The time has come, the walrus said,
To talk of many things:
Of shoes and ships, of sailing ships—
Of crowds and kings—of why the sea is blue—
Of class and King—of the frigate Bell's—
And whether pigs have any feet.

The state department has courtesies which are such a pleasant feature of the world. Let me not dim for one the brightness of their work. Let me be kind to them: the dull who are serious.

The month of January, the month of beauty. It is really astonishing how many people go to the library to check out books.

The college tennis champions, Mary Brown and Margaret Smith, are seen almost every afternoon. After two hours of hard work, there has been an improvement in their technique—and now they play.

When a college boy pays 15 cents for a college tennis tournament, he quickly lined the couple up, and told them to do it. He said they couldn’t do it. They talked of punts and passes, and then he tried another. Then he tried another.

When you can make mistakes and pay for them, you will have learned. You will have learned Just how to make mistakes, and pay for them. And only catch the air.

THE SPORT SPY

When you have learned to see another man, you have learned to see the world. To lead Immortal minds in ways of life is a difficult task. The trying, restless ones; the weak-hearted.

When you see a true beauty in the world, you see it for the first time. When you see a true beauty in the world, you see it for the first time. When you see a true beauty in the world, you see it for the first time. When you see a true beauty in the world, you see it for the first time.
