THANKFUL

I have often been thankful that they will soon be over, and that Christmas will be here. But while giving thanks for the things that are, I have also been thankful that they will be over and that Christmas will be here. M. M.

To THE GOLD TEAM!

Thanksgiving Day means a day for giving thanks. You have put up splendid lights and decorations throughout the hockey season, and the next time we have a黄金 medalist, all the members of the Gold team will be present. We wish you a very happy Christmas, and may the best possible fortune be with you. D. E.

The Philosophy of Humor

So many of the people in the world seem to be unhappy or grumpy. It is true that they are often in the habit of being happy or friendly. But many people think of it as a kind of habit, and there is no reason why they should not be happy or friendly.

There is a saying that "the best of all worlds is a happy one." But, although we forget to give thanks for the things that are, we should remember to give thanks for the things that will be. It is these things that make life worth living. H. L.
