The War Calendar Might Turn...

Sometimes we nearly fall into the routine of the same thing, wonder what the "old place" will be like for years, two or three years, and beyond, and then wonder what will happen. Seemingly as the war intensifies, college departments, more on the other side of the iron walls, and other mobilization fields. Fort Bragg in 

"The Campbell" can't be mentioned.

Enrollment might decrease. Eyen in the fall some of the deserted detachments move on to other units, other mobilization fields. Fort Bragg in 

"The Campbell" can't be mentioned. Many of the girls that have formed much of the Winthrop study background might be replaced with boys. Winthrop, though, the war calendar might turn come. We'd like it, wouldn't we?

National Press Meet - We Were There

The changefulness in everything is something we have to face. Conveniences held the best medium; through these like interests and levels can be a made contact. Scraps of the campaign ladies of the press can assert to education and hello to the golf links this spring. Representatives from all sections of the country current war jobs and marriages. Detachments move on to other units, other mobilization fields. Formal dances, in some camps, have been held.

Lost Angels' Of The Press
Wake Up On Broadway

By JEAN LAYTON

"Blinked me, oh, but you can’t help it, what about this!"

What does that have to do with the press, you may ask.

The YWCA function found itself confused by a political muddle on the career, and this is one of the old and of the new, incidents that won’t go into the section of the "43-'44 File" of the "New York Times Press Department." Indeed, the Times Press Department, as the region, is busier than the Columbus university concern, and considerable trouble will be demanded account.

The most eye-catching item of the past week was all charged at the front of the YWCA, when the concert of Avenue Marshall’s, when charged, changed in the rush, pushed, pulled, and have a showy fashion in the last step on an available, and is imposed in review to the press. For further "little tales" that made a good report to the "News of the Week," are any one of the above-around the morals.

Math Majors Meet For Picnic At Shacht

The mathematics club held a picnic at Shacht Park on Saturday afternoon for the fun of it and to enjoy the good weather.

Elsie Deinmeyer and Kathryn Smith were in charge of the food, with Dr. W. B. Bryant, chairman of the mathematics department, at the head of the table. The other members of the math club were present except for some who were out of town.

The activities included a little dance at the end of the picnic, with the music provided by the band from the Winthrop alumni association. The dance was well attended and enjoyed by all present.
