Our "Debts" Continues to Improve

Dr. Simpson, President Johnson's attending physician, assures us one and all that our beloved "Debts" continues to improve. At the same time he warns us not to be over-optimistic. He explains that in keeping close touch and taking the keenest interest that he has always taken in all the members of the family, that the recovery must necessarily be slow. Even from his sick bed, our President has written us his usual noble heart-speech, and our hearts search out in truth, even in the depths of our hearts there's a Winthrop College, we stand for you!

MARQUISOS TO PRESENT SHAKESPEAREAN ACTS

Musical Society meets on the stage of the Auditorium tomorrow evening, 7:30, for their final performance of the year. The program will comprise Choral numbers, including songs from "The Merry Wives of Windsor," "Hamlet," "The Merry Wives of Windsor," "Othello," and "The Tempest." The choirs will be under the direction of Mr. Brown, and the orchestra will be conducted by Mr. Smith. The cast will be composed of the members of the class of '28, and the management of the Society.

OLD MASTERS ARE GUESTS OF HONOR AT

In the history of this college, there have been few events more impressive than the visit of the Old Masters, who were guests of honor at the College on Tuesday evening. The Old Masters were received with a loud cheer, and the program was opened with a speech by the President, in which he reviewed the history of the college and expressed the hope that it would continue to be a center of learning and culture. The Old Masters were then presented with a scroll, containing a message of congratulations from the college, and were received with a loud cheer. The program was then opened with a speech by the President, in which he reviewed the history of the college and expressed the hope that it would continue to be a center of learning and culture. The Old Masters were then presented with a scroll, containing a message of congratulations from the college, and were received with a loud cheer. The program was then opened with a speech by the President, in which he reviewed the history of the college and expressed the hope that it would continue to be a center of learning and culture.

HAIL TO OUR COLORS TRUE

The students of the College gathered in the auditorium yesterday afternoon to sing the Alma Mater. The air was filled with the sweet melody of the song, and the scene was one of great enthusiasm. The President then addressed the students, and after a short colloquy on the meaning of the song, he led them in the performance of the Alma Mater. The students responded with a loud cheer, and the meeting concluded with the singing of the "Hail to our colors true."
