It is only by criticising and "blaming" that we ever get to be "materially" better. What a lot we owe to a little bad behaviour."

There are always two sides to a question, and the right exaltation of every man is the death of the individual as well as the State. The way to keep our friends is by letting them hear too much.

The general rule is that the more we are in the habit of thinking, the more we are in the way of seeing. This is so clearly true that no one will deny it.

The supreme problem of the moment is to do something about the suppression of the process known as "thinking".

To do this we must do something about the suppression of the process known as "thinking".

The following pathetic quote from one of the "thinkers" is indicative of the attitude of the individual as well as the State.

STOMACH TROUBLE

FOR FIVE YEARS

Majesty of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pennsylvania, July 14—Hoping to obtain an interview with some member of the Chester County Board of Commissioners in order to obtain information regarding the failure of the election last Saturday, Mr. Hughes, the owner of the Black-Dough, and our correspondent, was yesterday detained by two Klansmen on the way to the courthouse.

They attempted to break into the office and make away with the papers, but were prevented by the officer of the law who was on duty.

The papers were not damaged, but the two men were arrested and are now in jail.
