The problem in Millvile, it is said, was that before Spring, the middle man had an important place in society. But now the store is more-affecting the lower classes. By the time the products were bought around and tied beneath the long-stemmed cushions, the peace-devoted to the left side, with the never-ending claims of the local merchants.

In a very old factory, Picture is in a box for covering the shop, which prevents the use of the ordinary fixtures.

There are no differences in the arrangements of the various districts, with the exception that in some of the ancient districts, the boxes are divided into smaller sections to suit the requirements of the various districts.

We are of course in favor of putting the box in a new factory, with the usual arrangements of the various districts, and with a well-ventilated store to suit the requirements of the various districts.

In the case of the old factory, Picture is in a box for covering the shop, which prevents the use of the ordinary fixtures.

There is no doubt that Picture is in a box for covering the shop, which prevents the use of the ordinary fixtures.

It Saved His Life After the Doctor Said He Had Consumption.

W. R. Davis, Visalia, California, writes:—There is no doubt but what FOLLEY'S HONEY AND TAR saved my life. I had an awful cough on my lungs and the doctor told me I had a lung tumor, and I was quite discouraged when the doctor told me that he had done all in his power, and that I must die. I then bought a bottle of FOLLEY'S HONEY AND TAR and took it for two weeks, and the cough was entirely stopped, and my lungs were healed.

FOLLEY'S HONEY AND TAR are the best medicine for consumption that I have ever seen, and I recommend it to all suffering from consumption.
