In the latter part of 1945, a rule was passed regarding smoking habits in the dormitories and in certain other places in Rock Hill. Those students who smoke are grateful to be able to do this. However, this rule is not always followed, and the number of the student body that often breaks it is quite large. We include smoking in town and in the par- lors in this category. We, as a body of over 1350, stand in the decisive majority against smoking in the dormitories. We are in uniform, it is difficult for Winthrop to control. However, the student body does not involve the 1000 or so, of which Winthrop gets a very small number of Winthrop students in general.

Those students who smoke would like to be reminded that since they have parental permission, it is not to their advantage to smoke. If Winthrop girls smoke, in other places in Rock Hill besides dormitory rooms. It has been brought to light also that many students feel that it is difficult to be a member of the dormitory, and at home, they should be permitted to continue smoking in Rock Hill.

The last uniform poll was conducted last May with only a small margin over those against them. The question was raised in all seriousness be considered and acted upon immediately.

The appearance last week of Governor-elect Thurmond when he asked him: "I was bored to tears." - Vyvian Gluck, on returning from Charlotte—hope: and to an old maid—charity. Winthrop girls arc not allowed to smoke away from home in the University, deserves just praise for their consideration and not up at this point being married? - Mr. Thurmond when he asked him:"It’s up to the girls with dates to see that their smokers have not.”

The gym is not fireproof and exits are inadequate in the hall. We should be made aware of this at all activities. Why? We do not want to see any cases end up in the hospital. We should be made aware of this at all activities. Why? We do not want to see any cases end up in the hospital.

It is not by any means a short jaunt downtown. It is not to our liking to cut corners. We must use common sense. We should be made aware of this at all activities. Why? We do not want to see any cases end up in the hospital. Why? We do not want to see any cases end up in the hospital.

**Hockey Tournament Slated For November 15**

**Pep Meet Plans Are Underway**

Thursday, November 14, will be the annual Pep Meet of the hockey team.

As in previous years, the night always has been a real class meet in the annals of the hockey team, and this year will be no exception. The theme for this year will be "Ladies Who Lunch" with the class meet to be held the following day. Within the last few years, the hockey teams have been the nucleus of volleyball and softball. Orchids to you, Miss Mitchell.

**Recreation Roundup**

**By Jean Jones**

"Putting their sticks on an ice rink" yesterday were varsity skating skaters as the match took place on the campus. Miss Fair, Clement-Castellanos, and Miss Poulter were among those present. All tickets for the event were sold by members of the class council.

**SHADES OF ELEPHANTS**

Pep council work is getting pretty hectic around the annual class rivalries that will be presented by SG's this week. We are all looking forward to this year's pep rally, which will be held the following day. Within the last few years, the hockey teams have been the nucleus of volleyball and softball.

The schools have so many co-eds that it is hard to keep track of them all. Anyone who would like a copy of this booklet may have one if she joes the physical education offices.

"For several years it seems the emphasis has been on the social aspect of the pep rally, rather than its original purpose, that of co-educational interest." Miss Dorothy Chalmers, sponsor of the athletic association, states this.

"This year it is hoped that the hockey team will provide the entertainment with an essay in its original purpose and will keep the students interested in the game!"

**ON THE LINE OF SCrimmage**

A football joust in the girls' world has come to the campus of both Vassar and Skidmore College. The school has so many co-eds that it is hard to keep track of them all. Anyone who would like a copy of this booklet may have one if she joes the physical education offices.

**Calling the Roll**

Approximately 180 students have attended the first meetings of the Kappa and Skuller teams. The club has so many co-eds that it is hard to keep track of them all. Anyone who would like a copy of this booklet may have one if she joes the physical education offices.

**ODDS AND ENDS**

At a meeting of the skaters of the pep rally, it was decided to have a "sister-teams" game. Male skaters who are not interested in skating will send soccer teams, and those interested will attend the "sister-teams" game. Zeta Alpha, Chemistry Club, recently had "At the Fair"

Zeta Alpha, Chemistry Club, recently had an "At the Fair" event. Jane Gamble from North Carolina and Margaret Gentzhorn from Pennsylvania, both attending Winthrop, were among the attendees. The event featured a variety of activities, including games, crafts, and food. The atmosphere was lively and full of energy, with people of all ages enjoying the festivities. Many students and faculty members attended, and the event was well-received by all. The club organized this event to bring together members and to foster a sense of community among the members. The event was a success, and plans are already underway for future events. 

South's "Fairest Flowers" Frolic On "Winthrop Day"

Marjorie Harrell

Marjorie Harrell's article highlights the beauty and diversity of South's "Fairest Flowers" frolic on "Winthrop Day". Despite the whirlwind of activities and events, the "Fairest Flowers" competition was a shining beacon of elegance and beauty. The day was filled with excitement and anticipation as the judges evaluated the participants' beauty and charm. The atmosphere was festive, with music and dancing filling the air. The tradition of "Winthrop Day" is an integral part of the college's culture, and it serves as a platform for showcasing the talents and achievements of the students. The "Fairest Flowers" competition is a testament to the college's commitment to celebrating its students in a meaningful way.
