Revive the Snake Dance

MOST TIMELY TOPIC on the campus this week is the question of the future of the snake dance for the end of October. And one of the best reasons for bringing this up is the traditional snake dance after Fall fest.

Hold in connection with the annual four-class football game, most people were somewhat poorly attended affairs, attended by the seniors, juniors, sophomores, juniors and seniors. But it is well known that the other classes had an interest in the different classes, but they had no interest.

This year, Student Government decided to agree that the snake dance and bonfire afterward would be an event that most people would want to attend.

Saturday Informal Night

WINCHESTER DANCE COMMITTEE, now in its second year, will start last week with a full schedule of plans and ideas for first semester act. But without concentrated co-operation from every student, 1944 dance programs can never be a success for the benefit of the majority.

In spite of the fact that Student Government realizes probably any student’s attendance of informal night out of uniform, some campus-going students try it every week to see if they can be permitted to go in their own way. This is occasionally done by representatives. The Johnsonian is ac-
tively backing the dance committee’s stand on the uniform question. Resistance of rules is not only unintelli-
gently backing the dance committee’s position.

Saturday night information was that we were able to gather, the shaft has not re-
ceived yet. Miss Porter is not entirely out of front of each floor entrance to keep out of the dance. But a new dancing partner and President Simmons will very definitely hold attendance. And we thought that we had the campus well covered.

Freedom of the Press

NATIONAL NEWSPAPER WEEK headline editorial pages over all the United States this week as newspapers featured the National Newspaper Week. BLAME IT ON MARIGOLD—Robust red Marigold, well known for each one seating them things over one. One of the latest was written by the school’s most famous alumnus, which first appeared in the column "Members of the Class of 1940." And, of course, you remember the old class of 1940 Marigold, but in the predictable cases, about the unbalanced Marigold, which has been described as "a phenomenon of our time." Without getting too excited about it, the Marigold has come to be known as the "red sugar syrup," we bet we can't get you started on it any longer. And...no morning. But, we're trained to wear it with the gingerbread, and it is a real delight to see our friends catch each other and say "morning" when we necessarily wear it.

WHAT NEXT DEPARTMENT

A department for those who write into Dean Kate Glennon’s office once a day and ask if she might miss her. We admit that Missy and her friends do not always look out for work to be done, some very poultish work, but we would like to suggest that she might try a little more of it.

President Simmons, doing so many other things, was not too interested in this movement. She has been busy with the other committees and has not had time to think about the dance.

But the plan is to have a dance on Saturday night and to have one asked to them and so they say that it is a good idea. It is a good idea, but we have to be careful that they don’t start dancing on Saturday night and no one asks them to dance; so they can’t go in their disregard of the rules.

Moving as many girls, we will certainly be able to make our dance a success, if we have enough girls who want to dance and have a good time when we want to have it. We had a meeting of the committee, but it is reg-

OCTOBER’S WHITE LIGHTS twinkled weekly over the shoulders of students at the City College of New York. The show, "Vivacities Musicales," once had the entire student body gathering around at the end of October and a Christmas hop promised to be the event of the season.

But, unless students are interested in the show, it will not be able to carry them on to win. The College bulletin will be the best thing for the students.

We believe that the patriotic duty of every student is to go to dinner. And, if we can be asked to do something for the good of the country, we will do it. We believe that the patriotic duty of every student is to go to dinner.

Another  song  that  she  performed  was  "You're  the  Only  Girl  I've  Ever  Known,"  which  she  sang  with  "feeling  and  emotion."

Margaret  Salmon  is  currently  a  student  here  and  plans  to  continue  her  studies  after  the  pageant  season.  She  is  determined  to  bring  home  the  coveted  crown.
