Description of series and its contents:

This series consists of the official minutes and related records, such as reports, recommendations and memoranda of the committees which were established by the Academic Council as directed by the by-laws of 1957. The tenure committee generally is responsible for considering any needed revisions of the tenure regulations of the colleges; the teacher education committee for making a continuing study of college courses and degree requirements. (See college by-laws for a more detailed explication), the curriculum committee records contained in this inventory are a continuation of the curriculum committee that was an independent faculty committee prior to the 1957 by-laws. (See the inventory for faculty committees). The curriculum and teacher education committees are no longer in existence. The records are arranged by committee, and thereunder, they are in chronological order.
