GOOD-BYE AND GOOD LUCK!

After three long years of labor and more or less shared household concern, the students of Winthrop are about to graduate. The responsibility, the burden, the success or the failure of the past three years have all been on their shoulders. In some cases the whole world has been a part of the whole situation. The experience has been of the highest order for them. It has been a success for the students, a success for the college, a success for Winthopeians, for whom they will greatly miss, there are but a few days left, The last opportunity to say good-bye and good luck! May all go on to have good health, and a burning desire for something new and different.
