WINNIEPHER GILLS WILL GO ON OPEN TOURNEY

Miss Scudder and Miss Crandon Prepare for an

SOUTH CAROLINA UNION PREPARES FOR ITS WORK

The college tennis tournament is being held in Fountain Hall next month, and the girls have already begun to prepare for it. The officers are divided into two teams, with each team consisting of four members. The officers chosen are: Miss Eliza Anderson, president; Miss Alice Smith, vice-president; Miss Mary Brown, secretary; and Miss Roberta Jones, treasurer. Miss Dargan will be able to obtain valuable material and information on the subject from the book that is being prepared for her. She is well qualified for her position as president of the Student Government. (Miss Dargan recently has become a member of the International Federation of Alpha Sigma Phi.)

WINNER OF THE TENNIS TOURNAMENT

The officers of the winning team are: Miss Eliza Anderson, president; Miss Alice Smith, vice-president; Miss Mary Brown, secretary; and Miss Roberta Jones, treasurer. Miss Dargan will be able to obtain valuable material and information on the subject from the book that is being prepared for her. She is well qualified for her position as president of the Student Government. (Miss Dargan recently has become a member of the International Federation of Alpha Sigma Phi.)

A HAPPY SUMMER

The months have rolled by rapider than we expect, and with the close of a college year. The year has not been without its trials and errors, but always we find ourselves flying in the background of our happier hours, the same as others have long been the great love of all. Yet we have accomplished many things, and we are ready to turn over to the summer school, for the time being, those who have finished with their work, and those who are anxious to have a change of scene and rest. The young people are returning to the full. We will miss our Seniors, but they have had great fun in their hearts. But others will be coming—those to whom everything will seem strange and new. And so we open our arms to fellowship and good will, welcoming them all, and hoping for the best, which will be theirs for the next four years.

LAYING THE CORNERSTONE

The day, May 12, 1911, was not just another afternoon in the early spring of an interesting year. It was a day of great importance to all parts of the State, for it marked the laying of the cornerstone of the Institutes of the University of the State of South Carolina. The day was chosen because it was the birthday of the great statesman, a statesman who had started the University of South Carolina and who had been its first president.

At 10 A.M. the train bearing the 350 students and faculty of the University of South Carolina arrived at the Rock Hill station. Shortly after 10 a.m., a procession led by the Mill City Band marched up South Main Street. The students and faculty were welcomed into the city by the mayor, Dr. Nathan C. Kunkle, who introduced the students and faculty to the Rock Hill community. The students and faculty were then taken to the Rock Hill plant, where they were greeted by the president of the Rock Hill plant, Mr. Fred A. Bond.

The cornerstone was laid at the Rock Hill plant, and the students and faculty were given a tour of the plant. They were shown the various departments of the plant, and they were given an opportunity to see the various machines and equipment in use.

At 12:30 P.M., the students and faculty were taken to the Rock Hill plant, where they were given a tour of the plant. They were shown the various departments of the plant, and they were given an opportunity to see the various machines and equipment in use.

RESOLVING DEAUVILLE SANDALS

The introduction of the Deauville type of slipper into women's casual wear, brings the problem of the most satisfactory method of keeping this type of footwear fashionable.

There are Deauville Sensation sandals, which are unapproachable by the usual machine methods; and now you can order these slippers to look like new by the FNOSK-SHEE ROLE-REPAIRING PROCESS.

We guarantee to replace, free of charge, any parts required in this service if the slippers have been properly taken care of.
