BILBOARDS

In every direction where we travel we see billboards, made up mostly by billboards, keeping as it were in the air and in the sky of advertising. The billboard is the most prominent form of advertising in large cities.

The billboard is not only an eye-catcher, but it is also a reminder to the public. It is a medium for communicating messages to the people who pass by it. The billboard is an important tool for businesses and organizations to promote their products or services.

"YOUR Pep! YOUR Pep!" "Your pep, your pep!" so goes the song, "Your pep, your pep!" said the speaker, "Your pep, your pep!" said the singer. "Your pep, your pep!" said the musician. "Your pep, your pep!" said the audience. "Your pep, your pep!" said the author. "Your pep, your pep!" said the critic. "Your pep, your pep!" said the editor. "Your pep, your pep!" said the publisher. "Your pep, your pep!" said the reader. "Your pep, your pep!" said the writer. "Your pep, your pep!" said the reader. "Your pep, your pep!" said the editor. "Your pep, your pep!" said the publisher. "Your pep, your pep!" said the author. "Your pep, your pep!" said the critic. "Your pep, your pep!" said the musician. "Your pep, your pep!" said the singer. "Your pep, your pep!" said the speaker.

Do not hallucinate.

Excelsior Pen

First everywhere

A recent questionnaire proves it!"A lifetime" pen is an unpopular item in forty-one per cent of America's leading schools—saying, "lifetime" does not extend to the end of the pen barrel. Here are the reasons:

1. Easy writing through the lifetime guarantee. Lifetime guarantee is the feature which makes the Excelsior Pen Unlike ordinary pens.

2.most popular—its standard quality; reason why it is not a "throw-away" pen.

3. Chrome nibs. They are made with a new type of metal, which makes it impossible for the nib to foul. The Excelsior Pen makes sure the nib is clean and ready to write with every stroke.

4. Economy. The Excelsior Pen does not cost 75 cents, it costs only a dollar. It costs only $1.00, because it is not a "throw-away" pen. It does not cost 75 cents, because it costs only $1.00, because it is not a "throw-away" pen.
