CURTAIN CALLS

Winthrop College has been delightful in accepting the invitation to contribute to the Bulletin's activities plan. The faculty and students have been enthusiastic in their support of this project. It is our hope that we may continue this practice in the future.

SPRING HOLIDAYS

"Winter comes, spring spring," and all of us know the rhythm of nature. It is a time when we are reminded of the coming of life and death. It is a time when we are reminded of the passing of time and the temporary nature of existence. It is a time when we are reminded of the importance of living in the present moment and the need for self-reflection.

The passage through the seasons is a reminder of the cyclical nature of life and the importance of taking time to reflect on our lives. It is a time when we are reminded of the importance of appreciating the beauty of the natural world. It is a time when we are reminded of the importance of living in the present moment and the need for self-reflection.

Keeping Up With the World

An athlete of a new type, devoted to sport, is Mr. Mangus, who personally handled all the Golden Gate events on long, broad, jumping, and still races, and at the end of the regular season was declared the finest track star ever produced in our city. His running form is perfect.

Reports are being circulated in Racine society that Mr. Mangus has been invited to be the guest of honor at the annual Racine track meet. He plans to tour the east early in May to advertise the class of 1932.

At the first daily meeting of the new season, Mr. Mangus met Mr. Starsky of the second city in a javelin throw and in a marathon run. The final score of the meeting was fifty-one points in favor of Mr. Mangus. The following day he defeated Mr. Starsky in a boxing match.

Mr. Mangus is expected at the annual meeting of the Golden Gate Athletic Club this week.
