BOY FROM HOME WRITES

Letter from Former South Carolina Newspaper Man, Now at Front Lines in Orangeburg.

Dear Mother and Father: I have just received your letter of the 28th and I am glad to hear from you. I am well and hope these few lines will find you all the same.

I have been here for some time now and the work is very hard. I have seen many things that I never could have imagined at home.

I have been thinking of you very much lately and hope you are all well. I have not much news to write at present.

GERMAN 'KELLY' PLAYING FRANKS

Unknown Johannesburg Leads Note for American Journalist.

It is a well-known fact that the German submarine commander who is known throughout the American press as 'Kelly,' has a real name which is something quite different, but the American press promptly dubbed him 'Kelly' as a result of a name which was published in the London Times.

Kelly earned his Irish name by displaying on various occasions of a rich vein of quite un-German humor. His becomes the numberless stories told in the press and on the radio.

Not all of these stories are true, and probably most of them have grown in the telling. All that the Associated Press can check for is that Kelly is a real individual and that there is some foundation for the remarkable tales.

Kelly commands a mine laying boat which pays frequent visits to the district patrolled by the American minesweepers. He has finished his appointed task of distributing his mines where they will do most harm.

It is just now that Kelly is making a point of making himself known to the British by his exploits by leaving his mine-laying boat at night and going ashore to make a landing on the beach, leaving behind a placard or a bit of German handwriting.

His most audacious exploit, however, is the legends of the forecastle are to be believed—a trip which he made several months ago to Dublin, where he stayed two days at a leading hotel, afterwards joining his boat somewhere up the west coast of Ireland.

Still another of Kelly's more recent stunts was to plant the German flag on a rising on the coast line. He was the first time that the British and Americans knew just where he and his men had set foot and they shared the excitement of the village folk.

PREDICTS AIR RAIDS ON AMERICAN CITIES

Dr. Lyman B. Powell, Back From War Front, Assures Germans Will Plan Air Attack.

New York—Dr. Lyman B. Powell, President of Hobart College, who has returned from the war zone, where he had unusual opportunities to observe conditions, said that the Germans were planning to raid the American coast with their airships within the next six months.

SECOND CAR RUMOR IS REVIVED

Testimony in King Case at Concord May Produce Stirring Surprises.

Concord, N. C., Oct. 30.—The Carburis case, which has been the subject of much newspaper speculation, is expected to reach a decision regarding an indictment before noon tomorrow.

Many witnesses have been examined and the jury was compelled to interrupt its work on the main case to act upon other minor cases that the session of the superior court might go forward unimpeded.

If means is indicated it is believed there will ensue a legal battle over possession of the forthcoming trial Counsel for the defense, which, up to the present time has claimed for a change of venue, now declares it will make no such claim and will seek to have the case tried in Cabarrus county, before a jury of Cabarrus men.

It is recorded as certain that the jury be drawn from a certain locality, but it is believed that the jury be drawn from a certain locality, but it is believed that the jury be drawn from a certain locality.

ARMY DRIVING OUT LIQUOR AND VICE

Secretary Baker Stopped With Result of Effort to Stop Drunkenness and Contention.

Washington, Oct. 30.—The army is driving out of the training camps and cantonments, officials of the army are highly satisfied with the effect of the restrictions placed around soldiers of the National Army, and the National Guard.

Secretary Baker is particularly well pleased at the cooperation of cities and communities near which the camps are located.

The chief object of the army effort is to break up drunkenness and promiscuous drinking, together with attendant dangers.

It is still possible for soldiers to obtain liquor in some localities, but the army is making every effort to secure liquor easily, any officer who is found practicing a lax system of discipline is liable to be removed from his position.

Among the exhibits to be shown are a civilian friend by the liquor and turn it over. Another is for several men to rent a room in a hotel where they should be in the military service.

There is also a practice of going to the saloons and other places to get drunk and having the shopkeepers and bartenders furnish the drinks which are partaken of in back rooms. These instances will be dealt with.

Other efforts to uplift the moral surroundings of the camps are also regarded as fairly successful, but in some localities there has been a tendency to throw off the 'camp followers' and other immoral hangers-on.

THE BIG FAIR

With City Chamber of Commerce.

The new exhibit building ready, work is progressing rapidly on the new exhibit building, and the annual exhibition that is being taken in the 1917 Chester County Fair through the entire week—Tuesday, Wednesday, Thursday and Friday.

THE MASQUE OF LIFE COMING

What is perhaps the most interesting feature of the Chester County Fair is the fact that Manager Wagner of the Dreamland, through untiring effort, has secured for the fair a grand picture of 'The Masque of Life' for showing Tuesday and Wednesday of next week.

AIR ROUTE OVER AUTOS

Trials Over Lincoln Highway in Indiana and Illinois.

A trial aerial route for airplanes being laid out over the Lincoln Highway in Indiana and Illinois. This does not require so much preparation as laying out a road for automobiles over the stubborn, uneven surface of the earth, but much more planning and work is necessary than this.

MADDO FAVORS SUFFRAGE

Hope Constitutional Amendment Will Win in New York Election.

Washington, Oct. 29.—Secretary McAdoo followed President Wilson's declaration in support of the suffrage amendment on his way to New York election. He said: 'The time has come when suffrage should be given to the women of America. It should be given promptly; it should be given gladly. To the women of the United States have, in every way, especially since this war has broken out, shown themselves qualified for the right of suffrage.'

MORE SPEED ON SHIPS

Harley Centers With Builders and Lumber Men to Check Delay.

Washington, Oct. 29.—No. 5 plans to end delay in the wooden ship building program work discussed today at a conference of builders from the west and the east, headed by Chairman Harley of the Shipping Board. It has been found that upon several occasions the program has been up to the required specifications.

GERMANY CUTS FURLIGHTS

Transportation Difficulty Forces Reduction of Furlights.

Washington, Oct. 29.—The new restrictions on the furlights for German soldiers, necessitated by the growing problem of transportation, have been cut by one-half the number of furlights for men in the field, and eliminate them for troops garrisoning the occupied regions, except for a small number of troops who are leave is granted for pressing farm.

COMMITTS SUICIDE

City of Alton Was Seriously Shocked That Morning.

Alton, Oct. 30.—The city of Alton was seriously shocked that morning when it became known that Mrs. Joseph Shiles, a merchant and contractor, had killed herself by a pistol shot in the rear parlor of a cheap hotel. The man had been under the influence of liquor and had been drinking since the morning of the 29th.

FRIDAY, NOVEMBER 2

A Halloween hop was held at the Jefferson Hotel ball room in Columbia last night and the fact was advertised that private wine was wanted. An admission charge of one dollar was charged.

It is to be regretted that the city of Columbia is advertising the fact that they do not care to have any social dealings with the men who are to do the fighting for the world. Our opinion of the case is, that if any man in the army is deserving of consideration it is the private—the officer can look out for himself.

If Columbia is to treat our privates in any such manner, as was the case above mentioned, we would like to see the privates, located at Camp Jackson, pass a resolution, and stick to it, that not one single private would enter the city. In other words if Columbia cannot treat the privates with decency we would like to see them boycotted.

**THE GRAND JURY'S REPORT**

**Want Automobile Speed Law—Call Attention to Bad Roads in County and Reason Therefor—Liquor Permits Being Issued—Recommend Rural School Supervisors.**

The following is a copy of the Grand Jury's report submitted to Judge DeVore at the present term of fall court.

State of S. C.—County of Chester. In the Court of General Sessions. To His Honor, J. W. DeVore, Presiding Judge:

We have passed upon all bills of indictment handed us by the Solicitor.

Acting upon the suggestion of His Honor we have determined to, and hereby, request our county legislative delegation to introduce a measure at the coming session of the General Assembly making it a misdemeanor for any person to operate an automobile at a greater rate of speed than twenty-five miles an hour over the highways of Chester county (ten miles on curves), and also request the County Commission to erect signs on curves warning automobile drivers to slow down, and would further request the County authorities to see that the law is complied with.

We find that certain roads in the county are in bad condition; this state of affairs being due in some cases to disposition to wait and see what the County Highway Commission will do, and in other cases being due apparently to neglect on the part of Township Supervisors. This is particularly true of the following roads: The road in Bates Rouge township from A. D. Steadman's to the York county line; the road in Leesville township from W. W. Gaston's to Lande; and the road at Rodman running parallel to the railroad; the road in Hazelwood township from J. M. Caldwell's residence towards Cornwell; the road in Rossville township from Nixley to Great Falls; and the road from Mrs. I. M. Douglass place to the place occupied by J. A. Miller. We would call attention to the fact that the winter season is coming on, and urge the authorities to see that the roads and bridges in proper shape without loss of time.

The Grand Jury as a whole visited the county jail, and as far as we could discover found everything in good shape. We recommend that upon the return of normal prices for foodstuffs, that discounts for prisoners be increased.

We employed James McLarnon, expert accountant, to audit the various county offices, and his report is herewith attached as a part of the report of the Grand Jury. From this report we find the offices of the county properly kept.

We find that too many liquor permits are being issued in Chester county in comparison with other counties of the same size, and urge our county legislative delegation to take steps at the next meeting of the General Assembly to so amend the law as to make it impossible to secure liquor except in a case of extreme sickness.

We made a partial investigation of the school affairs of the county, and find the schools in excellent shape. We find that an average salary of \$52.40 is paid teachers, and the average length of the school term is 151 days, all of which is more fully set forth in the annual report of the County Superintendent of Education, which is attached to this report.

We are in thorough sympathy with the food conservation policy being advocated by the national authorities, and urge our people to comply as fully as possible with the same. Each member of the Grand Jury has signed a pledge card, and will do his utmost to further the good work.

We visited the county farm by committee, and found 11 milk cows, 5 heifers, 3 yearlings, 6 mules, one mare and colt, 18 hogs of age to kill two brood sows and one other 27 pigs; also full, containing about ninety tons of silage, a new barn and granary have been built, the lumber being sawed from the farm. There is about half an acre of Irish potatoes, 200 bushels of wheat, one corn crib full of corn, 700 bushels, and 150 acres of corn to plant from the estimate of corn being about 6000 bushels. There is also 38,000 bundles of fodder, two tons of oat and wheat straw, two tons of barley hay, and a new change water. All farm implements are in good condition. Also 728 gallons of molasses, 25 bushels of wheat, 300 ears of tomatoes and beans, 100 all-gallon jars of fruit, six bales of seed cotton, 250 bushels of sweet potatoes, fifty acres of oats sown, colored, 6 male, white, 7 colored, 1. All are well cared for. The Supervisor, Mr. J. E. Orr, asks for a four inch punched well, with large tank for fire protection; and we recommend that his request be complied with.

The committee appointed to visit the chain gang reports as follows: We visited the gang, located near

the county farm, and found fourteen convicts, all well and at work; nine head of mules; one horse; five hogs. Tent and other equipment are in good condition. We recommend a new tent to house the stock during bad weather.

We recommend that a Rural School Supervisor be employed as an aid to the rural schools of the county, and ask the legislative delegation to take the necessary steps to our duties.

All of which is respectfully submitted.

Dan S. Hollis, Foreman.

**A RARE OPPORTUNITY.**

This evening at 8 o'clock, in the Presbyterian Sunday School room, the people of Chester will have the rare opportunity of hearing a man who has had twelve years experience traveling over this continent in the interests of the work among Christian young people.

Mr. Karl Lehmann, of Chattanooga, Tenn., Southern States Secretary of the United Society of Christian Endeavor and Editor of the Dixie Herald, will be in the city to address the young people and the friends of the young people of the churches.

Mr. Lehmann comes with a ringing and interesting message about the great and rapidly growing work of Christian Endeavor. No one would miss the chance to hear this “Young Man With a Message.”

The Montgomery, Ala., Advertiser said of his address: “Mr. Lehmann possesses that rare attribute, spontaneous enthusiasm that convinces those that hear him that they can do wonderful things.”

The Sheffield, Ala., paper reports: “Mr. Lehmann is a charming, enthusiastic and forceful speaker.”

The LaPorte (Ind.) Herald says: “Mr. Lehmann is a whirlwind, he is full of fire. He talks rapidly and he strikes a truth every time he opens his mouth.”

This interesting speaker comes at the invitation of the local Christian Endeavorers and under the auspices of the State Christian Endeavor Union. An offering will be received for the State Christian Endeavor work.

Everyone is most cordially invited to hear Mr. Lehmann tonight in the Presbyterian Sunday School room.

The State Baptist Convention will be held in Rock Hill December 3-6. About 300 delegates are expected to be present.

### FOUR NEGROES ARE DROWNED

Corner J. Henry Gladden was killed at Great Falls yesterday, when a motor boat carrying four negroes, Will Gather, Frank Lumpkin and Liles Nettles, of Fairfield county, and Austin Potts, of Chester county, who were drawn about ten-thirty o'clock yesterday morning near the boat landing at Great Falls.

The negroes were in a gasoline motor boat preparing to go to the Rocky Creek dam and had just completed putting some sawblades into the tank of the motor boat when it exploded setting the boat aflame.

All of the negroes were forced to jump into the river and the four mentioned above being unable to swim, drowned before assistance could reach them. Another negro, who was also in the boat at the time of the explosion, succeeded in getting ashore.

Another boat, owned by Mr. Walter Scott and a negro, captured in going to the assistance of the four negroes and Mr. Scott and the negro had a very narrow escape.

The boat was the property of the power company.

The case of The State vs. W. S. Wilkinson charged with running a lottery, was heard this week at the station mention of which was recently made in these columns.

It resulted in a mistrial, the jury stating that for conviction and 5 for acquittal, so we understand. The bond was fixed at \$250.

Mr. R. L. Harris, of the United States Navy, was in Chester Wednesday for the purpose of securing recruits for the navy. Mr. Harris states that many people are under the impression that the navy is not in need of any additional men but this is a mistake. The navy is still in need of recruits and will definitely commission in the near future until the termination of the war. Mr. Harris has been in the navy for the past four years and is from Union.

### THE SHOWS TO BE HERE FAIR WEEK

While the list of attractions at the Metropolitan Show commences next week to furnish the entertainment for the big fair, they are numerous to permit of individual mention, there are several that are novel and pretentious in production are said to be worthy of the name.

Principal among these are: Harfield's Georgia Minstrel; the family "old plantation" show; a real musical performance given in a perfectly appointed theatre with modern stage and lighting effects; and several big bands of people. The company numbers these five performers and give in a special negro band and orchestra that are master of syncopated melody.

A complete change of programme and costumes is promised during the evening and it is claimed that the entertainment furnished will compare favorably with any presented here in this city. The show will open at 7:30 p. m. and run daily at 7:30 p. m. and 9:15 p. m. and 10:15 p. m.

They opened the Metropolitan Show at the fair last week and it was a success. Their performance is said to be the thing that has made the Metropolitan Show the most popular of the little fellow who has broken break-neck and the show is a success. They derive the most interest in the show and great enjoyment in the young folks of the city. This show is the only one of a number of shows and the thing which was brought here in a few weeks ago.

The show is a success. They opened the Metropolitan Show at the fair last week and it was a success. Their performance is said to be the thing that has made the Metropolitan Show the most popular of the little fellow who has broken break-neck and the show is a success. They derive the most interest in the show and great enjoyment in the young folks of the city. This show is the only one of a number of shows and the thing which was brought here in a few weeks ago.

Another show, owned by Mr. Walter Scott and a negro, captured in going to the assistance of the four negroes and Mr. Scott and the negro had a very narrow escape.

Mr. R. L. Harris, of the United States Navy, was in Chester Wednesday for the purpose of securing recruits for the navy. Mr. Harris states that many people are under the impression that the navy is not in need of any additional men but this is a mistake. The navy is still in need of recruits and will definitely commission in the near future until the termination of the war. Mr. Harris has been in the navy for the past four years and is from Union.

Marking Up Prices Doesn't Make Cars Better

If you choose your new car from among all the well-known medium-priced cars, carefully, you will choose the Chandler. You will choose the Chandler because, at \$1595, it offers so much more value than any other car priced at less than \$2000. And we feel sure you will choose carefully.

You are not going to be fooled by a lot of "clever" price arguments.

If you know the history of motor cars the past few years you know that the Chandler has always sold at a low price. You know there has never been an inflated Chandler price. And you know that the Chandler price is the right price.

The Chandler price has never been fixed on a basis of what we thought we could "get" for it. Chandler price has always been established at the lowest possible figure based on cost of production and a fair profit.

This year we refrained from advancing the Chandler price many months after some other manufacturers had added on two or three hundred dollars. Marking up the prices didn't make them better cars. It merely made them higher-priced.

If you will choose carefully from among well-known medium-priced cars you will choose the Chandler—for what it is and what it does.

**Pastor of Cincinnati Church Re-acting Well After Being Taken to Woods and Whipped For His Opinions**

Cincinnati, O., Oct. 29.—Herbert S. Bigelow, pacifist, socialist, head of the People's church of Cincinnati, and a member of the Peoples Council, who was horse-whipped near Florence, Ky., last night by a band of men, tonight was taken to the hospital after being severely whipped. Bigelow's physical condition was serious. Bigelow's physical condition was serious. Bigelow's physical condition was serious.

A man's voice calling through the telephone at Bigelow's home, today said the speaker was one of those who were in the kidnapping party, and that the negotiations of loyalty made by Mr. Bigelow today are accepted at their face value, and that Mr. Bigelow is free to remain in this vicinity subject to his remaining loyalty to the United States.

Investigation of the seizure of Bigelow are under way, and friends of the pastor and people's church say they will be prosecuted with vigor and dispatch until the guilty persons are apprehended and dealt with according to the law.

**MOTOR CAR TAKES SHOWER BATH TO FRENCH CHILDREN**

The Red Cross authorizes the following:  
 A traveling dispensary with a shower bath mounted on an automobile has been sent by the American Red Cross into the ruined region of France abandoned by the Germans last April. The outfit carries medical aid and old-fashioned soap and water.

The construction and operation of the Red Cross traveling shower bath is thus described:  
 On one side of the automobile is a seat large enough to accommodate a nurse and sick child. Over their heads is a rack for medicines and instruments, bags, and apparatus for track for gauze and bandages. On the floor is the shower bath, apparatus of joints, wood, and rubber, and a supply of fresh cold water and the bath ends with an unexpected dipper.

Warm water is poured into a wooden tub, the tub sits on the tub and while the doctor pumps water through the shower, the nurse scrubs the child with soap and water. At the finish, the rubber shower tube is suddenly shifted into a bucket of fresh cold water and the bath ends with an unexpected dipper.

**What The League Has Done**

(Written for The News)

For the enlightenment of those who have asked what the Chester Detachment, No. 1 National League for the Boys, has done since its organization in June, a brief summary is given. This detachment was organized under the auspices of the Mary Adair Chapter, U. S. A. R. The officers and more than 100 members are from this chapter. The detachment is limited to thirty members.

The League has had no fun from which to draw, but has given three happy entertainments, with about 1000 people. All of the funds have been contributed by the members.

July 3, made and shipped nine boxes to the soldiers. July 7, sent 100 boxes of supplies to a train of New York State soldiers who passed through on route to Staatsburg. Oct. 1, gave boxes of lunch to the soldiers who left Chester County for Camp Jackson.

Oct. 15, sent thirty packages of new and clean clothing to the French wounded Emergency Fund, New York.

Sept. 13, sent box of books to Community Club House, Columbia, for the soldiers.

Sept. 29, sent five dollars to the state Tobacco Fund, to buy tobacco for the soldiers over there.

Oct. 20, sent ten dollars to the Community Club House, in Columbia, S. C.

Oct. 21, sent ten dollars to Miss Anne Morgan, Treasurer, New York City, to help with the comfort kits for the boys Christmas presents.

In conclusion the League wishes to thank the Chester papers for publishing all notices and notices, with out which the League could not have accomplished the work it has.

Thanks are also extended to the following: those in charge of the Commercial Club rooms and the Presbyterian Sunday School building, for the use of the same for entertainments; Glary's Furniture Company for the free use of chairs, and the merchants for packing and shipping boxes of clothing. All of these kindnesses have helped the cause to carry on its work.

**LIVER DIDN'T ACT DIGESTION WAS BAD**

Says 65 Year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Days of Black-Draught

Mendenhall, Ky.—Mrs. Corah Bluntholm, of this town, says, at my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of the. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset my appetite was none of my every day. I decided I would give Black-Draught a thorough trial as I had heard it highly recommended. It was a trouble. I kept taking it, it for better after a few days. My appetite improved and I became stronger. My bowels acted naturally and the liver trouble is all over.

**STUCK OFFICER, GETS FIVE YEARS**  
 Montgomery, Oct. 29.—(By D. L. South, member of Congress, U. S. Sen. Old Industry, Alabama National Imprisonment, by a court-martial here today on charges of having struck Hugh Cowan, an officer in the United States Army, here today, for striking him while he was taking place in Birmingham. The man arrested were taken to the department offices and subjected to lengthy questioning. Special Agent Harris said their names would not be revealed at least at present, nor would he intimate the results of his investigation. The sailors keeper according to the police, had been heard to say recently "we are going to get the elevators apart." Police assert that he told them he is a Russian Pole but that he is a native of Germany who has taken up naturalization papers in the United States. All men who were in the fire zone last night are believed to have been accounted for except Eugene Gregory, chief naval painter on a British steamer, which was lying at the pier, and Michael J. Hand, a tally clerk. Several stevedores still missing are believed to have been saved.

The Baltimore & Ohio's loss was estimated tonight by Vice President Thompson at \$1,000,000 covered by four-and-a-half million dollars and more were destroyed and these Mr. Thompson said would be reconstructed at once. Loss of three-and-a-half million dollars, 7,000 cases of imported liquor, 100,000 cases of cigars, 50,000 cases of tobacco and 7,000,000 boxes of wood pulp.

C. E. Monroe, of the bureau of mines, Washington, came here today to investigate reports that bombs fitted in the explosions at the fire.

A 3,000-gallon tank which hung over the harbor was hoisted by the groups for traffic. A steamer from Philadelphia rammed the stern of the British steamer, which was after, but neither ship was much damaged by the impact.
