"Home is the hunter, home from the hill, or the sailor home from the sea." At any rate the two are connected. In fact, and after Spring holidays there will be more information on this subject. Spring brought the truly lovely weather. One likes to report bow over and over, along with the days and hours that are spent on the meadow April 1. Which brings up a hilarious thought. You don't think we're being April 1st again, do you? I'm pretty sure that April Fool's Day is a national holiday. No matter what, April 1 is. Just remember to have fun. It's a great way to break the monotony of life. It's a great time to do something different. You don't have to do anything bad, but you can. That's why I love this holiday.
