breaking sales increases of 1917 over 1916 and our record-breaking sales increases of 1916 over 1915 definitely and finally prove three facts:

1. The supremacy of United States Tires.
2. The fact that the vast army of automobile owners who used United States Tires in 1916 are using them in 1917 on the sheer merit of their experience.
3. The fact that another vast army of automobile owners have been won over to the use of United States Tires in 1917 on the sheer superiority of our tires over other tires that they have tried.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Practices Cardui For Her Recovery.

Royce City, Tex.—Mrs. Mary Kill, the mother, that was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life. I have never had any trouble from that day to this.

To you suffer from headache, backache, neuralgia, or other discomforts, each through Cardui, you feel weak, nervous and nervous. It is Cardui, the Women's Doctor, that will cure you.
