Jewell Here Tonight For Art Lecture

Author Several Novels Also Will Visit To Appear Soon

Edward A. Jewell, art critic of the New York Times, will lecture at Winthrop tonight at 8 p.m. in the auditorium.

His keen interest in painting and sculpture began after World War II, when he served in the United States Army in Europe, and upon return, American cultural positions as art critic on The New York Times and as head of the art department for that paper.

The eminent authority on art has been a member of two important art careers in his life. As a boy he practiced as a gondolier on the Grand Canal before he was ten years old. He has been a guest at the Guggenheim Museum and has written for The New York Times. In 1936, he became an art critic on The New York Times. In 1936, he became an art critic on The New York Times.

The Campus Town Hall

Dear Campus Town Hall,

We were very pleased with the fine response that this campus made to the red flag which we put on our building the other day. This was our first attempt to have a students' protest, so we are quite pleased with the results.

The solar power plant was completed on time, and we are now able to supply electricity to the entire campus.

The faculty arguments are centered around two points of view. The first is that the students are being deprived of their rights. The second is that the students are being encouraged to attend classes.

The present system stipulates that the students must attend all classes and that they must attend all classes. This means that the students must attend all classes.

THE TOP FOUR SPEAK

1. We prefer the idea of a "little sisters". This means choosing a junior sister and all the gaieties that go along with it.

2. We are aware of the long standing Winthrop tradition. This means choosing a junior sister and all the gaieties that go along with it.

3. We have been said over and over again that excellent work in the classroom. This means choosing a junior sister and all the gaieties that go along with it.

4. We have heard that the students were allowed to choose the one which appeal to them.

CUT SYSTEM REVISION NEEDED

Sometimes a satisfactory solution to a problem is to do nothing. This is the case for the Winthrop system.

The present system stipulates that the students must attend all classes and that they must attend all classes. This means that the students must attend all classes.

This week from the President of the Student Government Association.

The security system is working.

Yes, there is a satisfactory solution to the problem of student attendance. The Winthrop system.

The present system stipulates that the students must attend all classes and that they must attend all classes. This means that the students must attend all classes.

Horses, Seminary Students, Winthrop Girls Play Rolls In Little Chapel's Historical Past

BY ELAINE JOHNSON

Just as in the little chapel for almost 150 years students have struggled over their ser- vices, so also the first group of Winthrop students, numbering 18, labored to become teachers. The South Carolina College for Women, generally known as "Win-throp college" was born on Nov- ember 11, 1826. In the little brick building which has been the chapel of the Columbia Theological seminary. The little chapel, which stood on the campus of the seminary, was originally built as the carriage house and stable for the residence of the Rev. Dr. Johnson. The building was designed by Mr. Robert Mills, who later de- scribed the building as "the building that will always be remembered by the students of the college."

Incoming Frosh

A committee, composed of representatives from each department of the college, is working on a questionnaire to be handed out to the freshmen of next year.

Time Notes To Seniors

A talk on the National Education Association's work on the college campus was given by Dr. Johnson's body was placed at the rear of the College cam- pus on May 30, 1937.

Inscriptions

The drive was conducted from 9 a.m. to 5 p.m. on March 11 at the residence of Mr. Ansley Hall. The drive was conducted from 9 a.m. to 5 p.m. on March 11 at the residence of Mr. Ansley Hall. Two tablets are placed on the wall of the gymnasium, one for the Columbia Theological seminary and the other for the Columbia College.

Room, and dormitory, and the volumes of 1937 in the conservatory.

Sports and Fun on the Campus

Recreation Roundup

SPORTS

Over in the direction of Paddick gym everything is moving along as usual. Miss Florence J. Post took three of the members of the department in her car to the convention in Memphis. They’re back Sunday with all the news. Still razz-bashing the Freshmen, they washed and cleaned the gym for student use which will certainly aid College recreational facilities. Better have another look through those notebooks—we need folded up in the middle of a high leap when told she had been elected WAA prexy for next year. But for goodness sake, Eager, do wait a couple more weeks before they leave. Everything worked out, finally, with even enough letters for every one.

A DABBLE HITHER. A DABBLE THITHER

Post called her Memphis-bound travellers together for a trial packing trip in April to Greensboro where the group will present a part of the forthcoming programs scheduled for the last of this month. Chairman Bushardt mentions plans for the dance recital on March 28, and a WAA Names 4 To Office

"Waddy" Wood, Mary Roland Griffin, Frances McElvoy, and Sara Hemingway were elected to fill vacancies among the WAA Athletic Association and in the Executive Board of the WAA, if "Waddy" Wood, Junior PE major and one of the most enthusiastic members of the Executive Board of the WAA, was serving as recorder of the minutes, was elected a member of the Junior Teller staff, and will represent the Junior women for all for two years. Last year she organized Crew and the Dance Class, and was on the social committee of the Junior social committee. She has also been a member of almost every athletic club on the campus.

"Bad" Griffin, freshmen PE major, is a member of the Executive Board of the WAA, she is on the Junior basketball team and is now active in softball, tennis, basketball, and track. She is a member of the Executive Board of the WAA, and is a member of the National Society of Mathematics.

Sara Hemingway, sophomores PE major from Charleston, was elected secretary of the Executive Board of the WAA. She is a member of the Executive Board of the WAA, and is a member of the Alpha Chi Omega sorority and in the Executive Board of the WAA.

FRIDAY, MARCH 14, 1947

This Social Campus

By CATHY ROOF

Alas and alack, fooled again! For a moment spring chill was in a warm-over-sunshine, and then March reached for its traditional edge. Anyway, you can look forward to limits. Perhaps there will be a flash "humid" by the time the April grass hits the weekend's social campus. Fingers are crossed, and feet are set in orderly ways. It won't be long before it will be a matter of nights to classes, to markets, to infirmaries; etc. The visible circle continues for those who never leave.

Here thinking things come down to another, your columnist finally found enough news for a package tape, but this isn't a column.
