THE RATTLER

# THE RATTLER

SECOND  
ANNUAL EDITION

1952

Emmett Scott High School  
Rock Hill, South Carolina

## FOREWORD

**D**uring the course of the last twelve years, we have seen the classes before us leave for brighter and more distant horizons. They had only the memories of things shared to hold them dear to us.

Last year, the senior class gave us the first tangible thing that could bind them to their school and their schoolmates in years to come. They gave us our first annual.

We, the seniors of '52, endeavor to give the second annual to you. We are not trying to excel the foregoing class in their effort in the publication of our annual; we are only trying to equal it. We hope that ours will mean to us and our schoolmates what theirs meant to them and their schoolmates.

So we ask you to read it, and we hope you will get a fairly complete picture of our school, faculty, students and organizations as they function with each other.

## DEDICATION

**T**o our parents, whose love has been a never-failing light along the way, whose faith has held us steadfast when doubts assailed, and whose sacrifices constantly challenged us to follow noble paths of service to humanity, we dedicate the "1952 Rattler".

## THE ALMA MATER

Dear Emmett Scott  
To thee we raise our song.  
Our voices sing thy praise,  
The echoes we prolong.  
The Gold, The Blue,  
We with glory sing,  
Ever we sing thy praise  
O'er hills and plains.

Dear Emmett Scott  
To thee lead us we pray.  
Open our eyes that we  
Might see the dawn of day.  
The Gold, The Blue,  
We with glory cry,  
Ever we sing thy praise  
Dear Old Scott High.

# CLASS HISTORY

The Graduating Class of Nineteen Hundred and Fifty-two has not been an idle one by any means. Besides absorbing studies, we have been an alert group of pupils serving willingly and happily in school and community activities.

At the beginning of the school year of 1948 the total enrollment of the freshman class was approximately 150. We were eager to learn and apply ourselves to the task of gaining the educational experiences to which we were exposed. We had a very successful year under the capable leadership of Moses Rab, Jr., Williene Barber, Elaine Lowery, Beatrice Hefney, and Kathleen Lynn, who served as President, Vice-President, Secretary, Assistant Secretary, and Treasurer, respectively.

In 1949 we became Sophmores with a feeling of superiority. New members came to replace the ones who had left us for various reasons. The total enrollment this year was 104. Our class presented a one act play entitled "Wilbur Faces Life". This year, Mary Hawk served as an attendant of Miss Homecoming. During the first two years Williene Barber and Moses Rabb, Jr. served on the Scott-Ite Staff.

In 1950 the total enrollment of the junior class was sixty pupils. This year played an important part in our life, especially when we presented a three-act mystery play entitled "The Skelton Walks". As the time approached for our Junior-Senior Prom everyone was thrilled. We had an extraordinary affair with an entertainment never to be forgotten.

During this same year an assembly program was presented in which the entire class took part in choral speaking. In our homecoming ceremonies Dorothy Stinson and Larlee Stewart served as attendants to Miss Homecoming.

We, the class of 1952 with an enrollment of forty-five pupils, are the most sophisticated and dignified class. This year found the class participating in even more activities than those of any previous year. Our class was elated to have Mozelle Craig, Miss Homecoming and Teretha Page as one of her attendants. Our football and basketball teams were well represented from the senior class. The football team included the following members: John H. Johnson, captain; James Dunlap, co-captain; Theodore Page and Moses Rabb, Jr. The basketball teams have eight girls and five boys from the senior class.

Three members of our class, Fred McCullough, major; Moses Rabb and Clifton Ivey, served as members of the traffic squad.

We were fortunate to have Walter Chisholm, who had been away in the armed services, return to spend his last year in our school.

In the election of Miss Emmett Scott, Dorothy Stinson was chosen by an overwhelming majority to be our representative in the 1951 Christmas Parade.

Our class is also honored with Lugenia Rowells, president of the State Health Association. Lugenia Rowells along with Larlee Stewart and a member of the Junior class headed the Christmas Seal Sale in our school.

During our four years in high school we had our share of class members on the band as majorettes, flag bearers, and musicians.

Now we are about to graduate. We were happy to serve in all capacities in which we found opportunities. Our stay was a pleasant one and we hope that it will be a challenge to those who might find it profitable to follow in our footsteps.

## CLASS PROPHECY

As we gaze into the future reflected by our "Crystal-Vision" set, we see stretched out before us these worn out seniors of ten years ago. The High School Graduation Class of 1952 had wondered off into many fields.

Martha Barnes and Susie Foster are doing outstanding work as nurses at John Hopkins Hospital, Baltimore, Maryland. In the field of cosmetology, Larlee Stewart is supervisor of one of the leading Beauty Schools in Boston, Massachusetts. Teretha Page is doing a highly accomplished job assisting Miss Stewart. Look! We see Kathleen Lynn doing an excellent job as secretary at Howard University, Washington, District of Columbia. We are thrilled because there are Virginia Knighton and Elaine Lowery, secretaries in the White House. As we gaze further into our set, we can't believe our eyes when we see that Mozell Craig, Mary L. Adams, and Daisy Allen have recently opened one of the most modern beauty schools in Plainfield, New Jersey. Our very ambitious classmate, Clifton B. Ivey, is the founder of the Ivey Music School in Newark, New Jersey. He is helping many talented boys and girls in the field of music. Majorie Davis is working as an instructor in voice training with him. Ah, look! There is John W. Allen working as a cabinet maker in the great Stein Factory in New York City. Marion Russell is doing a commendable job as switch board operator in St. Louis, Missouri. Now our set reflects Mildred Cherry, Georgia Thompson, and Pauline Jordan managing a recently constructed hospital in New Orleans, Louisiana. The scene changes to Kings County Hospital, Brooklyn, New York, where we see Lugenia Rowells, head nurse, and Lula Moffett, her assistant, standing at the operating table helping to perform an operation. Ollie V. Coleman and Helen Mackey are teaching in the Public School System of Buffalo, New York. In a high school recently built in Chicago, Illinois, we see Fred G. McCrowey is working as a manual training instructor. As we look closer, John H. Johnson is seen working as a radio technician in the same city. Look! We see Williene Barber, Beatrice Hefney, and Leonard Moore operating the largest business school in St. Louis, Missouri. In New Orleans, Louisiana, Mary E. Truehart is doing an excellent job as an English instructor at Dillard University. As the scene continues the camera has caught Alice McClurkin and Margaret Robinson doing outstanding work as stenographers in Topeka, Kansas. Margaret Ivey is also working with them. James Dunlap and Barber Knightner have recently started a tour in the United States as musicians. They are now in Los Angeles, California. As we gaze on the screen, we see Ernestine Witherspoon and Janie Mackey doing a tremendous job teaching mathematics at Livingston College, Salisbury, North Carolina. Gazing further into our "Crystal Vision" set our eyes are focused upon Betty Mason making herself very useful in the Home Economics Department at Second Ward High School, Charlotte, North Carolina. Dorothy Stinson and Sadie Walker are home economics teachers at South Carolina State College, Orangeburg, South Carolina. During the past few years Moses Rabb, Jr., and James Skieff have been keeping the business straight around Rock Hill's busy corners as traffic officers, especially on Main and Hampton Streets. Since Fred McCullough is a policeman, the boys don't get into quite as much misdemeanor because Fred keeps a sharp eye on them. Our principal Mr. McGirt doesn't have to worry about the office since Mary E. Hawk is serving as his secretary at Dear Ole Scott High.

Now we must turn off our "Crystal Vision" set. We were proud to make this visit and see all of our classmates making a wonderful record.

## CLASS POEM

The way which is steep and long leads  
To the great success the climber needs  
So as we journey on our way  
We cherish the wisdom gained today

From wisdom's path we will not swerve  
For all the rules we observe  
Though the way is hard and long  
We are young, ambitious and strong

Sometimes we are weary from our toil  
Yet fame is no plant that grows on mortal soil  
They never lose who struggle on  
In some great cause 'til strength is gone

With truth and ambition guiding our feet  
We shall make our lives complete  
When the battle at last is won  
Someone we'll help who has just begun

--Robert Davis

## CLASS SONG

Tune: "Londonderry Air"

Our time has passed, and we are leaving you--  
With tearful eyes, and sorrow in our hearts.  
We've traveled far, and yet we are not through,  
But we are sure, that we have done our part.

CHORUS

Our eyes are now upon the goal we've set, --  
A vision clear as in the light of day,  
And so we climb to heights unconquered yet,  
The time has come, and we must not delay.

So teachers dear, you've done your very best--  
We thank you for, your ever guiding light,  
And now we know, that we must do the rest,  
To keep away, the shadows of the night.

--Majorie Davis
